Philosophy And Life:

Philosophy and Life A. C. Grayling, 2024-04-25 From the eminent philosopher and the author of *The History of Philosophy* an answer to the big question how should I live my life How should I live my life What values shall I live by What sort of person should I be What shall I aim for In this summation of a lifetime thinking and writing about these great questions A C Grayling explores with clarity and depth the ideas that each of us must use in answering them for ourselves Drawing on the lives experiences and works of a fantastically eclectic range of thinkers taking in not only philosophers such as Confucius Seneca and Nietzsche but also authors from Shakespeare to Ursula LeGuin and modern thinkers such as Martha Nussbaum and Bernard Williams *Philosophy and Life* brings together wisdom from across eras and continents in a tour de force on the philosophy of how to live your life

How to Live a Good Life Massimo Pigliucci, Skye Cleary, Daniel Kaufman, 2020-01-07 A collection of essays by fifteen philosophers presenting a thoughtful introductory guide to choosing a philosophy for living an examined and meaningful life Socrates famously said the unexamined life is not worth living but what does it mean to truly live philosophically This thought provoking wide ranging collection brings together essays by fifteen leading philosophers reflecting on what it means to live according to a philosophy of life From Eastern philosophies Daoism Confucianism and Buddhism and classical Western philosophies such as Aristotelianism and Stoicism to the four major religions as well as contemporary philosophies such as existentialism and effective altruism each contributor offers a lively personal account of how they find meaning in the practice of their chosen philosophical tradition Together the pieces in *How to Live a Good Life* provide not only a beginner s guide to choosing a life philosophy but also a timely portrait of what it means to live an examined life in the twenty first century A VINTAGE ORIGINAL

What's It All About? Julian Baggini, 2020-03-31 Secular minded readers seeking an alternative to *The Purpose Driven Life* have an excellent starting point here Publishers Weekly For readers who are serious about confronting the big issues in life but are turned off by books which deal with them through religion spirituality or psychobabble this is an honest intelligent discussion by a philosopher that doesn t hide from the difficulties or make undeliverable promises It aims to help the reader understand the overlooked issues behind the obvious questions and shows how philosophy does not so much answer them as help provide us with the resources to answer them for ourselves Useful and provocative *The Wall Street Journal* Looking for a clear guide to what contemporary philosophy has to say about the meaning of life Baggini takes us through all the plausible answers weaving together Kierkegaard John Stuart Mill Monty Python and Funkadelic in an entertaining but always carefully reasoned discussion Peter Singer author of *How Are We To Live* The question of the meaning of life has long been a byword for pretentious rambling It takes some nerve to tackle it in a brisk and no nonsense fashion *New Statesman*

Life Is Hard Kieran Setiya, 2022-10-04 NAMED A BEST BOOK OF THE YEAR BY THE NEW YORKER AND THE ECONOMIST *Life Is Hard* is a humane consolation for challenging times Reading it is like speaking with a thoughtful friend who never tells you to

Leach,James Tartaglia,2018 The Meaning of Life and the Great Philosophers reveals how great philosophers of the past sought to answer the question of the meaning of life This edited collection includes thirty five chapters which each focus on a major philosophical figure from Confucius to Rorty and that imaginatively engage with the topic from their perspective This volume also contains a Postscript on the historical origins and original significance of the phrase the meaning of life Written by leading experts in the field such as A C Grayling Thaddeus Metz and John Cottingham this unique and engaging book explores the relevance of the history of philosophy to contemporary debates It will prove essential reading for students and scholars studying the history of philosophy philosophy of religion ethics metaphysics or comparative philosophy **The Meaning of Things** A. C. Grayling,2001 Examined Life Robert Nozick,1990-12-15 An exploration of topics of everyday importance in the Socratic tradition **A Good Life** Mark Rowlands,2015-11-15 From the bestselling author of The Philosopher and the Wolf comes a gripping and provocative story of one man s life through a philosophical lensMyshkin was born on a certain day and died on a certain day and some things happened to him in between These things presented him with ethical questions and this book is a record of his attempt to answer those questions Discovered by his son after Myshkin s death A Good Life is one man s reckoning with the life he has led and the choices he made It is at once a philosophical handbook for living and a page turning narrative A Good Life is one man s life birth death education religion morality illness and so on told through a philosophical lens It is a riveting examination of the ethical questions we face and the decisions we must make and a defence of the idea that at the beating heart of morality we find love And it is written with the conviction that on their own moral rules and principles are childish things risible and easily refuted It is only a life in its entirety that can be morally judged A Good Life is sometimes profoundly funny sometimes deeply serious It is as readable as a novel and as provocative as the best philosophy It is the finest work to date by a charming and brilliant thinker The English Catalogue of Books Sampson
