Richter, 2006-03-13 Recognizing the railroad s importance as both symbol and experience in Victorian America Amy G Richter follows women travelers onto trains and considers the consequences of their presence there For a time Richter argues nineteenth century Americans imagined the public realm as a chaotic and dangerous place full of potential where various groups came together collided and influenced one another for better or worse The example of the American railroad reveals how by the beginning of the twentieth century this image was replaced by one of a domesticated public realm a public space in which both women and men increasingly strove to make themselves at home Through efforts that ranged from the homey touches of railroad car decor to advertising images celebrating female travelers and legal cases sanctioning gender segregated spaces travelers and railroad companies transformed the railroad from a place of risk and almost unlimited social mixing into one in which white men and women alleviated the stress of unpleasant social contact Making themselves at home aboard the trains white men and women domesticated the railroad for themselves and paved the way for a racially segregated and class stratified public space that freed women from the home yet still preserved the railroad as a masculine domain **Encyclopedia of New Jersey** Maxine N. Lurie, Marc Mappen, 2004 Contains nearly original articles along with illustrations and maps collecting a wealth of information about the state of New Jersey **LIFE** , 1951-10-15 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use *The Printing Art* ,1919 Iron Women Chris Enss, 2021-03-01 2022 Will Rogers Medallion

Award Silver Winner for Western Non Fiction When the last spike was hammered into the steel track of the Transcontinental Railroad on May 10 1869 at Promontory Point Utah Western Union lines sounded the glorious news of the railroad's completion from New York to San Francisco For more than five years an estimated four thousand men mostly Irish working west from Omaha and Chinese working east from Sacramento moved like a vast assembly line toward the end of the track Editorials in newspapers and magazines praised the accomplishment and some boasted that the work that was begun carried on and completed solely by men The August edition of Godey's Lady's Book even reported No woman had laid a rail and no woman had made a survey Although the physical task of building the railroad had been achieved by men women made significant and lasting contributions to the historic operation However the female connection with railroading dates as far back as 1838 when women were hired as registered nurses stewardesses in passenger cars Those ladies attended to the medical needs of travelers and also acted as hostesses of sorts helping passengers have a comfortable journey Beyond nursing and service roles however women played a larger part in the actual creation of the rail lines than they have been given credit for Miss E F Sawyer became the first female telegraph operator when she was hired by the Burlington Railroad in Montgomery Illinois in 1872 Eliza Murfey focused on the mechanics of the railroad creating devices for improving the way bearings on a rail wheel attached to train cars responded to the axles Murfey held sixteen patents for her 1870 invention In 1879 another woman inventor named Mary Elizabeth Walton developed a system that deflected emissions from the smoke stacks on railroad locomotives She was awarded two patents for her pollution reducing device Their stories and many more are included in this illustrated volume celebrating women and the railroad

**Railroads, Art, and American Life** J. Craig Thorpe, 2023-02-28 Explore the past present and future of rail travel through 30 years of one artist's work Once a common part of the American landscape trains are increasingly fading from public view Though photographs can accurately convey the details of what where and when sometimes paintings can better convey the deeper truths of an era Collecting more than thirty years of paintings and renderings Railroads Art and American Life tells the story of rail transportation in America through the life and works of artist J Craig Thorpe Commissioned by companies such as Amtrak and General Electric Thorpe's work can be found featured on items ranging from catalogs to calendars postcards to posters His artwork depicts not only the golden age of train travel but considers the present and looks forward to a potential future Featuring more than 130 color illustrations and combining history biography ethics and humor Thorpe's personal story joins with his paintings to invite the reader to relive the heyday of American rail and better understand the role of railroads in our society today
