Phoenix Policing The Shadows:

Phoenix Jack Holland, Susan Phoenix, 1997 A controversial insight into the RUC by the widow of anti terrorist officer Ian Phoenix who was killed in the chinook crash of 1994 along with 24 other top anti terrorist intelligence officers The book is based on Ian s diaries uncovering the workings of covert operations in Northern Ireland *Phoenix* Jack Holland and Susan Phoenix Staff, 1997-06-05

Agents of Influence Aaron Edwards, 2021-04-09 Recruited by British Intelligence to infiltrate the IRA and Sinn F in during the height of the Northern Ireland Troubles they were agents of influence With codenames like INFLICTION STAKEKNIFE 3007 and CAROL these spies played a pivotal role in the fight against Irish republicanism Now for the first time some of these agents have emerged from the shadows to tell their compelling stories Agents of Influence takes you behind the scenes of the secret intelligence war which helped bring the IRA s armed struggle to an end Historian Aaron Edwards the critically acclaimed author of UVF Behind the Mask explains how the IRA was penetrated by British agents with explosive new revelations about the hidden agendas of prominent republicans like Martin McGuinness and Freddie Scappaticci and lesser known ones like Joe Haughey and John Joe Magee Bringing to light recently declassified TOP SECRET documents and the firsthand testimonies of agents and their handlers Edwards reveals how British Intelligence gained extraordinary access to the IRA s inner circle and manipulated them into engaging with the peace process With new insights into the spy masters behind the scenes their strategies and tactics and Britain s international intelligence network in Northern Ireland Europe and beyond Agents of Influence offers a rare and shocking glimpse into the clandestine world of secret agents British intelligence strategy and the betrayal at the heart of militant Irish republicanism during the vicious decades of the Troubles

To a Dark Place Ken Wharton, 2022-01-13 Between 1969 and 1998 over 4 000 people lost their lives in the small country of Northern Ireland The vast majority of these deaths were sectarian in nature and involved ordinary civilians killed by the various paramilitary groups These organisations murdered freely and without remorse considering life a cheap price to pay in the furtherance of their cause The words Why us were uttered by many families whose lives were ripped asunder by The Troubles Thousands of innocents received a life sentence at the hands of the terrorists these then are their words the words of those who survived such attacks and of those left behind These poignant and tragic stories come from the people who have been forced to live with the emotional shrapnel of terrorism

Does Terrorism Work? Richard English, 2019-02-21 Terrorism is one of the most significant security threats that we face in the twenty first century Not surprisingly there is now a plethora of books on the subject offering definitions of what terrorism is and proffering advice on what causes it and how states should react to it But one of the most important questions about terrorism has until now been left remarkably under scrutinized does it work Richard English now brings thirty years of professional expertise studying terrorism to the task of answering this complex and controversial question Focussing principally on four of the most significant terrorist organizations of the last fifty years al Qaida the Provisional IRA Hamas

and ETA and using a wealth of interview material with former terrorists as well as those involved in counter terrorism he argues that we need a far more honest understanding of the degree to which terrorism actually works as well as a more nuanced insight into the precise ways in which it does so Only then can we begin to grapple more effectively with what has become one of the most challenging and eye catching issues of our time [Times of Troubles](#) Andrew Sanders,2012-05-02

This is the first academic study of the British Army in Northern Ireland It investigates the complex experiences of English Scottish Welsh and Irish soldiers alike during the often controversial Operation Banner 1969 2007 The experiences of these soldiers raise many important and difficult questions on war and policy When do troubles riots and insurgency become war How does a liberal state respond to an internal war within its own borders How does it decide on its rules of engagement for its armed forces Featuring key interviews with former soldiers paramilitaries and Special Branch detectives amongst other key actors the authors attempt to answer these questions and enhance our knowledge of conflict resolution by providing a deep analysis of one of the most significant British military operations since the Second World War **Consociational**

Theory Rupert Taylor,2009-03-20 Consociational power sharing is increasingly gaining ground right around the world as a means for resolving political conflict in divided societies In this volume edited by Rupert Taylor nineteen internationally respected scholars engage in a lively debate about the merits of the theory underlying this approach The volume focuses specifically on one of the leading cases under the global spotlight the Northern Ireland conflict and brings together the most prominent proponents and opponents of consociationalism Northern Ireland's transition from war to peace is seen by consociationalists as flowing from the historic Belfast Agreement of 1998 and specifically from the Agreement's consociational framework The Northern Ireland case is marketed by consociationalists as representing best practice and as providing a template for ending conflicts in other parts of the world However as this volume interrogates on what grounds and to what extent can such a positive reading be upheld Taken as a whole this volume structured as a symposium around the highly influential argument of John McGarry and Brendan O Leary offers comparative engaging and critical insight into how political theory can contribute to the creation of a better world Consociational Theory is an important text for anyone with an interest in political theory conflict resolution in divided societies or Irish politics **Breaching the Fortress Wall**

