Phoebes First Campaign:

History of Phoebe Home, Allentown, Pa., for the First Fifty Years of Its Existence, 1903-1953 Harry Martin John Klein, 1955 *Phoebe's Duty* Lesley-Anne McLeod, 2016-09-16 Phoebe Rackson is determined to help her family's faltering finances. When she learns of the Soho Bazaar established specifically to aid the widows and orphans of war casualties, she sees a way. After convincing her widowed mother of the wisdom of her plan to take counter space at the Bazaar, she organizes the entire family and sets up in business. The Honourable Tobias Wavendon, likes the Soho Bazaar. Prohibited from a military career by his family, he takes an interest in helping the families of deceased soldiers. Whenever he can, he makes purchases at the Bazaar, and his three sisters are among the fashionable clients of the popular establishment. He finds the goods, and the young woman in attendance at one counter of particular interest. The finely crafted needlework provides him with gifts, and the detailed wooden carvings intrigue him. The dedicated, determined young lady who operates the stall fascinates him. When his idle brother, heir to their father's earldom, learns of his interest in that certain stall holder, he decides to make mischief. Phoebe Rackson is confused. One of her customers, dark haired and attractive, is reserved, polite, and kindly one day, and flirtatious, indiscreet, and merry the next. The turmoil he causes escalates until she forbids him to visit her stall. Their mutual attraction, though ill-fated, cannot be denied. Class pride and fortune stand in their way, and duty becomes a curse. **1979 Election Petition Judgement, Phoebe Asiyo** Kenya. High Court, 1983 *Scandalous Passion* Emilie Rose, 2005 Everyone has at least one secret. And Phoebe Lancaster's could ruin her life. If the intimate photographs of her with her college lover, Carter Jones, ever came to light, it could end her grandfather's political career. That's why she'll do anything to get them back, even if it means seeing Carter again. *Walking on Air* Janann Sherman, 2011-08-01 Aviation pioneer Phoebe Fairgrave Omlie, 1902-1975, was once one of the most famous women in America. In the 1930s, her words and photographs were splashed across the front pages of newspapers across the nation. The press labeled her second only to Amelia Earhart among America's women pilots, and First Lady Eleanor Roosevelt named her among the eleven women whose achievements make it safe to say that the world is progressing. Omlie began her career in the early 1920s when aviation was unregulated and open to those daring enough to take it on, male or female. She earned the first commercial pilot's license issued to a woman and became a successful air racer. During the New Deal, she became the first woman to hold an executive position in federal aeronautics. In *Walking on Air*, author Janann Sherman presents a thorough and entertaining biography of Omlie. In 1920, the Des Moines, Iowa native bought herself a Curtiss JN 4D airplane and began learning how to fly and perform stunts with her future husband, pilot Vernon Omlie. She danced the Charleston on the top wing, hung by her teeth below the plane, and performed parachute jumps in the Phoebe Fairgrave Flying Circus. Using interviews, contemporary newspaper articles, archived radio transcripts, and other archival materials, Sherman creates a complex portrait of a daring aviator struggling for recognition in the early days of flight and a detailed examination of how American flying changed over the twentieth century.

Lincoln's Admiral: The Civil War Campaigns of David Farragut James P. Duffy, 2015-04-07 This vivid and impeccably researched book details the life and Civil War battles of Admiral David Farragut. It shines a spotlight and shares new details about the admiral's leadership of the mission to recapture the port of New Orleans from the Confederacy, a campaign historians consider one of the most daring in military history. Farragut is perhaps best known for his order to "Damn the torpedoes, full speed ahead" during the Battle of Mobile Bay, which has become a touchstone and rallying cry for the United States Navy. A sweeping and riveting telling of Farragut's career and campaigns, *Lincoln's Admiral* offers fascinating insights into the strategy and decisions of one of the greatest military leaders on the Civil War and of all time.

