British Journal of Photography William Crookes,T.A. Malone,George Shadbolt,J. Traill Taylor,William Blanchard Bolton,Thomas Bedding,1905 **Impressed by Light** Roger Taylor,Larry John Schaaf,2007 Sumario Photography and an age of paradox The formative years the calotype in the 1840s The great exhibition of 1851 Battling patents and gaining legitimacy The calotype finds its place Subjects fit for the camera British sensibilities 1855 1857 Echoes of the grand tour Under an Indian sky Commercialism advances the calotype declines **The British Journal of Photography** William

Crookes,T. A. Malone,George Shadbolt,J. Traill Taylor,William Blanchard Bolton,Thomas Bedding,1917 **The Gender of Photography** Nicole Hudgins,2020-09-02 It would be unthinkable now to omit early female pioneers from any survey of photography s history in the Western world Yet for many years the gendered language of American British and French photographic literature made it appear that women s interactions with early photography did not count as significant contributions Using French and English photo journals cartoons art criticism novels and early career guides aimed at women this volume will show why and how early photographic clubs journals exhibitions and studios insisted on masculine values and authority and how Victorian women engaged with photography despite that dominant trend Focusing on the period before 1890 when women were yet to develop the self assurance that would lead to broader recognition of the value of their work this study probes the mechanisms by which exclusion took place and explores how women practiced photography anyway both as amateurs and professionals Challenging the marginalization of women s work in the early history of photography this is essential reading for students and scholars of photography history and gender studies **Photography**,1908 **All the Mighty World** Gordon Baldwin,Malcolm R. Daniel,Sarah Greenough,Roger Fenton,2004 Roger Fenton

1819 1869 was England s most celebrated photographer during the 1850s the young medium s most glorious moment After studying law and painting Fenton took up the camera in 1851 and immediately began to produce highly original images During a decade of work he mastered every photographic genre he attempted architectural photography landscape portraiture still life reportage and tableau vivant This volume presents ninety of Fenton s finest photographs exactly reproduced Six leading scholars have contributed nine illustrated essays that address every aspect of Fenton s career as well as a comprehensive documented chronology BOOK JACKET Official Year-book of the Scientific and Learned Societies of Great Britain and Ireland ,1898
