The Philosophy of Henry James, Sr Frederic H. Young,1962      **The Philosophy of Henry James, Sr** Frederic Harold Young,1951      *Philosophy of Henry James, Sr.* Frederic Harold Young,2015-06-02 Excerpt from Philosophy of Henry James Sr In writing this book as the first treatment of the senior James s philosophy in its entirety I was guided by two purposes first to give quotations of all the key passages from James s writings which are extremely inaccessible to general readers in order to allow James to speak for himself as much as possible secondly to render a systematic exposition of the entire range of the sources and products of his thought As to the first the reader may be certain that he will become acquainted here with every passage of prime importance in James s works As to the second the reader will find in the accompanying exposition a presentation of James s philosophy which in its wholeness constitutes a remarkably unified system but this system in his thought as a whole had to be discovered and articulated as such by the present writer The task of exhibiting James s system as an interrelated totality was complicated by the fact that the literary unit of James s expression of his thought is not the sentence nor the book length but rather the essay or letter as one who consults the full titles of his works will readily discover moreover there are no indexes in any of his books James s philosophic vision is one of imposing vitality and possesses a kind of architectural grandeur This vision is garmented in the sinewy yet graceful English of a prose master It is hoped that James Sr long eclipsed in fame by his sons William and Henry may come now into his own as a recognized brilliant thinker and author in the epic of American thought and literature About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      The Philosophy of Henry James, Sr Harold Atkins Larrabee,1952      The Philosophy of Henry James, Sr., by Frederic Harold Young... [A Dissertation.]. Frederic Harold Young,      Henry James, Senior: a Selection of His Writings Henry James,1974

**A Comparison of the Philosophies of Henry James, Sr. and William James** Seymour Freedman,1965      **The Philosophy of Henry James, Sr., by Frederic Harold Young. Submitted... for the Degree of Doctor of Philosophy Under the Joint Committee on Graduate Instruction, Columbia University** Frederic Harold Young,      *The Father* Alfred Habegger,1994 A thoroughly researched biography of Henry James Sr the father of author William philosopher Henry Jr and diarist Alice presents an in depth portrait of a complex brilliant man whose restless and driven life had a great effect on his children      **The Nature of True Virtue** James Duban,2001-06 This study details the compatibility of ideas between Jonathan Edwards and Emanuel Swedenborg that helped forge the theological socialism of Henry James Sr Duban

demonstrates how a forgotten newspaper exchange between the elder James and Unitarian minister Henry Whitney Bellows clarified the Puritan foundations of the elder James's philosophy Henry James Jr in turn transformed the phenomenalistic and Edwardsian foundations of his father's philosophy into the psychological dramas of major novels although deeming the father's political radicalism destructive of aesthetic valuation Henry James and the Father Question Andrew Taylor, 2002-02-28

The intellectual relationship between Henry James and his father who was a philosopher and theologian proved to be an influential resource for the novelist Andrew Taylor explores how James's writing responds to James Senior's epistemological thematic and narrative concerns and relocates these concerns in a more secularised and cosmopolitan cultural milieu Taylor examines the nature of both men's engagement with autobiographical strategies issues of gender reform and the language of religion He argues for a reading of Henry James that is informed by an awareness of paternal inheritance Taylor's study reveals the complex and at times antagonistic dialogue between the elder James and his peers particularly Emerson and Whitman in the vanguard of mid nineteenth century American Romanticism Through close readings of a wide range of novels and texts he demonstrates how this dialogue anticipates James's own theories of fiction and selfhood **William James** Gerald Eugene Myers, 2001-01-01 This magisterial book is the first comprehensive interpretive and critical study of one of America's foremost philosophers and psychologists Gerald Myers traces James's life and career and then uses this fresh biographical information to illuminate his writings and ideas Dictionary of Early American Philosophers John R. Shook, 2012-04-05 The Dictionary of Early American Philosophers which contains over 400 entries by nearly 300 authors provides an account of philosophical thought in the United States and Canada between 1600 and 1860 The label of philosopher has been broadly applied in this Dictionary to intellectuals who have made philosophical contributions regardless of academic career or professional title Most figures were not academic philosophers as few such positions existed then but they did work on philosophical issues and explored philosophical questions involved in such fields as pedagogy rhetoric the arts history politics economics sociology psychology medicine anthropology religion metaphysics and the natural sciences Each entry begins with biographical and career information and continues with a discussion of the subject's writings teaching and thought A cross referencing system refers the reader to other entries The concluding bibliography lists significant publications by the subject posthumous editions and collected works and further reading about the subject

