Philosophy And The Reconstruction Of Culture Pragmatic Essays After Dewey:

Philosophy and the Reconstruction of Culture John J. Stuhr, 1993-08-03 **Reconstructing Pragmatism** Chris

Voparil, Christopher J. Voparil, 2022 Known as the bad boy of American philosophy Richard Rorty bears a complex relation to the tradition of American pragmatism Chris Voparil aims to provide a counterweight to the reams of criticism of Rorty's alleged distortions and misunderstandings of the so called classical pragmatists Peirce James Dewey Royce Addams He offers an updated interpretation of Rorty's rejuvenated pragmatism newly relevant for today that responds to and moves beyond the philosopher's critical challenges *Pragmatism, Postmodernism and the Future of Philosophy* John J. Stuhr, 2015-12-03

Pragmatism Postmodernism and the Future of Philosophy is a vigorous and dynamic confrontation with the task and temperament of philosophy today In this energetic and far reaching new book Stuhr draws persuasively on the resources of the pragmatist tradition of James and Dewey and critically engages the work of Continental philosophers like Adorno Foucault and Deleuze to explore fundamental questions of how we might think and live differently in the future Along the way the book addresses important issues in public policy university administration spirituality and the notion of community and its meaning in a global world of difference This book is essential reading for anyone concerned with the future of philosophy and the ways in which philosophical thinking can help us live better more fulfilling lives *Beyond Realism and Antirealism* David L. Hildebrand, 2021-04-30 Perhaps the most significant development in American philosophy in recent times has been the extraordinary renaissance of Pragmatism marked most notably by the reformulations of the so called Neopragmatists Richard Rorty and Hilary Putnam With Pragmatism offering the allure of potentially resolving the impasse between epistemological realists and antirealists analytic and continental philosophers as well as thinkers across the disciplines have been energized and engaged by this movement In *Beyond Realism and Antirealism* John Dewey and the Neopragmatists David L Hildebrand asks two important questions first how faithful are the Neopragmatists reformulations of Classical Pragmatism particularly Deweyan Pragmatism Second and more significantly can their Neopragmatisms work In assessing Neopragmatism Hildebrand advances a number of historical and critical points Current debates between realists and antirealists as well as objectivists and relativists are similar to early twentieth century debates between realists and idealists that Pragmatism addressed extensively Despite their debts to Dewey the Neopragmatists are reenacting realist and idealist stands in their debate over realism thus giving life to something shown fruitless by earlier Pragmatists What is absent from the Neopragmatist's position is precisely what makes Pragmatism enduring namely its metaphysical conception of experience and a practical starting point for philosophical inquiry that such experience dictates Pragmatism cannot take the linguistic turn insofar as that turn mandates a theoretical starting point While Pragmatism's view of truth is perspectival it is nevertheless not a relativism Pace Rorty Pragmatism need not be hostile to metaphysics indeed it demonstrates how pragmatic instrumentalism and metaphysics are complementary In examining these and other difficulties in Neopragmatism

Hildebrand is able to propose some distinct directions for Pragmatism Beyond Realism and Antirealism will provoke specialists and non specialists alike to rethink not only the definition of Pragmatism but its very purpose *The Rorty-Habermas Debate* Marcin Kilanowski, 2021-05-01 The Rorty Habermas debate has been written on widely but a full treatment of its importance had to wait until now We have some historical distance from this exchange which extended over three decades and which touches upon the central concerns of numerous fields of study and of social organization From law to politics to philosophy and communication theory and including the basics of action these two towering figures compare their forms of pragmatism Marcin Kilanowski sets the debate in its historical and multilayered context comparing it with criticism and commentary from his own viewpoint and from that of other important thinkers who observed and participated in the famous exchange This book not only provides background in the history of philosophy for a general reader but also will be useful to those who need an abbreviated narrative and compendium of relevant sources for their own thinking and research Kilanowski shows the points of convergence between Rorty and Habermas and also examines the meaning of the outcome of their long exchange Does the result get us any closer to a viable idea of freedom Of responsibility The book suggests some answers to these and other related questions [The Bloomsbury Companion to Pragmatism](#) Sami Pihlström, 2015-05-21 Pragmatism provides not just a theoretical perspective on science and inquiry but ways of being in the world of knowing the reality we inhabit Approaching this philosophical tradition as a diverse set of philosophies that it is The Bloomsbury Companion to Pragmatism introduces many of the ideas and debates at the centre of the field today Focusing on issues in 12 different subject areas this up to date companion covers current research in aesthetics economics education ethics history law metaphysics politics race religion science and technology language and social theory Supported by an introduction to research methods and problems as well as a guide to past and future directions in the field the chapters are also enhanced by a glossary research guide and an annotated bibliography For anyone working in contemporary pragmatism or modern American philosophy more generally this companion provides a practical means of navigating what can sometimes feel like a disparate field Showing where important work continues to be done the tensions that exist and most valuably the exciting new directions the field is taking The Bloomsbury Companion to Pragmatism expands our understanding of the role of pragmatism in 21st century philosophy **The Bloomsbury Handbook of Pragmatism** Sami Pihlström, 2024-02-22 Pragmatism provides not just a theoretical perspective on science and inquiry but ways of being in the world of knowing the reality we inhabit Approaching this philosophical tradition as a diverse set of philosophies that it is The Bloomsbury Handbook of Pragmatism introduces many of the ideas and debates at the centre of the field today Focusing on issues in different subject areas this up to date handbook covers current research in aesthetics economics education ethics history law metaphysics politics race religion science and technology language and social theory Supported by an introduction to research methods and problems as well as a guide to past and future directions in the field chapters are enhanced by a how

