

HARRIET MARTINEAU (1802-1876)

- Today credited with introducing sociology to Britain through her translation of Comte's *Positive Philosophy*.
- Systematic study of the American Society during extensive travels throughout the US, *Society in America* (1837).

Philosophy In Britain Today

E.H. Stubbes

Philosophy In Britain Today:

Philosophy in Britain Today Stuart Shanker,1986-01-01 These essays offer a fascinating and lively synopsis of the work of some of the most important thinkers in Britain today The authors represent a wide cross section of Britain s current philosophical spectrum resulting in a stimulating intellectual profile of the leaders of a community which dominated Western philosophy for much of the twentieth century What makes a man or woman a philosopher What are the new directions being pursued by British philosophy today How do philosophers see their own development and what are the roots of their distinctive contributions What are the major problems which preoccupy British philosophers today The distinguished philosophers who have contributed to this book address these questions as well as other topics of interest All have provided brief intellectual autobiographies including sketches of their individual concerns and how those concerns have developed throughout their careers

British Sources of Information P. Jackson,2003-09-02 This comprehensive and versatile reference source will be a most important tool for anyone wishing to seek out information on virtually any aspect of British affairs life and culture The resources of a detailed bibliography directory and journals listing are combined in this single volume forming a unique guide to a multitude of diverse topics British politics government society literature thought arts economics history and geography Academic subjects as taught in British colleges and universities are covered with extensive reading lists of books and journals and sources of information for each discipline making this an invaluable manual

Britain and the Americas Will Kaufman,Heidi Slettedahl Macpherson,2005-03-01 A comprehensive encyclopedia covering the close ties between Britain and the whole of the Americas examining Britain s cultural and political legacy to the nations of the New World From Vikings to redcoats from the Beatles to the war in Iraq Britain and the Americas examines Britain s cultural and political legacy to the nations of the Americas This comprehensive survey also traces how the Americas have in turn influenced contemporary Britain from the Americanization of language and politics to the impact of music and migration from the West Indies Complete with an extensive introduction and a chronology of key events this three volume encyclopedia contains introductory essays focusing on the four prime areas of British Atlantic engagement Canada the Caribbean the United States and Latin America Students of a wide range of disciplines as well as the lay reader will appreciate this exhaustive survey which traces the common themes of British policy and influence throughout the Americas and highlights how Britain has in turn benefited from the influence of American democracy technology culture and politics

A Hundred Years of English Philosophy N. Milkov,2013-11-11 This book is a historical investigation of the leading philosophical movement in England in the twentieth century In seven chapters the intellectual development of the most prominent representatives of analytic philosophy Moore Russell and Wittgenstein in Cambridge and Ryle Austin Strawson and Dummett in Oxford is traced The book does not aim however at delivering a story This means above all that generalisations and conclusions are reduced to a minimum an approach adopted in an endeavour to avert the danger of

subjectivism that interpreting the philosophers under scrutiny would impose My hope is that by following this approach my investigation will stimulate readers to make their own generalisations and conclusions on the basis of the objectively presented data Instead my aim is to articulate a flawless comprehensive description of the philosophical texts of the seven most significant analytic philosophers in England in the twentieth century For this purpose all their articles and books have been sifted through in order to pick out the most representative parts For obvious reasons only the chapters on Russell and Wittgenstein and to a lesser extent the chapter on Moore are more theoretical

Main Currents in Contemporary German, British, and American Philosophy W. Stegmüller, 2012-12-06

Biographical Dictionary of Twentieth-Century Philosophers Stuart Brown, Diane Collinson, Robert Wilkinson, 2012-09-10 This Biographical Dictionary provides detailed accounts of the lives works influence and reception of thinkers from all the major philosophical schools and traditions of the twentieth century This unique volume covers the lives and careers of thinkers from all areas of philosophy from analytic philosophy to Zen and from formal logic to aesthetics All the major figures of philosophy such as Nietzsche Wittgenstein and Russell are examined and analysed The scope of the work is not merely restricted to the major figures in western philosophy but also covers in depth a significant number of thinkers from the near and far east and from the non European Hispanic language communities The Biographical Dictionary also includes a number of general entries dealing with important schools of philosophy such as the Vienna Circle or currents of thought such as vitalism These allow the reader to set the individual biographies in the context of the philosophical history of the period With entries written by over 100 leading philosophy scholars the Biographical Dictionary is the most comprehensive survey of twentieth century thinkers to date

Structure The book is structured alphabetically by philosopher Each entry is identically structured for ease of access and covers nationality dates and places of birth and death philosophical style or school areas of interest higher education significant influences main appointments main publications secondary literature account of intellectual development and main ideas critical reception and impact At the end of the book a glossary gives accounts of the schools movements and traditions to which these philosophers belonged and thorough indexes enable the reader to access the information in several ways by nationality by major areas of contribution to philosophy e g aesthetics by major influences on the thinker concerned e g Plato Kant Wittgenstein

The Journal of Philosophy, 1926 Covers topics in philosophy psychology and scientific methods Vols 31 include A Bibliography of philosophy 1933

Ontology, Modality, and Mind Alexander Carruth, Sophie C. Gibb, John Heil, 2018 This book explores a range of traditional and contemporary metaphysical themes that figure in the writings of E J Lowe whose powerful and influential work was still developing at the time of his death in 2015 Leading philosophers present new essays on topics to do with ontology necessity existence and mental causation

Today's Philosophies - how Well are They Serving Us? Victor Edney, 1992

British studies now Nick Wadham-Smith, 1995

Philosophy and Pluralism David Archard, 1996-04-26 Introduction DAVID ARCHARD Ludwig Wittgenstein Stuart