**William James** Krister Dylan Knapp, 2017-03-08 In this insightful new book on the remarkable William James the American psychologist and philosopher Krister Dylan Knapp provides the first deeply historical and acutely analytical account of James's psychical research While showing that James always maintained a critical stance toward claims of paranormal phenomena like spiritualism Knapp uses new sources to argue that psychical research held a strikingly central position in James's life It was crucial to his familial and professional relationships the fashioning of his unique intellectual disposition and the shaping of his core doctrines especially the will to believe empiricism fideism and theories of the

subliminal consciousness and immortality Knapp explains how and why James found in psychical research a way to rethink the well trodden approaches to classic Euro American religious thought typified by the oppositional categories of natural vs supernatural and normal vs paranormal He demonstrates how James eschewed these choices and instead developed a tertiary synthesis of them an approach Knapp terms tertium quid the third way Situating James s psychical research in relation to the rise of experimental psychology and Protestantism s changing place in fin de si cle America Knapp asserts that the third way illustrated a much broader trend in transatlantic thought as it struggled to navigate the uncertainties and religious adventurism of the modern age

**The Bloomsbury Encyclopedia of Philosophers in America** John R. Shook,2016-02-11 For scholars working on almost any aspect of American thought The Bloomsbury Encyclopedia to Philosophers in America presents an indispensable reference work Selecting over 700 figures from the Dictionary of Early American Philosophers and the Dictionary of Modern American Philosophers this condensed edition includes key contributors to philosophical thought From 1600 to the present day entries cover psychology pedagogy sociology anthropology education theology and political science before these disciplines came to be considered distinct from philosophy Clear and accessible each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading Featuring a new preface by the editor and a comprehensive introduction The Bloomsbury Encyclopedia to Philosophers in America includes 30 new entries on twenty first century thinkers including Martha Nussbaum and Patricia Churchland With in depth overviews of Waldo Emerson Margaret Fuller Noah Porter Frederick Rauch Benjamin Franklin Thomas Paine and Thomas Jefferson this is an invaluable one stop research volume to understanding leading figures in American thought and the development of American intellectual history

Dictionary Of Modern American Philosophers John R. Shook,2005-05-15 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected It includes those intellectuals involved in the development of psychology pedagogy sociology anthropology education theology political science and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading While all the major post Civil War philosophers are present the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of certain writers This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought

**American Philosophy: An Encyclopedia** John Lachs,2008-03-31 The Encyclopedia of American Philosophy provides coverage of the major figures concepts historical periods and traditions in American philosophical thought Containing over 600 entries written by scholars who are experts in

the field this Encyclopedia is the first of its kind It is a scholarly reference work that is accessible to the ordinary reader by explaining complex ideas in simple terms and providing ample cross references to facilitate further study The Encyclopedia of American Philosophy contains a thorough analytical index and will serve as a standard comprehensive reference work for universities and colleges Topics covered include Great philosophers Emerson Dewey James Royce Peirce Santayana Subjects Pragmatism Progress the Future Knowledge Democracy Growth Truth Influences on American Philosophy Hegel Aristotle Plato British Enlightenment Reformation Self Assessments Joe Margolis Donald Davidson Susan Haack Peter Hare John McDermott Stanley Cavell Ethics Value Pleasure Happiness Duty Judgment Growth Political Philosophy Declaration of Independence Democracy Freedom Liberalism Community Identity     The philosophy of William James Walter Robert Corti,1976-07-01 This book contains the papers of the Fourth Seminar in American Philosophy that was held in Winterthur Switzerland September 3 7 1973 The subject of the seminar was the Philosophy of William James which can be described as pragmatism James himself understood by it a new name for old ways of thinking and put life practice and action in the centre of his thinking not the thinking itself as he regarded it as a new achievement in the development of mankind     **Henry James and Modern Moral Life** Robert B. Pippin,2001-07-19 This book argues that Henry James reveals in his fiction a sophisticated theory of moral understanding     *A History of American Philosophy* Herbert Wallace Schneider,1946-01-01 The present work treats of several aspects of American philosophy in their historical perspective The author has interpreted philosophically the revolutionary changes that recent years have brought in the domain of education church politics natural sciences etc The reader will find herein that American Philosophy is the outgrowth of impacts of new life and new directions imported by waves of immigration More conspicuous are the recent intellectual imports from Cambridge Paris and Vienna The philosophical analysis that grew up in Cambridge under the leadership of Whitehead russel and Moore the sophisticated modernized versions of Catholic scholasticism from Paris and the the schools of value theory existentialism phenomenology logical positivism psychoanalysis and socialism from Vienna these are now pervasive forces in American culture The author has ventured to predict that the types of philosophical thought described in this volume are being radically revised reviewed and reconstructed because of these new importations that a decidedly new chapter in American philosophy is being written The author has tried well to expound what American history teaches or what American philosophy stands for