to use guide and glossary Now expanded this edition includes new chapters on pragmatism and various global and regional philosophical traditions as well as feminism and environmental philosophy Showing where important work continues to be done the tensions that exist and most valuably the exciting new directions the field is taking The Bloomsbury Handbook of Pragmatism advances our understanding of the role of pragmatism in 21st century philosophy **The Continuum**

Companion to Pragmatism Sami Pihlström, 2011-06-30 The Continuum Companion to Pragmatism offers the definitive guide to a key area of contemporary philosophy The book covers all the fundamental questions asked by pragmatism areas that have continued to attract interest historically as well as topics that have emerged more recently as active areas of research Twelve specially commissioned essays from an international team of experts reveal where important work continues to be done in the area and most valuably the exciting new directions the field is taking The Companion explores issues pertaining to aesthetics economics education ethics history law metaphysics politics race religion science and technology language and social theory Featuring a series of indispensable research tools including an A to Z of key terms and concepts a chronology a detailed list of resources and a fully annotated bibliography this is the essential reference tool for anyone working in contemporary pragmatism or modern American philosophy more generally John Dewey Raymond D.

Reconstructing Individualism James M. Albrecht, 2012 Explores the theories of democratic individualism articulated in the works of the American transcendentalist writer Ralph Waldo Emerson pragmatic philosophers William James and John Dewey and African American novelist and essayist Ralph Ellison **The Moral Writings of John Dewey** James

Gouinlock, 2009-12-02 John Dewey 1859 1952 renowned educator and philosopher has been called the national philosopher of American civilization James Gouinlock's superb collection of Dewey's writings presents the many aspects of Dewey's ethical thought With this collection students and scholars alike will more readily acknowledge Dewey's substantial contribution to our understanding of the moral life The selections are grouped according to topic including The Nature of Moral Philosophy Man Nature and Society Value and Nature Human Nature and Value Value and Intelligence Moral Language and Social Intelligence and Democracy Pragmatism, Nation, and Race Chad Kautzer, Eduardo Mendieta, 2009-06-09 Pragmatism has been called the chief glory of our country's intellectual tradition by its supporters and a dog's dinner by its detractors While acknowledging pragmatism's direct ties to American imperialism and expansionism Chad Kautzer Eduardo Mendieta and the contributors to this volume consider the role pragmatism plays for better or worse in current discussions of nationalism war race and community What can pragmatism contribute to understandings of a diverse nation How can we reconcile pragmatism's history with recent changes in the country's racial and ethnic makeup How does pragmatism help to explain American values and institutions and fit them into new national and multinational settings The answers to these questions reveal pragmatism's role in helping to nourish the fundamental ideas politics and culture of contemporary America **The**