Brian A. Jackson,2007 The level of threat posed by a terrorist group is determined in large part by its ability to build its organizational capabilities and bring those capabilities to bear in violent action As part of homeland security efforts technology systems play a key role within a larger integrated strategy to target groups efforts and protect the public from the threat of terrorist violence Terrorist organizations are acutely aware of government efforts to deploy these systems and actively seek ways to evade or counteract them This study draws on relevant data from the history of a variety of terrorist

Dirty Wars Dr Simon Innes-Robbins,2016-10-06 Who is the enemy This is the question most asked in modern warfare gone are the set piece conventional battles of the past Once seen as secondary to more traditional conflicts irregular warfare

as modified and refashioned since the 1990s now presents a major challenge to the state and the bureaucratic institutions which have dominated the twentieth century and to the politicians and civil servants who formulate policy. Twenty first century conflict is dominated by counterinsurgency operations where the enemy is almost indistinguishable from innocent civilians. Battles are gunfights in jungles, deserts and streets; winning hearts and minds is as important as holding territory. From struggles in South Africa, the Philippines and Ireland to operations in Iraq, Afghanistan and Chechnya, this book covers the strategy and doctrine of counterinsurgency and the factors which ensure whether such operations are successful or not. Recent ignorance of central principles and the emergence of social media which has shifted the odds in favour of the insurgent have too often resulted in failure, leaving governments and their security forces embedded in a hostile population immersed in costly and dangerous nation building.

An Atlas of Irish History Ruth Dudley Edwards, Bridget Hourican, 2005. Combining over 100 beautifully crafted maps, charts and graphs with a narrative packed with facts and information, *An Atlas of Irish History* provides coverage of the main political, military, economic, religious and social changes that have occurred in Ireland and among the Irish abroad over the past two millennia. Ruth Dudley Edwards and Bridget Hourican use the combination of thematic narrative and visual aids to examine and illustrate issues such as the Viking invasions of Ireland, the Irish in Britain pre and post famine, agriculture, population change, twentieth century political affiliations. This third edition has been comprehensively revised and updated to include coverage of the many changes that have occurred in Ireland and among its people overseas. Taking into consideration the main issues that have developed since 1981 and adding a number of new maps and graphs, this new edition also includes an informative and detailed section on the troubles that have been a feature of Irish life since 1969. *An Atlas of Irish History* is an invaluable resource for students of Irish history and politics and the general reader alike.

Peace Without Consensus Mary-Alice C. Clancy, 2016-05-13. *Peace Without Consensus* demonstrates that the rise of Sinn Féin and the Democratic Unionist Party (DUP) was not inevitable. Rather, it argues that critics who blame Northern Ireland's power sharing institutions for the electoral triumph of the political extremes in 2003 have not fully considered how the US, British and Irish governments contributed to this outcome. Through interviews with key US, British and Irish officials, this groundbreaking analysis, which represents the first examination of the Bush administration's vital role in the peace process, demonstrates that Washington and Dublin were considering a deal between the DUP and Sinn Féin as early as 2002. Profiled in the *Guardian*, the *Observer*, BBC Radio Four, the *Irish Independent* and in Henry McDonald's *Guns, Smoke and Mirrors*, Mary-Alice C. Clancy's theoretically informed and empirically grounded book presents new and salient lessons for other regions embroiled in conflict and should be read by all those interested in Northern Ireland's peace process and US foreign policy.

A Broad Church Gearóid Ó Faoleáin, 2019-03-15. This groundbreaking book is the first to detail, with startling new revelations, just how integral the Republic of Ireland was to the Provisional IRA's campaign at every level. The sheer level of sympathy and support that existed for militant republicanism in

Southern Irish society demonstrates that the longevity of the Troubles was due in large part to this widespread tolerance and aid. No Irish political party was without members who aided the Provisional IRA in their early years of their campaign as former IRA volunteers attest to in interviews and previously unpublished accounts of training camps in the Republic. Juried courts for IRA suspects were phased out as both juries and judges were regularly acquitting republicans in cases of blatant IRA activity and juries often celebrated with or congratulated the defendants in discussion with the British government. Taoiseach Jack Lynch even named judges who were deemed overly sympathetic to the IRA. The extent of activity training financing armed robberies demonstrations and goodwill for the IRA in the Irish Republic is rarely if ever acknowledged in Irish mainstream media or the education curriculum.

