Phyllis Shand Allfrey:

Phyllis Shand Allfrey Lizabeth Paravisini-Gebert, 1996 Phyllis Shand Allfrey is the first biography of one of the Caribbean's most intriguing writers and politicians Allfrey 1908 1986 is best known as the author of *The Orchid House* a fictionalized account of her early life that was turned into a highly acclaimed film for British television Born to a prominent family of formerly wealthy sugar planters in Dominica Allfrey followed an unexpected path a rising novelist who is often paired with Jean Rhys in critical discussion and Fabian socialist in England and the United States she returned to Dominica to organize the peasantry and estate workers into the island's first political party Ostracized by the white elite into which she was born she led the Dominica Labour party to power and became the West Indian Federation's only woman and only white minister only to find herself expelled from the party when the rise of black nationalism made it expedient The biography recreates Allfrey's life as it unfolds against the background of twentieth century Caribbean political and literary history from the decline of the planter class through the rise of party politics and the efforts to join the anglophone West Indies into a federation to the troubled sixties and seventies decades marked by racial violence and the emergence of the former British territories from colonial control This volume includes five autobiographical stories that have long been out of print *It Falls Into Place* Phyllis Shand Allfrey, 2004 These tantalizing stories set in Dominica New York and London yet always steeped in an unmistakably West Indian identity probe beneath the surface of colonial life often drawing on autobiographical experience *The Orchid House* Phyllis Shand Allfrey, 1997 Often praised for the clear-sightedness of its analysis of the Dominican historical process *The Orchid House* stands at a crucial intersection of West Indian politics It was during this period that the colonized took over from the colonizer the direction of local governments Allfrey a Fabian socialist and founder of Dominica's first political party articulates in this novel the central tenet of a political philosophy that guided a lifetime of grassroots activism that profound changes had to take place in the power structures of Caribbean societies to bring social justice to its peoples and that those who persevered in seeking to revive the past were doomed **The Poetry of Phyllis Shand Allfrey** Arthur J. Seymour, 198? **Love for an Island** Phyllis Shand Allfrey, 2017-09-22 *Love for an Island* brings together the poems of Phyllis Shand Allfrey for the first time Written over four decades the collection reflects Allfrey's personal circumstances of place and politics both tropical and temperate Allfrey 1908 1986 was a white Dominican who defied her class and colour in her politics and her writing *Her True-true Name* Pamela Mordecai, Betty Wilson, 1989 31 women writers from throughout the Caribbean express the loss and the longing the pride and passion of the Caribbean identity *Contemporary Caribbean Women's Poetry* Denise deCaires Narain, 2003-08-29 *Contemporary Caribbean Women's Poetry* provides detailed readings of individual poems by women poets whose work has not yet received the sustained critical attention it deserves These readings are contextualized both within Caribbean cultural debates and postcolonial and feminist critical discourses in a lively and engaged way revisiting nationalist debates as well as topical issues about the

performance of gendered and raced identities within poetic discourse Newly available in paperback this book is groundbreaking reading for all those interested in postcolonialism Gender Studies Caribbean Studies and contemporary poetry

I Used to Live Here Once: The Haunted Life of Jean Rhys Miranda Seymour, 2022-06-28 Enthralling Seymour powerfully evokes the world from which Rhys never really escaped one of prejudice abuse and abuse s shamefaced offspring complicity James Wood *The New Yorker* An intimate profoundly moving biography of Jean Rhys acclaimed author of *Wide Sargasso Sea* Jean Rhys is one of the most compelling writers of the twentieth century Memories of her Caribbean girlhood haunt the four short and piercingly brilliant novels that Rhys wrote during her extraordinary years as an exile in 1920s Paris and later in England a body of fiction above all the extraordinary *Wide Sargasso Sea* that has a passionate following today And yet her own colorful life including her early years on the Caribbean island of Dominica remains too little explored until now In *I Used to Live Here Once* Miranda Seymour sheds new light on the artist whose proud and fiercely solitary life profoundly informed her writing Rhys experienced tragedy and extreme poverty alcohol and drug dependency romantic and sexual turmoil all of which contributed to the Rhys woman of her oeuvre Today readers still intuitively relate to her unforgettable characters vulnerable watchful and often alarmingly disaster prone outsiders women with a different way of moving through the world And yet while her works often contain autobiographical material Rhys herself was never a victim The figure who emerges for Seymour is cultured self mocking unpredictable and shockingly contemporary Based on new research in the Caribbean a wealth of never before seen papers journals letters and photographs and interviews with those who knew Rhys *I Used to Live Here Once* is a luminous and penetrating portrait of a fascinatingly elusive artist