Gleam of Light Naoko Saito, 2018-09-18 In the name of efficiency the practice of education has come to be dominated by neoliberal ideology and procedures of standardization and quantification Such attempts to make all aspects of practice transparent and subject to systematic accounting lack sensitivity to the invisible and the silent to something in the human condition that cannot readily be expressed in an either/or form Seeking alternatives to such trends Saito reads Dewey's idea of progressive education through the lens of Emersonian moral perfectionism to borrow a term coined by Stanley Cavell She elucidates a spiritual and aesthetic dimension to Dewey's notion of growth one considerably richer than what Dewey alone presents in his typically scientific terminology *Rhetoric, Sophistry, Pragmatism* Steven Mailloux, 1995-05-18 The anti-sceptical relativism and self-conscious rhetoric of the pragmatist tradition which began with the Older Sophists of Ancient Greece and developed through an American tradition including William James and John Dewey has attracted new attention in the context of late twentieth century postmodernist thought At the same time there has been a more general renewal of interest across a wide range of humanistic and social science disciplines in rhetoric itself language use writing and speaking persuasion figurative language and the effect of texts This book written by leading scholars explores the various ways in which rhetoric sophistry and pragmatism overlap in their current theoretical and political implications and demonstrates how they contribute both to a rethinking of the human sciences within the academy and to larger debates over cultural politics

Under Cover of Science James R. Hackney Jr., 2007-03-28 A critique of the Law Economics movement this book draws connections between conceptions of science and efforts at legitimating American legal theory as an objective enterprise

Breaking Bad Habits of Race and Gender Sarah Marie Stitzlein, 2008-10-23 Every day teachers encounter moments of racial and gender tension in their classrooms In the most drastic cases these situations erupt into overt conflict or violence while in other instances they go largely unnoted Such incidents reveal that despite equality legislation and the good intentions of many teachers racial and gender problems persist How can teachers more effectively handle these moments How can they prevent them in the future This book is the first to unite two major schools of educational philosophy traditional American pragmatism and contemporary poststructuralism to offer both theoretical and concrete suggestions for dealing with actual classroom race and gender related events While schools are one of the most common settings of race and gender discord this book upholds schools as the primary location for alleviating systems of oppression For it is within schools that children learn how to enact and respond to race and gender through the cultivation of habits including dispositions bodily comportment and ways of interacting In a spirit of social transformation this book argues that when students learn to inhabit their races and genders more flexibly many classroom problems can be prevented and current social structures of identity based oppression can be alleviated

Gendered Readings of Change C. Fischer, 2014-02-20 This book develops a unique theory of change by drawing on American philosophy and contemporary feminist thought Via a select history of ancient Greek and Pragmatist philosophies of change Fischer argues for a reconstruction of transformation that is inclusive

of women's experiences and thought Pragmatism and Feminism Charlene Haddock Seigfried, 1996-06-15 Though many pioneering feminists were deeply influenced by American pragmatism their contemporary followers have generally ignored that tradition because of its marginalization by a philosophical mainstream intent on neutral analyses devoid of subjectivity In this revealing work Charlene Haddock Seigfried effectively reunites two major social and philosophical movements arguing that pragmatism because of its focus on the emancipatory potential of everyday experiences offers feminism its most viable and powerful philosophical foundation With careful attention to their interwoven histories and contemporary concerns Pragmatism and Feminism effectively invigorates both traditions opening them to new interpretations and appropriations and asserting their timely philosophical relevance This foundational work in feminist theory simultaneously invites and guides future scholarship in an area of rapidly emerging significance John Dewey, Robert Pirsig, and the Art of Living D. Granger, 2016-04-30 This book explores the writings of philosopher and educator John Dewey in order to develop an expansive vision of aesthetic education and everyday poetics of living Robert Pirsig's best selling book Zen and the Art of Motorcycle Maintenance provides concrete exemplifications of this compelling yet unconventional vision American Philosophy: An Encyclopedia John Lachs, Robert B. Talisse, 2008-03-31 The Encyclopedia of American Philosophy provides coverage of the major figures concepts historical periods and traditions in American philosophical thought Containing over 600 entries written by scholars who are experts in the field this Encyclopedia is the first of its kind It is a scholarly reference work that is accessible to the ordinary reader by explaining complex ideas in simple terms and providing ample cross references to facilitate further study The Encyclopedia of American Philosophy contains a thorough analytical index and will serve as a standard comprehensive reference work for universities and colleges Topics covered include Great philosophers Emerson Dewey James Royce Peirce Santayana Subjects Pragmatism Progress the Future Knowledge Democracy Growth Truth Influences on American Philosophy Hegel Aristotle Plato British Enlightenment Reformation Self Assessments Joe Margolis Donald Davidson Susan Haack Peter Hare John McDermott Stanley Cavell Ethics Value Pleasure Happiness Duty Judgment Growth Political Philosophy Declaration of Independence Democracy Freedom Liberalism Community Identity