A Broad Church: The Provisional IRA in the Republic of Ireland 1969-1980 will dramatically change that view forever.

Out of the Ashes Robert White, 2017-04-25. Out of the Ashes is the definitive history of the Provisional Irish Republican movement from its formation at the outset of the modern Troubles up to and after its official disarmament in 2005. Robert White, a prolific observer of IRA and Sinn Féin activities, has amassed an incomparable body of interview material from leading members over a thirty year period. In this defining study, the interviewees provide extraordinary insights into the complex motivations that provoked their support for armed struggle, their eventual reform, and the mind set of today's dissidents who refuse to lay down their arms. Those interviewed stem from every stage of the Provisionals' history from founding figures such as Seán Mac Stiofáin, Ruairí Ó Brádaigh and Joe Cahill to the new generation that replaced them: Martin McGuinness, Danny Morrison and Brendan Hughes among others. Out of the Ashes is a pioneering history that breaks new ground in defining how the Provisionals operated, caused worldwide condemnation and were transformed by constitutional politics.

The Maze Prison Tom Murtagh OBE, 2018-02-20. The Maze Prison shows how an establishment built to hold those involved in terrorism atrocities, murder and allied crimes became a pawn in the partisan conflict that was Northern Ireland. There followed a breakdown of norms, values and control as the last of these shifted from Governors to Ministers, outside officials and even prisoners. This led to the often random killing of prison officers and countless allegations, denials and obfuscations as Prison Rules came into conflict with claims to be treated as prisoners of war or be given Special Category status. A social document par excellence, this stark slant on The Troubles and Peace Process cuts through the propaganda and base politics to reveal the truth about the H-Blocks, hunger strikes, escapes and power struggles. Based on actual records and personal accounts, it challenges myths and legends to warn how easily a community can descend into what the author calls anomie. An invaluable record of one of the most dangerous prisons in the world. A must read for those interested in the legacy of our troubled past. Tom Murtagh restores the balance, exposes the truth and gives a unique insight into the mind set of the terrorist godfathers incarcerated in the Maze. The Rt Hon Sir Jeffrey Donaldson MP. This book gives an accurate account of events as I recall them. John Semple, Former Deputy Director of Operations, Northern Ireland Prison Service. This is an important book. Phillip Wheatley, former Director, National Offender Management.

Sectarian murder torture bloody power struggles and racketeering are what for many define their image of the Ulster Defence Association Yet as Northern Ireland's Troubles worsened in 1971 and 1972 it emerged with a mass membership to defend Loyalist areas against the IRA and to uphold the Union with Britain By 1974 it was able to defy the will of an elected government and it went on to formulate political strategies for working class Loyalism Ian S Wood uses his specialist knowledge as well as extensive interviews to recount these events and the ruthless war waged by the UDA on the nationalist community He explores issues such as the UDA's descent into criminality and its relationship with the secret war conducted by Britain's undercover services and he assesses what impact the organisation had on the outcome of Europe's worst political and ethnic conflict between 1945 and the break up of the Soviet Union and Yugoslavia after 1990 Northern Ireland: An Agony Continued Ken Wharton, 2015-05-19 This book is called An Agony Continued because it was simply that an agony It was an agony which commenced at the end of the 1960s and as the new decade of the 80s arrived so the pain the grief the loss and the economic destruction of Northern Ireland continued Little did any of us know at the time but it was to do so for almost a further two decades Between January 1980 and December 1989 around 1 000 people died many were soldiers and policemen some were Prison Officers some were paramilitaries and some were innocent civilians The Provisional IRA PIRA and their slightly more psychopathic cousins in the Irish National Liberation Army INLA would continue to kill innocent civilians by the score during this decade Across the sectarian divide the Ulster Freedom Fighters UFF and the equally vicious Ulster Volunteer Force UVF would continue to slaughter Catholics in streets in pubs and in restaurants This book will look at the period which encompassed the 48 months of 1980 and 1983 It was a near half decade which saw the Hyde Park and Regent's Park massacre of soldiers and horses from the Blues and Royals and the cowardly bombing of the Royal Green Jackets band It further witnessed the murder of 18 people by the INLA at a disco held in the Droppin Well in Ballykelly and also the death of the leader of the Shankill Butchers Lenny Murphy The years under study include the 1981 deaths of ten Republican paramilitaries who starved themselves to death in protest against the loss of their status as political prisoners As ever this book pulls no punches in its absolute detestation of both Republican and Loyalist paramilitaries This book continues Ken Wharton's epic journey through the Troubles in Northern Ireland viewed primarily through the eyes of the British Army squaddies on the ground