Barnstormers, Wing-Walking and Flying Circuses Peter C. Brown, 2022-04-21 While large numbers of aeroplanes had been produced in America for the war effort overseas at the Western Front, it was found that the British, French and Germans were far ahead of them when it came to flight technology, which led to a huge surplus of aeroplanes in the United States. The government's solution to recover some of the money was to sell the surplus stock off for as little as 200 dollars each. With no licence being required to fly a plane, the offer attracted many ex-fighter pilots as well as civilians who developed a new American pastime known as barnstorming. Part entertainers, part thrill seekers, the barnstormers made their way across the country as solo acts and in groups called Flying Circuses. The American flier Ormer Locklear wowed the crowds by climbing out of his aeroplane and walking along the wing, and it wasn't long before flying circuses held less appeal for spectators if it didn't have a wing-walking act. Handstands, jumps across planes and even the odd game of tennis were attempted by barnstormers to attract larger paying audiences. In 1936 the US Government banned wing walking under 1,500 ft, which doomed aerial stunting, and while a few wing walking teams operated in the 1970s, it wasn't until barnstormer Vic Norman founded his famous AeroSuperBatics wing walking team in the early 1980s that the sight of daredevils hand-standing and flying upside down on the wing was seen in Europe. Several teams around the world subsequently formed using aeroplanes such as the Boeing Stearman or the Curtiss Jenny biplanes to wow crowds as a part of regular air displays, and their appeal has continued to rise since the 2000s.

The Family Tabor Cherise Wolas,2018-07-17 A family reflects on their troubles when their patriarch is honored in this fascinating story about family faith and loyalty An utterly hypnotic generational saga cerebral and finely tuned a supple and engrossing read highly recommended *Chicago Review of Books*

Harry Tabor is about to be named Man of the Decade a distinction that feels like the culmination of a life well lived Gathering together in Palm Springs for the celebration are his wife Roma a distinguished child psychologist and their children Phoebe a high powered attorney Camille a brilliant social anthropologist and Simon a big firm lawyer who brings his glamorous wife and two young daughters But immediately cracks begin to appear in this smooth facade Simon hasn't been sleeping through the night Camille can't decide what to do with her life and Phoebe is a little too cagey about her new boyfriend Roma knows her children are hiding things What she doesn't know what none of them know is that Harry is suddenly haunted by the long buried secret that drove him decades ago to relocate his young family to the California desert As the ceremony nears the family members are forced to confront the falsehoods upon which their lives are built Set over the course of a single weekend and deftly alternating between the five Tabors this provocative gorgeously rendered novel reckons with the nature of the stories we tell ourselves and our family and the price we pay for second chances Intriguing Wolas illuminates the rich complex histories of the older Tabor generations when they were Tabornikovs and the sense of loyalty to one's family history is so vivid in the novel it is practically its own character The New York Times Book Review Wolas writes with gorgeous intensity about the strata of loving relationships that entwine families in all their messy contradictions that often stubbornly resist transparency the truth and resolution Savor this Library Journal starred review [Catalogue Raisonné of the Alaska Commercial Company Collection](#), Phoebe Apperson Hearst Museum of Anthropology Nelson H. Graburn, Molly Lee, Jean-Loup Rousselot, Alaska Commercial Company Collection, 1996 This book documents with photographs and complete descriptions the more than 2 200 Native Alaskan Eskimo Aleut Northwest Coast and Athapaskan objects originally collected by the Alaska Commercial Company and donated to the University of California in 1897 Introducing the catalogue are essays on the historical background and cultural context and significance of the collection Also included are indexes of personal and geographical names and a concordance [Class, Culture and Community](#) Anne Baldwin, Chris Ellis, 2012-11-15 In recent years historians have debated fervently on the reason for the decline of British Labour History as an academic discipline Most certainly the challenge of Thatcherism to the working classes and trade unions in the 1980s and the fragmentation of Labour history into gender studies industrial studies and women's history have contributed to its apparent decline Post modernists challenges to the concept of class culture and community have done their damage As a result Labour history in its broad school sense has been taught less and less in British universities Yet it survives and there are grounds for believing that it will revive This collection of chapters arose from a conference held at the University of Huddersfield in November 2010 held under the auspices of the Society for the Study of Labour History where nineteen papers were presented Ten of this disparate array of papers form the basis of this collection The theme of community and localised struggle form the first section ranging as it does from the newspapers representation of Yorkshire miners to brass bands and the development of separate culture The second section deals with the more traditional trade unionism and varieties of industrial struggle The

third section focuses upon the political aspects of working class activity drawing upon the role of women and Labour policy on steel nationalisation and defence The fourth deals with radicalism ranging from the failure of Chartism the policy of working class organisations to emigration and the failure of the soft section of the British left in the 1920s and 1930s There is no all embracing concept here for what is a varied collection of chapters However what can be said is that British Labour history continues to provide new areas for research Indeed its death as an academic discipline has been greatly exaggerated This collection of book chapters represents the current revival in Labour history which has emerged in a form that brings together community and culture alongside class and political representation to explore the breadth and depth of working class identity
