Philosophy Of Railroads And Other Essays

Robin Neill

Philosophy Of Railroads And Other Essays:

Philosophy of railroads and other essays T.C. Keefer, 1972-12-15 T C Keefer's *Philosophy of Railroads* is one of the greatest hymns of praise to the age of iron and steel ever written in North America. Better than any other document it shows why railroads were seen as the arteries of the Canadian nation during the nineteenth century. This volume brings four of Keefer's works together with a brilliant introduction by H V Nelles. It includes *Philosophy of Railroads* originally published in 1849, a lecture in which Keefer outlines his hopes for the development of the Montreal region and in passing reveals the philosophical foundation upon which they rest; the *Sequel to the Philosophy of Railroads*, a fascinating illustration of the problems the first engineers faced in raising their trade from a scramble for money and prestige into a legitimate profession; and a final essay on railways written in the early 1860s expressing Keefer's disillusionment at the failure of railways to fulfill their promise. At one level these essays say a great deal about railroads and about Canadian society in the nineteenth century; at another they represent a cycle from enthusiastic idealism to realism in one man's thought; and at yet another they introduce us to the historian's problem of establishing relationships between ideas and the material conditions within which they appear. *Philosophy of Railroads, and Other Essays* Thomas C. Keefer, 1972 **PHILOSOPHY OF RAILROADS AND OTHER ESSAYS. ED. BY H.V.NELLES.** T.C. Keefer, 1972 **Philosophy of Railroads, and Other Essays. Edited with an Introd. by H. V. Nelles** Thomas C. Keefer, 1972 **The New Christianity** Salem Bland, 1973-12-15 This volume is a survey of the Canadian scene that urged various reforms appeared shortly after the First World War. It was considered to be extremely radical in its proposals and implications at that time and had the distinction of being one of that rare breed of attempts to survey Canadian developments in terms of large principles of analysis or historical development. In *The New Christianity* Salem Bland tried to place the unrest of the times in a large historical perspective and brought social, political, and economic developments into conjunction with main trends of religion in recent decades. His central theme was that the processes of industrial and social consolidation, the growth of organized labour, and the spread of sociological ideas spelled the end of the old order of capitalism and Protestantism which had dominated most of western Christendom for three centuries. Specifically, the primary impediment to full realization of democracy and brotherhood, Bland argued, was modern capitalism based on private property rights in industry and motivated by a competitive individualism. The second impediment to a new social order embodying the Christian spirit was the strong attachment of Christians to their traditions. The chief hope of the future lay in a marriage of labour Christianity and American Christianity that would unite with all other traditions in a worldwide ecumenical movement. Fifty years later, the reprinting of this book is important because it is an instructive study in how the highest traditions of Christianity came into radical conjunction with the currents of economic change, social reform, and political upheaval in Canada in the first decades of this century. *Telecom Nation* Laurence B. Mussio, 2001. Mussio is a communications consultant who traces how Canada handled expansion in telecommunications and the arrival of

the computer in the three critical decades following World War II Like technological transformations in transportation and utilities the spread of new communications systems forced governments to respond in continental Europe and the UK they asserted control and ownership of national telecommunication networks In the US private companies were permitted to manage systems and provide services In Canada both models were adopted and domestic hybrids combining both also flourished Distributed in the US by Cornell University Services c Book News Inc

Canadian Perspectives on Law and Society W. Wesley Pue, Barry Wright, 1988-01-01 **John A** Richard J. Gwyn, 2009-03-18 The first full scale biography of Canada's first prime minister in half a century by one of our best known and most highly regarded political writers The first volume of Richard Gwyn's definitive biography of John A Macdonald follows his life from his birth in Scotland in 1815 to his emigration with his family to Kingston Ontario to his days as a young rising lawyer to his tragedy ridden first marriage to the birth of his political ambitions to his commitment to the all but impossible challenge of achieving Confederation to his presiding with his second wife Agnes over the first Canada Day of the new Dominion in 1867 Colourful intensely human and with a full measure of human frailties Macdonald was beyond question Canada's most important prime minister This volume describes how Macdonald developed Canada's first true national political party encompassing French and English and occupying the centre of the political spectrum To perpetuate this party Macdonald made systematic use of patronage to recruit talent and to bond supporters a system of politics that continues to this day Gwyn judges that Macdonald if operating on a small stage possessed political skills of manipulation and deception as well as an extraordinary grasp of human nature of the same calibre as the greats of his time such as Disraeli and Lincoln Confederation is the centerpiece here and Gwyn's commentary on Macdonald's pivotal role is original and provocative But his most striking analysis is that the greatest accomplishment of nineteenth century Canadians was not Confederation but rather to decide not to become Americans Macdonald saw Confederation as a means to an end its purpose being to serve as a loud and clear demonstration of the existence of a national will to survive The two threats Macdonald had to contend with were those of annexation by the United States perhaps by force perhaps by osmosis and equally that Britain just might let that annexation happen to avoid a conflict with the continent's new and unbeatable power Gwyn describes Macdonald as Canada's first anti American And in pages brimming with anecdote insight detail and originality he has created an indelible portrait of the irreplaceable man the man who made us Macdonald hadn't so much created a nation as manipulated and seduced and connived and bullied it into existence against the wishes of most of its own citizens Now that Confederation was done Macdonald would have to do it all over again having conjured up a child nation he would have to nurture it through adolescence towards adulthood How he did this is however another story He never made the least attempt to hide his vice unlike say his contemporary William Gladstone with his sallies across London to save prostitutes or Mackenzie King with his crystal ball gazing Not only was Macdonald entirely unashamed of his behaviour he often actually drew attention to it as in his famous response to a heckler who accused