Shanker, David Kilfoyle, 2002 Wittgenstein scholarship has continued to grow at a pace few could have anticipated a testament both to the fertility of his thought and to the thriving state of contemporary philosophy In response to this ever growing interest in the field we are delighted to announce the publication of a second series of critical assessments on Wittgenstein emphasising both the breadth and depth of contemporary Wittgenstein research As well as papers on the nature and method of Wittgenstein's philosophy this second collection also relates to a broader range of topics including psychology politics art music and culture Wittgenstein's Philosophical Investigations Robert Arrington, Hans-Johann Glock, 2002-11 First published in 1992 Routledge is an imprint of Taylor Francis an informa company **Marx and Wittgenstein** Gavin Kitching, Nigel Pleasants, 2013-01-11 At first sight Karl Marx and Ludwig Wittgenstein may well seem to be as different from each other as it is possible for the ideas of two major intellectuals to be Despite this standard conception however a small number of scholars have long suggested that there are deeper philosophical commonalities between Marx and Wittgenstein They have argued that once grasped these commonalities can radically change and enrich understanding both of Marxism and of Wittgensteinian philosophy This book develops and extends this unorthodox view emphasising the mutual enrichment that comes from bringing Marx's and Wittgenstein's ideas into dialogue with one another Essential reading for all scholars and philosophers interested in the Marxist philosophy and the philosophy of Wittgenstein this book will also be of vital interest to those studying and researching in the fields of social philosophy political philosophy philosophy of social science and political economy Some Philosophical Thoughts E.H. Stubbes, 2014-01-23 This book consists of more than 1 600 numbered thoughts The drift is to expand philosophy to embrace what sometimes was a part of it centuries ago and what may become part of it in future The book is distinctive individualistic and unconventional The author a former university lecturer in philosophy is vehemently anti academic philosophy This is a work not only for philosophers it is designed to also be of interest to and understood by ordinary people who have had no training in philosophy The author encourages readers to become philosophers themselves The thoughts are deliberately in random order You can start at the end the middle or anywhere in the work and jump about at will Many of the thoughts are aphorisms one liners A very large number of topics are touched Many topics are not part of conventional notions of what philosophy is about Also included are household tips practical suggestions relevant to everyday life and problems and predictions of what may come in future centuries on earth and elsewhere in the universe **A Philosopher's Apprentice** Joseph Agassi, 2008 Both a Popper biography and an autobiography Agassi's A Philosopher's Apprentice tells the riveting story of his intellectual formation in 1950s London a young brilliant philosopher struggling with an intellectual giant father mentor and rival all at the same time His subsequent rebellion and declaration of independence leads to a painful break never to be completely healed No other writer has Agassi's psychological insight into Popper and no other book captures like this one the intellectual excitement around the Popper circle in the 1950s and the struggles of the 1960s and 1970s personal academic political all important philosophically Agassi

s Popper whether one agrees with it or not is an enormous contribution to scholarship This second revised edition includes also Popper s and Agassi s last correspondence and in a postscript it shows Agassi leafing through Popper s archives reaching a sort of reconciliation an appropriate ending to the drama A must read Malachi Hacoen Duke University

Semantics, Tense, and Time Peter Ludlow, 1999-09-03 According to Peter Ludlow there is a very close relation between the structure of natural language and that of reality and one can gain insights into long standing metaphysical questions by studying the semantics of natural language In this book Ludlow uses the metaphysics of time as a case study and focuses on the dispute between A theorists and B theorists about the nature of time According to B theorists there is no genuine change but a permanent sequence of events ordered by an earlier than later than relation According to the version of the A theory adopted by Ludlow a position sometimes called presentism there are no past or future events or times what makes something past or future is how the world stands right now Ludlow argues that each metaphysical picture is tied to a particular semantical theory of tense and that the dispute can be adjudicated on semantical grounds A presentism compatible semantics he claims is superior to a B theory semantics in a number of respects including its abilities to handle the indexical nature of temporal discourse and to account for facts about language acquisition Along the way Ludlow develops a conception of E type temporal anaphora that can account for both temporal anaphora and complex tenses without reference to past and future events His view has philosophical consequences for theories of logic self knowledge and memory As for linguistic consequences Ludlow suggests that the very idea of grammatical tense may have to be dispensed with and replaced with some combination of aspect modality and evidentiality

Seven Puzzles of Thought Mark Sainsbury, Michael

Tye, 2013-08-08 Sainsbury and Tye present a new theory originalism which provides natural simple solutions to puzzles about thought that have troubled philosophers for centuries They argue that concepts are to be individuated by their origin rather than epistemically or semantically Although thought is special no special mystery attaches to its nature

Speech Act And Linguistic Communication Rishikant Pandey, 2008

Philosophy's Future Russell Blackford, Damien Broderick, 2017-04-25

Philosophy s Future The Problem of Philosophical Progress diagnoses the state of philosophy as an academic discipline and calls it to account inviting further reflection and dialogue on its cultural value and capacity for future evolution Offers the most up to date treatment of the intellectual and cultural value of contemporary philosophy from a wide range of perspectives Features contributions from distinguished philosophers such as Frank Jackson Karen Green Timothy Williamson Jessica Wilson and many others Explores the ways philosophical investigations of logic world mind and moral responsibility continue to shape the empirical and theoretical sciences Considers the role of contemporary philosophy in political issues such as women s rights the discrimination of minorities and public health
