Washington DC and the White House We remember our history the good along with the bad in order to learn from our mistakes Consequently in this book you will find all the great moments in the Gordon history since 66BC all the way up to 2020 You will also find the truth and the facts that point to unspeakable acts carried out sometimes in the name of the Gordon families other times just out of coincidence to them bearing the name of Gordon One such example would be the Highland clearances carried out by the Duke of Sutherland whose wife was Countess Elizabeth Gordon He committed an act of ethnic cleansing in the north of Scotland This is not something that gives me pride it is though part of my history and if you are a Gordon then it is part of your history especially if you can trace your roots back to that period in America Canada Newfoundland and Australia These were the predominant areas that the crofters from the north of Scotland were forced to flee too Gordons fought on both sides of the American Civil War The Gordons fought during the crusades it is even said that it was a Gordon that was responsible for the death of Richard The Lionheart This book is not a romanticised novel where facts are cherry picked I have written this as a non fiction work and as a starting point for any genealogical work you wish to embark upon I have taken information for many sources in order to complete this and I give thanks to the Encyclopaedia Britannica Wikipedia Ancestry online The Gordon Highlanders UK Census as well as reading many books on Scottish History and land ownership Long and Short of this book is that it is written by a Gordon for all Gordons Billboard ,2003-01-18 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **Rock Brands** Elizabeth Barfoot Christian,2010-12-22 Rock Brands Selling Sound in a Media Saturated Culture edited by Elizabeth Barfoot Christian is an edited collection that explores how different genres of popular music are branded and marketed today The book s core objectives are addressed over three sections In the first part of Rock Brands the authors examine how established mainstream artists bands are continuing to market themselves in an ever changing technological world and how bands can use integrated marketing communication to effectively brand themselves This branding is intended as a protection so that technology and delivery changes don t stifle the bands success KISS AC DC Ozzy Osbourne Phish and Miley Cyrus are all popular musical influences considered in this part of the analysis In the second section the authors explore how some musicians effectively use attention grabbing issues such as politics for example Kanye West and countless country musicians and religion such as with Christian heavy metal bands and Bon Jovi in their lyrics and also how imagery is utilized by artists such as Marilyn Manson to gain a fan base Finally the book will explore specific changes in the media available to market music today see M I A and her use of new media and similarly how these resources can benefit music icons even after they are long gone as with Elvis and Michael Jackson Rock Brands further examines gaming reality television and social networking sites as new outlets for marketing and otherwise experiencing popular music What makes some bands stand out

and succeed when so many fail How does one find a niche that isn't just kitsch and can stand the test of time allowing the musician to grow as an artist as well as grow a substantial fan base Elizabeth Barfoot Christian and the book's contributors expertly navigate these questions and more in *Rock Brands Selling Sound in a Media Saturated Culture* *The Encyclopedia of Popular Music* Colin Larkin, 2011-05-27 This text presents a comprehensive and up to date reference work on popular music from the early 20th century to the present day **Billboard**, 2002-12-21 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **This Is Your Song Too** Oren Kroll-Zeldin, Ariella Werden-Greenfield, 2023-09-05 Phish has a diehard fan base and a dedicated community of enthusiasts called Phishheads who follow the band around the country some fans attending every show What may be surprising is that a significant percentage of Phishheads are Jewish Two members of the band bassist Mike Gordon and drummer Jonathan Fishman were raised in Jewish households and Phish has been known to play Hebrew songs in concert At live shows many attendees some wearing T-shirts emblazoned with Phish written in Hebrew letters express feeling something special even distinctly Jewish during their performances As this book shows Phish is one avenue through which many Jews find cultural and spiritual fulfillment outside the confines of traditional and institutional Jewish life In effect Phish fandom and the live Phish experience act as a microcosm through which we see American Jewish religious and cultural life manifest in unique and unexpected spaces Featuring an interview with Mike Gordon and a collection of fascinating photographs *This Is Your Song Too* is an in depth look at Jewishness in the Phish universe that also provides a deeper understanding of how spirituality ritual and identity function in the world of rock and roll In addition to the editors the contributors include Evan S Benn Dean Budnick Jacob A Cohen Benjamin David Jessy Dressin Josh Fleet Mike Greenhaus Joshua S Ladon Noah Munro Lehrman Caroline Rothstein and Isaac Kandall Slone
