Philosophy Of Religion Introductory Essays:

Philosophy of Religion Thomas Jay Oord, 2003 Philosophy of Religion Introductory Essays is a straightforward introduction to the discipline This book offers a significant introductory essay for a variety of key issues as well as complete essays on topics rarely found in other texts These novel offerings fill a void while breaking new ground for introductory Philosophy of Religion for a New Century Jeremiah Hackett, Jerald Wallulis, 2004-04-30 philosophy of religion texts Philosophy of Religion for a New Century represents the work of nineteen scholars presented at a conference in honor of Eugene T Long at the University of South Carolina April 5 6 2002 This volume is a good example of philosophy in dialogue there is both respect and genuine disagreement First an account of our present situation in the Philosophy of Religion is given leading to a discussion of the very idea of a Christian Philosophy and the coherence of the traditional concept of God The implications of science and a concern for the environment in our concepts of God are carefully examined A discussion follows on the possibility of speech about God and silence about God Since much of modern European philosophy is concerned with the Death of God theme the positions of Nietzsche and some of his twentieth century interpreters are presented There are presentations on Feminist Approaches to Philosophy of Religion and Comparative Religion is examined in relation to cultures and the demands of rationality The volume concludes with a critical dialogue on the relation of Religious Discourse to the Public Sphere Developing global awareness has led to significant change in the Philosophy of Religion One dimensional approaches have given way to honest dialogue The traditional boundaries between the secular and the religious have shifted and new approaches to traditional problems are required. This volume presents examples of these new approaches The Uncontrolling Love of God Thomas Jay Oord, 2015-11-09 Rarely does a new theological position emerge to account well for life in the world including not only goodness and beauty but also tragedy and randomness Drawing from Scripture science philosophy and various theological traditions Thomas Jay Oord offers a novel theology of providence essential kenosis that emphasizes God s inherently noncoercive love in relation to creation **Philosophy in the Modern Era** Nathan Rotenstreich, 2023-12-14 This volume contains a collection of fifteen essays on Jewish Philosophy The essays deal with Moses Mendelssohn Hermann Cohen Franz Rosenzweig Martin Buber Abraham J Heschel and Gershom G Scholem The book starts with a lucid overview of nineteenth century Jewish Philosophy it can be regarded as a companion volume to the author's Jewish Philosophy in Modern Times Nathan Rotenstreich 1914 1993 was Professor of Philosophy at the Hebrew University of Jerusalem and Vice President of the Israeli Academy of Sciences and Humanities **An Introduction to Theology** Alfred Cave, 1886 I More than Others Eric R. Severson, 2009-12-14 Fyodor Dostoyevsky expressed a strange and surprising sentiment through one of the characters of The Brothers Karamazov A dying young man named Markel declares Every one of us has sinned against all men and I more than others He later says every one of us is answerable for everyone else and for everything Markel's absurd claims have engendered many reflections on the

nature of suffering and what it means to be responsible for someone else s suffering The world has no shortage of pain and evil what exactly is the relationship between suffering and responsibility Markel s declarations press forward a question that drives this essay collection how responsible should we consider ourselves for the suffering of the world This volume is a collection of essays that struggle in various ways to understand and respond to several philosophical theological and practical problems In each case the authors grapple with issues surrounding suffering immorality evil exploitation and oppression The contributors share a clear concern for the ways that philosophers and theologians should respond to the problems of suffering and evil They also share a conviction that these remain intense and central problems for philosophy and theology Evil is an obstacle for belief for morality for hospitality and for hope This book struggles to address the particular and strong sense of responsibility that falls on Christians when it comes to understanding and more importantly responding to the problems of suffering and evil in the world *Publishers' circular and booksellers' record*,1839
