Plays by August Strindberg August Strindberg, 1916-02-27 The province of Dalecarlia has often been called the heart of Sweden It is a centrally located inland province said to contain a sample of everything the country can offer in the way of natural beauty For centuries it played a remarkable part in Swedish history taking the leadership time and again in the long struggle to rid the nation of a perverted and abused union with Denmark and Norway It has preserved the original stock the original language and the original customs of the race as no other province The dialects used in Dalecarlia are among the most difficult to understand for outsiders and have an air of antiquity that irresistibly leads the thought back to old Norse The picturesque costumes characteristic of the different parishes are still in use and one of these that of Rättvik has almost become the national costume of Sweden