him of being drunk at a public meeting Yes but the people would prefer John A drunk to George Brown sober There was no hypocrisy in Macdonald's make up nor any fear from John A Macdonald **After the Rebellion** Lilian F. Gates,1996-07-25 This comprehensive book on William Lyon Mackenzie's later life focuses first on the period 1838-1849 Mackenzie's years in exile in the United States It examines his contribution to the American political scene including his role in writing the constitution of the State of New York The book also chronicles Mackenzie's life from 1849 when he was granted amnesty and returned to Canada to his death in 1861 In this the only comprehensive look at Mackenzie's life Lillian Gates offers a meticulous account of one of Canada's liveliest nineteenth century politicians **Thomas Mackay** Alastair Sweeny,2022-02-22 The Laird of Rideau Hall explores the life and times of Thomas Mackay the chief founder of Bytown Ottawa Born and raised in Perth Scotland Mackay and his family emigrated to Montreal in 1817 Partnering with fellow mason John Redpath he built the locks of the first Lachine Canal did military construction work at Fort Lennox and St Helen's Island and supplied stone for Montreal's Notre Dame Basilica Engaged by Colonel By of the Royal Engineers to build the Ottawa and Hartwell Locks of the Rideau Canal Mackay used his profits to found the village of New Edinburgh and build a mill complex at Rideau Falls as well as the residence his daughter named Rideau Hall With his hefty canal profits paid in Spanish silver pieces of eight Mackay was a major financier of the Ottawa and Prescott Railway and chief promoter of Ottawa as the capital of Canada He served as Colonel of the Russell and Carleton militias was MLA for Russell for seven years and a member of the Legislative Council of Canada for fifteen After Mackay's death in 1855 his son in law and estate manager Thomas Keefer sold Rideau Hall to the government to serve as a residence for Canada's Governor General Keefer also developed a tract of land owned by the estate into the village of Rockcliffe Park today home to over 70 diplomatic residences

Dow's Dictionary of Railway Quotations Andrew Dow,2006-04-10 Dow's Dictionary of Railway Quotations is an authoritative compendium of quotations about railways from 1608 to the present day More than 3 400 entries are drawn from over 1 300 writers and speakers and a wide range of original sources both British and American Acts of Parliament poetry songs journals advertisements obituaries novels histories plays films office memoranda speeches newspapers television and radio broadcasts and private documents and conversations Here Andrew Dow records remarkable memorable words from the well known to the abstruse from the commonplace to the vital The selected quotations are arranged by subject matter and searchable by speaker subject and keyword Dow's Dictionary will inform and captivate railway enthusiasts along with readers interested in railway architecture engineering geography and history The John A. Macdonald Retrospective 2-Book Bundle Ged Martin,2014-10-29 This special 2 book bundle contains a number of perspectives on a man who was arguably Canada's most famous political leader a figure of legendary proportions in the history of Canada's birth and development Ged Martin's biography tells Macdonald's story Shocked by Canada's 1837 rebellions Macdonald sought to build alliances and avoid future conflicts Thanks to financial worries and an alcohol problem