Voyages in the Dark Karina Williamson, 1989 Caribbean Literature in Transition, 1920-1970: Volume 2 Raphael Dalleo, Curdella Forbes, 2021-01-14 The years between the 1920s and 1970s are key for the development of Caribbean literature producing the founding canonical literary texts of the Anglophone Caribbean This volume features essays by major scholars as well as emerging voices revisiting important moments from that era to open up new perspectives Caribbean contributions to the Harlem Renaissance to the Windrush generation publishing in England after World War II and to the regional reverberations of the Cuban Revolution all feature prominently in this story At the same time we uncover lesser known stories of writers publishing in regional newspapers and journals of pioneering women writers and of exchanges with Canada and the African continent From major writers like Derek Walcott V S Naipaul George Lamming and Jean Rhys to recently recuperated figures like Eric Walrond Una Marson Sylvia Wynter and Ismith Khan this volume sets a course for the future study of Caribbean literature

The Oxford History of the Novel in English Simon Gikandi,2016-10-03 The Novel in Africa and the Caribbean since 1950 examines the institutional and social peculiarities that make fiction produced in Africa and the Atlantic World since 1950 important to the history of the novel in English **CARIBBEAN-OPEDIA** samuel nathan,2013-01-01 Caribbeab Opedia is a collection of profiles about individuals who contributed or made inputs to the development of our region It serves as a foundation or starting point suitable for further development that will enhance knowledge about efforts that we as a people invested towards where we are today **Searching for Safe Spaces** Myriam Chancy,1997-09-05 Home Exile Return Words heavy with meaning and passion For Myriam Chancy these three themes animate the lives and writings of dispossessed Afro Caribbean women Understanding exile as flight from political persecution or types of oppression that single out women Chancy concentrates on diasporic writers and filmmakers who depict the vulnerability of women to poverty and exploitation in their homelands and their search for safe refuge These Afro Caribbean feminists probe the complex issues

of race nationality gender sexuality and class that limit women's lives. They portray the harsh conditions that all too commonly drive women into exile depriving them of security and a sense of belonging in their adopted countries the United States Canada or England. As they rework traditional literary forms artists such as Joan Riley Beryl Gilroy M Noubese Philip Dionne Brand Makeda Silvera Audre Lorde Rosa Guy Michelle Cliff and Mari Chauvet give voice to Caribbean women's alienation and longing to return home. Whether their return is realized geographically or metaphorically the poems fiction and film considered in this book speak boldly of self definition and transformation. Sea Change Christina Gerhardt, 2023-05-23 Low lying island nations are least responsible for global warming but they are already suffering its impacts severely and disproportionately. According to the International Panel on Climate Change island nations are responsible for 0.03% of global emissions. A weave of essays maps poems and illustrations. Sea Change presents the impacts of and solutions to sea level rise. An essay drawing on interviews scientific reports academic scholarship and archival research shares their histories present day challenges and efforts toward livable futures. A map shows the inundation zones. Poems breathe life into the analysis. **Encyclopedia of Post-Colonial Literatures in English** Eugene Benson, L.W. Conolly, 2004-11-30 Post Colonial Literatures in English together with English Literature and American Literature form one of the three major groupings of literature in English and as such are widely studied around the world. Their significance derives from the richness and variety of experience which they reflect. In three volumes this Encyclopedia documents the history and development of this body of work and includes original research relating to the literatures of some 50 countries and territories. In more than 1 600 entries written by more than 600 internationally recognized scholars it explores the effect of the colonial and post colonial experience on literatures in English worldwide. Hotbeds Pia Thielmann, 2004 Inter racial relationships may be complicated by social attitudes and mind sets born in colonialism slavery or more modern invidious European or African racism or they may be challenged by differing expectations of cultural norms. Drawing on theories of black American cultural criticism African nationalism and gender analysis the critic Pia Thielmann analyses a range of novels from three continents which in different ways thematise the personal cultural and social aspects of relationships and which in a manner of respect are deemed to be crossing social boundaries. Centring the Periphery Patrick L. Baker, 1994-03-01 The concept of centring is used to mean ordering the world and Baker links this to ideas in chaos theory which views order and disorder as mutually generative phenomena rather than static antinomies. Thus strategies to control disorder and create and maintain order may suddenly precipitate change. Baker's application of these theories to an island nation that has received little detailed attention in the past makes this a highly original work as does his holistic post modern perspective. In addition to presenting a sensitive historical analysis he confronts the dilemma of meaning in peripheral situations and the experience of dependency in the world system. Centring the Periphery is germane to understanding the majority of the world's people and makes a significant contribution to the study of society in developing nations.
