Christian Philosophy Craig G. Bartholomew, Michael W. Goheen, 2013-10-15 This third book in a series of successful introductory textbooks by Craig Bartholomew and Michael Goheen builds on their previous projects *The Drama of Scripture* and *Living at the Crossroads* to offer a comprehensive narrative of philosophical thought from a distinctly Christian perspective After exploring the interaction among Scripture worldview theology and philosophy the authors tell the story of philosophy from ancient Greece through postmodern times positioning the philosophers in their historical contexts and providing Christian critique along the way The authors emphasize the Reformed philosophical tradition without neglecting other historical trajectories and show how philosophical thought relates to contemporary life **Philosophy and the**

**Christian Faith** Thomas V. Morris, 1988 Presents a collection of discussions on the philosophy of religion especially with regard to Christianity The essays cover such subjects as salvation the resurgence of philosophy of religion the Acts of the Apostles the Trinity original sin and the Holy Spirit *The Philosophy of the Christian Religion* A. M. Fairbairn, 2017-03-09 This book may be described as an attempt to do two things first to explain religion through nature and man and secondly to construe Christianity through religion The author conceives religion to be a joint product of the mind within man and the nature around him the mind being the source of the ideas which constitute its soul the nature around determining the usages and customs which build up its body He does not think therefore that any one of its special forms can be explained without the local nature which begot and shaped it or that its general being can be resolved and construed without the reason or thought which is common to the race He sees in religion the greatest of all man's unconscious creations and the most potent of the means which the past while it was still a living present formed for the making of the man and the times that were yet to be From the Preface *The Philosophy of the Christian Religion* Andrew Martin Fairbairn, 1909 **A Philosophy of the**

**Christian Religion** Edward J. Carnell, 2007-11-01 Introducing the Edward Carnell Library Nine Titles Listed Inside A *Philosophy of the Christian Religion* is not a defense of the Christian faith in the conventional sense The gamut of contending values and the systems of thought preoccupying the contemporary mind are analyzed here with admirable comprehension and lucidity These competing philosophies are severally evaluated by the whole perspective of the Christian system and demonstrated as partial here and now values incapable of satisfying the demands of the whole man Christianity is a coherent religion It never asks the heart to trust values which the reason is obliged to discard as contradictory No value commitment is completely satisfying until the complete man is satisfied from the preface **A Philosophy of the Christian Religion**

Nancey Murphy, 2018-10-30 Each field of study comes with its own set of questions each period of time refines and redirects those questions The Christian religion as we find it in the twenty first century presents a unique set of problems to be solved and questions to be answered In this introduction to the philosophy of the Christian religion eminent philosopher and theologian Nancey Murphy applies the tools of philosophical analysis to a set of core yet contemporary religious questions

what does our historical moment mean for the possibility of knowing God Is faith still possible Does God intervene in human history Is there such a thing as universal knowledge of God Written with the needs of students encountering the philosophy of religion for the first time in mind this book provides a comprehensive introduction to the fundamental questions inherent in Christian faith Murphy also provides tools for how to answer those questions **The Philosophy of the Christian**

**Philosophy & the Christian Faith** Colin Brown,1969-03 To write a book which appeals both to the philosophy student and to the less informed reader is not an easy task But Colin Brown combines a non technical often amusing style with a scholarly mastery of the significance of philosophical trends and their relation to his faith The student will benefit from the wide picture given by this up to date survey and will make use of the detailed Notes on Books for further information The general reader will finish the book informed entertained and stimulated to further study **Quest for a Philosophical**

**Jesus** Vincent A. McCarthy,1986 In this book Vincent A McCarthy examines the work of four philosophers of the late eighteenth and early nineteenth centuries Rousseau Kant Hegel and Schelling who were committed to no lesser goal than the philosophical rehabilitation of Christianity and its Christ in the wake of the Enlightenment They sought the elusive philosophical formula for reconciling reason and revelation and then elaborated it in a philosophy of religion that would rearticulate the religion of Jesus in a positive light as against the destructive momentum and dark shadows cast by Enlightenment religious thought This was however no modern apologetics and traditional Christians were largely displeased and disturbed by the results For what becomes of Christianity and its Christ in the works of these philosophers occurs not for the sake of Christianity but for the sake of philosophy Rousseau Kant Hegel and Schelling spearheaded an audacious attempt to fulfill philosophy's program in a philosophy of religion and to save religion from philosophy and for philosophy Professor McCarthy examines in detail the philosophies of Christianity and the philosophical Christologies they created Their work did not issue in unqualified success yet the influence reaction rejection and revival that each has generated as well as the lessons of their failures commend them to critical attention still Philosophy and the Christian Faith Colin Brown,1969

draw informed conclusions in this much debated topic      **A Philosophy of the Christian Religion** Edward John Carnell, 1960      *Christian Philosophy* J. Aaron Simmons, 2019 One of the marks of being a philosopher is participating in debates about what counts as philosophy Of particular note in such debates is the question of how to distinguish philosophy from theology Although a variety of answers to this question have been offered in the history of philosophy in recent decades the prominence of Christian philosophy has been heralded by many as a genuine triumph over the problematic narrowness of strong foundationalism positivism and scientism For others however it signals that philosophy continues to risk being replaced by confessional theology Wherever one comes down on such issues and however one interprets recent trends in philosophy of religion the idea of Christian philosophy continues to present pressing questions for those working in meta philosophy epistemology metaphysics hermeneutics and value theory In this volume established scholars representing a variety of cultural traditions religious perspectives and philosophical priorities all wrestle with how the idea of Christian philosophy should be understood appropriated and engaged in light of where philosophy is and where it is likely to go The volume includes classical essays that have deeply marked the field and also new essays that explore the relevance of Christian philosophy to issues in disability studies engaged pedagogy lived phenomenology the academic study of religion and the workings of social power Rather than offer a unified view that seeks to settle things the contributors demonstrate that Christian philosophy remains a topic of lively debate Wherever one comes down on the issues considered here this volume shows that Christian philosophy is neither merely of historical interest nor of interest only to Christians but instead remains a thoroughly philosophical topic worthy of serious consideration and substantive critique With a Foreword by Nicholas Wolterstorff Noah Porter Professor Emeritus of Philosophical Theology at Yale University Senior Research Fellow in the Institute for Advanced Studies in Culture at the University of Virginia and Honorary Professor of Australian Catholic University      Christian Philosophy: or, an Attempt to display the evidence and excellence of revealed religion Vicesimus KNOX, 1824