he almost quit politics in 1864 The challenge of building Confederation harnessed his skills and in 1867 he became the country's first prime minister He drove the Dominion's westward expansion rapidly incorporating the Prairies and British Columbia before a railway contract scandal unseated him in 1873 He conquered his drinking problem and rebuilt the Conservative Party to regain power in 1878 The centrepiece of his protectionist National Policy was the transcontinental railway but a western uprising in 1885 was followed by the controversial execution of rebel leader Louis Riel Although dominant nationally this popular hero had many flaws Macdonald at 200 presents fifteen fresh interpretations of Canada's founding prime minister published for the occasion of the bicentennial of his birth in 1815 Crisply written by recognized scholars and specialists the collection throws new light on Macdonald's formative role in shaping government promoting women's rights managing the nascent economy supervising westward expansion overseeing relations with Native peoples and dealing with Fenian terrorism A special section deals with how Macdonald has or has not been remembered by historians as well as the general public The book concludes with an afterword by prominent Macdonald biographer Richard Gwyn Macdonald emerges as a man of full dimensions an historical figure that is surprisingly relevant to our own times Includes John A Macdonald Macdonald at 200 *Great Western Railway of Canada* David R.P. Guay, 2015-12-05 It was one of the great railways that opened up Canada and played a huge role in the development of Hamilton the site of its head offices Yet the rise and fall of the Great Western Railway has been almost lost to memory David R P Guay provides the authoritative book of a great Canadian railway that history forgot **Extractives, Manufacturing, and Services** David O. Whitten, 1997-04-22 The second volume in the Handbook of American Business History series this book offers concise histories of extractive manufacturing and service industries as well as extensive bibliographic essays pointing to the leading sources on each industry and bibliographic checklists Supplementing other bibliographic materials in business history this volume provides researchers with a much needed path through the vast array of material available in the library and on the Internet Indicating which resources to check and which to bypass the book is a guide to a sometimes overwhelming amount of information Each of the book's chapters provides a concise industry history beginning with the industry's rise to importance in the U S and continuing to the present The bibliographic essays provide a narrative outline of the leading sources published or made available in archives libraries or museum collections since 1971 when Lovett's American Economic and Business History Information Sources was published Each discussion concludes with a bibliographic checklist of the titles mentioned in the essay as well as other titles In a rapidly expanding information society researchers teachers and students may be easily overwhelmed by the exhaustive material available in print and electronically What is useful and what can be ignored is a strategic question and few know where to begin This book provides a guide *Permeable Border* John J. Bukowczyk, This text examines the history of the Great Lakes Basin in relation to its importance as a place of social economic and political interaction between the United States and Canada **A Concise History of Canada** Margaret

Conrad,2022-08-11 A new edition of Margaret Conrad s lucid account of the diverse complex and often contested nation state of Canada *John A.: 1815-1867* Richard J. Gwyn,2007 But it wasn t easy The wily Macdonald faced constant crises throughout these years from Louis Riel s two rebellions through to the Pacific Scandal that almost undid his government and his quest to find the spine of the nation the railroad that would link east to west Gwyn paints a superb portrait of Canada and its leaders through these formative years and also delves deep to show us Macdonald the man as he marries for the second time deals with the birth of a disabled child and the assassination of his close friend Darcy McGee and wrestles with whether Riel should hang pub desc v 2 Railway Game J. Lukasiewicz,1976 Beyond the Noise of Solemn Assemblies Richard Allen,2019-01-15 Since the 1970s Richard Allen s scholarship on the social gospel has broken new ground in the field of Canadian social and religious history by recovering key aspects of the tradition and its contribution to reform movements and politics Beyond the Noise of Solemn Assemblies collects and extends many of his classic works to present a comprehensive overview of a major thread in the fabric of the country Observing the mutual foundations of political and religious traditions in myth and arguing that the sacred and the secular belong together in discussions of public affairs Allen contests the view that religion is personal and isolated from the public square He discusses a range of topics the transition from providential to progressive thought in nineteenth century Canada the new spirituality of social solidarity articulated by Winnipeg college students in the 1890s the role of the social gospel in pioneering urban reform farmers and workers finding in radical Christianity legitimation for political revolt Christian intellectuals in the 1930s framing a revolutionary prospectus for Depression era Canada the significance of Norman Bethune s religious upbringing for his life and work strategically focused post war ecumenical coalitions like Project North and the Latin American Working Group and the prospects for democratic socialism at the end of the Cold War Opening with a chapter relating the author s upbringing in a ministerial household dedicated to the Protestant ethic as the spirit of socialism Beyond the Noise of Solemn Assemblies represents a significant contribution to understanding the social Christian movement in Canada A History of Canadian Economic Thought Robin Neill,1991-06-06 A History of Canadian Economic Thought investigates the relationship between the evolution of economic theory and the particular geographical and political context of that theory Theories and policies are critiqued by testing them against both the conditions to which they were applied and against competing theories Not surprisingly Canadian economics reflects a number of significant issues in Canadian history Neill argues that there were distinctive economic movements in nineteenth century Ontario and in early twentieth century Quebec but that these have been displaced by an emerging North American discourse The book includes full accounts of the work of all the major figures in Canadian economics including John Rae H A Innis and Harry Johnson
