Grammar, Gesture, and Meaning in American Sign Language Scott K. Liddell,2003-03-13 In sign languages of the deaf some signs can meaningfully point toward things or can be meaningfully placed in the space ahead of the signer This obligatory part of fluent grammatical signing has no parallel in vocally produced languages This book focuses on American Sign Language to examine the grammatical and conceptual purposes served by these directional signs It guides the reader through ASL grammar the different categories of directional signs the types of spatial representations signs are directed toward how such spatial conceptions can be represented in mental space theory and the conceptual purposes served by these signs The book demonstrates a remarkable integration of grammar and gesture in the service of constructing meaning These results also suggest that our concept of language has been much too narrow and that a more comprehensive look at vocally produced languages will reveal the same integration of gestural gradient and symbolic elements *The Phonology of Shanghai Sign Language* Jisheng Zhang,Yanhong Wu,Shengyun Gu,Feng Yang,Yin'er Zhu,Jeroen van de Weijer,2024-09-02
 Applying the framework of the Prosodic Model to naturalistic data this book presents a systematic study of the phonological structure of Shanghai Sign Language SHSL It examines the handshape inventory of SHSL in terms of its underlying featural specifications phonetic realization and phonological processes such as assimilation epenthesis deletion coalescence non dominant hand spread and weak drop The authors define the role of the prosodic hierarchy in SHSL and analyze the linguistic functions of non manual markers This systematic investigation not only contributes to our understanding of SHSL itself but also informs typological research on sign languages in the world **American Sign Language Syntax** Scott K. Liddell,2021-03-22 No detailed description available for American Sign Language Syntax *American Sign Language: Units 10-18* Dennis Cokely,Charlotte Lee Baker-Shenk,1991 **Crosslinguistic Studies on Noun Phrase Structure and**
