... **Schopenhauer's Criticism of Kant's Theory of Experience** ... Radoslav Andrea Tsanoff, 1911      **Hegelian Metaphysics** Robert Stern, 2009-05-07 The great German idealist philosopher G W F Hegel has exerted an immense influence on the development of philosophy from the early 19th century to the present But the metaphysical aspects of his thought are still under appreciated In a series of essays Robert Stern traces the development of a distinctively Hegelian approach to metaphysics and certain central metaphysical issues The book begins with an introduction that considers this theme as a whole followed by a section of essays on Hegel himself Stern then focuses on the way in which certain key metaphysical ideas in Hegel s system such as his doctrine of the concrete universal and his conception of truth relate to the thinking of the British Idealists on the one hand and the American Pragmatists on the other The volume concludes by examining a critique of Hegel s metaphysical position from the perspective of the continental tradition and in particular Gilles Deleuze      **Essays in Philosophical Criticism** Andrew Seth Pringle-Pattison, Richard Burdon Haldane Haldane (Viscount), 1883      **Hegel, Nietzsche and the Criticism of Metaphysics** Stephen Houlgate, 2004-01-29 This study of Hegel and Nietzsche evaluates and compares their work through their common criticism of the metaphysics for operating with conceptual oppositions such as being becoming and egoism altruism Dr Houlgate exposes Nietzsche s critique as employing the distinction of Life and Thought which itself constitutes a metaphysical dualism of the kind Nietzsche attacks By comparison Hegel is shown to provide a more profound critique of metaphysical dualism by applying his philosophy of the dialectic which sees such alleged opposites as defining components of a dynamic In choosing to study a theme so fundamental to both philosophers work Houlgate has established a framework within which to evaluate the Hegel Nietzsche debate to make the first full study of Nietzsche s view of Hegel s work and to compare Nietzsche s Dionysic philosophy with Hegel s dialectical philosophy by focusing on tragedy a subject central to the philosophy of both      *Notes on Books, Being a Quaterly Analysis of the Works Published by Messrs. Longmans and Co.* , 1885      **John Dewey's Logical Theory** Delton Thomas Howard, 1919      [The Holy Family: or Critique of Critical Criticism Against Bruno Bauer & Company](#) Karl Marx, 2024-05-09 Written in 1844 and published in early 1845 The Holy Family or Critique of Critical Criticism Against Bruno Bauer and Company Die heilige Familie oder Kritik der kritischen Kritik was the first collaborative work between Karl Marx and Friedrich Engels produced shortly after their meeting in Paris This polemical book is not a theological treatise despite its title but a satirical takedown of the Young Hegelians especially Bruno Bauer who had attempted to reduce political and historical critique to an abstract pure criticism unmoored from material conditions Marx and Engels launched an aggressive campaign against what they saw as intellectual solipsism mocking the self referential logic of Bauer s school and targeting the metaphysical idealism at the heart of Hegelian abstraction The book defends a new philosophical orientation one grounded in historical materialism anthropological realism and an Epicurean skepticism toward both metaphysics and

religious idealism It adopts a tone that alternates between analytic dismantling and literary ridicule parodying Christian scripture to attack the conceits of the critical critics whose theoretical positions Marx considered as both politically impotent and intellectually bankrupt While the text is mainly remembered for its savage satire it also lays early groundwork for Marx's theory of alienation class and history insisting that philosophy must serve revolutionary aims rather than cloistered abstraction Though often overlooked in favor of later works *The Holy Family* captures a moment of rupture with speculative philosophy and the forging of a materialist conception of social reality rejecting both bourgeois humanism and mystical idealism This modern Critical Reader's Edition includes an illuminating afterword tracing Marx's intellectual relationships with revolutionary thinkers and philosophers including Hegel Feuerbach Engels and Ricardo containing unique research into his ideological development and economic metaphysical theories a comprehensive timeline of his life and works a glossary of Marxist terminology and a detailed index of all of Marx's writings This professional translation renders Marx's dense dialectical prose into modern language to preserve the original force and precision of the text Combined with the scholarly amplifying material this edition is an indispensable exploration of Marx's classic works and his enduring Hegelian Protestant influence in the political religious economic and philosophical spheres [The Nature of the Philosophical Enterprise](#) Edward G.
