PEACE STUDIES, PUBLIC POLICY AND GLOBAL SECURITY - Volume IV Ursula Oswald Spring, Ada Aharoni, Ralph V. Summy, Robert Charles Elliot, 2010-07-24 Peace Studies Public Policy and Global Security is a component of Encyclopedia of Social Sciences and Humanities in the global Encyclopedia of Life Support Systems EOLSS which is an integrated compendium of twenty one Encyclopedias The Theme on Peace Studies Public Policy and Global Security provides the essential aspects and a myriad of issues of great relevance to our world such as Processes of Peace and Security International Security Peace Development and Environment Security Threats Challenges Vulnerability and Risks Sustainable Food and Water Security World Economic Order This 11 volume set contains several chapters each of size 5000 30000 words with perspectives issues on Peace studies Public Policy and Global security These volumes are aimed at the following five major target audiences University and College students Educators Professional practitioners Research personnel and Policy analysts managers and decision makers and NGOs Abolitionism and American Reform John R. McKivigan, 1999 First Published in 2000 Routledge is an imprint of Taylor Francis an informa company *The Political Economy of Change* Norman T. Uphoff, Warren F. Ilchman, 2018-04-17 Ilchman and Uphoff believe that political science has failed in the past to meet its own standards of rigor and cogency and does not meet standards of usefulness and relevance set by others The Political Economy of Change attempts to remedy these shortcomings by expanding the limits of social science analysis to deal with problems of allocation and productivity in all spheres of public choice not just the economic sphere Becoming Utopian Tom Moylan, 2020-11-26 A dream of a better world is a powerful human force that inspires activists artists and citizens alike In this book Tom Moylan one of the pioneering scholars of contemporary utopian studies explores the utopian process in its individual and collective trajectory from dream to realization Drawing on theorists such as Fredric Jameson Donna Haraway and Alain Badiou and science fiction writers such as Kim Stanley Robinson and China Mi ville *Becoming Utopian* develops its argument for sociopolitical action through studies that range from liberation theology ecological activism and radical pedagogy to the radical movements of 1968 Throughout Moylan speaks to the urgent need to confront and transform the global environmental economic political and cultural crises of our time **Nonkilling Global Political Science** Glenn D. Paige, 2009 This book is offered for consideration and critical reflection primarily by political science scholars throughout the world from beginning students to professors emeriti Neither age nor erudition seems to make much difference in the prevailing assumption that killing is an inescapable part of the human condition that must be accepted in political theory and practice It is hoped that readers will join in questioning this assumption and will contribute further stepping stones of thought and action toward a nonkilling global future *Civil Resistance and Power Politics* Sir Adam Roberts, Timothy Garton Ash, 2011-09-29 This widely praised book identified peaceful struggle as a key phenomenon in international politics a year before the revolutions in Tunisia and Egypt confirmed its central argument Civil resistance non

violent action against such challenges as dictatorial rule racial discrimination and foreign military occupation is a significant but inadequately understood feature of world politics Especially through the peaceful revolutions of 1989 and the developments in the Arab world since December 2010 it has helped to shape the world we live in Civil Resistance and Power Politics covers most of the leading cases including the actions master minded by Gandhi the US civil rights struggle in the 1960s the Islamic revolution in Iran in 1979 the people power revolt in the Philippines in the 1980s the campaigns against apartheid in South Africa the various movements contributing to the collapse of the Soviet Bloc in 1989 91 and in this century the colour revolutions in Georgia and Ukraine The chapters written by leading experts are richly descriptive and analytically rigorous This book addresses the complex interrelationship between civil resistance and other dimensions of power It explores the question of whether civil resistance should be seen as potentially replacing violence completely or as a phenomenon that operates in conjunction with and modification of power politics It looks at cases where campaigns were repressed including China in 1989 and Burma in 2007 It notes that in several instances including Northern Ireland Kosovo and Georgia civil resistance movements were followed by the outbreak of armed conflict It also includes a chapter with new material from Russian archives showing how the Soviet leadership responded to civil resistance and a comprehensive bibliographical essay Illustrated throughout with a remarkable selection of photographs this uniquely wide ranging and path breaking study is written in an accessible style and is intended for the general reader as well as for students of Modern History Politics Sociology and International Relations

Machiavelli in America Thomas Block, 2014-03-01 Machiavelli advised us that people are so mean small and selfish that they will only act under necessity so the successful prince must force the population through whatever means necessary to follow his dictates This book traces the influence of the Florentine thinker on American politics from the Founders c 1770s through today s rough and tumble political panorama Machiavelli s ideas have been re interpreted internationally as real politik He proposed that the ends justify the means and that any manner of fraud violence or corruption must be utilized in attaining and retaining power He maintained that the most powerful form of fraud was the appearance of religiosity and said that the successful prince must hold no art higher than that of war In this disturbing erudite and highly readable book America is shown to be a surprising example of Machiavellian politics utilizing all of the post modern methods of information distribution and legal fraud and corruption Lee Atwater Karl Rove George W Bush the Supreme Court s Citizens United v the Federal Election Commission 2010 and the Super PACs it spawned the massive amounts of money power s master key the intermingling of the language of religion and war and the 90% negative advertising of the 2012 Presidential campaign channeling Machiavelli s dictum that the adversary must be assassinated though in contemporary America by character assassination and even Barack Obama s Machiavellian machinations are looked at in light of the Renaissance political philosopher s ideas The last section of the book offers a response to this with a specific implementable program that will begin to devolve the power of American democracy back to

the people **A New Era of Nonviolence** Tom H. Hastings, 2014-06-06 This book is an exploration of nonviolent strategies and tactics that have been used to prevent and end civil wars invasions and occupations The problem of war is examined in light of efforts to transform destructive conflict into constructive conflict Research into alternatives has produced a corpus of knowledge that enables civil society increasingly to expect success when it engages decision makers in peaceful conflict resolution The book asks the reader to consider the questions of social conflict using a cost benefit analysis which can reveal the advisability of strategic nonviolence Research into the causes and correlates of war is robust and when that research is applied to comparisons of conflict management methods numerous conclusions about potential strategies for ending war emerge Feminism, Violence and Nonviolence Selina Gallo-Cruz, 2024-05-31 What can nonviolence offer to feminists working to end violence against women Can nonviolence be used by women to protect themselves from street and work harassment from partner battering date rape and sexual assault What are the connections between war and sexism and how should nonviolent activists address them How should feminists confront the structural violence of racism xenophobia colonialism land displacement and environmental destruction Feminism Violence and Nonviolence features a carefully curated selection of seminal texts originally published from the 1970s to the 2000s which document dynamic feminist thinking on the root causes of violence the social forces inculcating violence into patriarchal institutions and relationships and the many insights that nonviolence can gain from a feminist perspective This collection of essays articles pamphlets flyers and excerpts from books of feminist thought brings together the voices of the women and men who helped to transform movement consciousness on issues of sexism racism colonialism and a broader array of otherisms expanding and diversifying nonviolent philosophy With a sociological and historical introduction to the movement and author and organisational biographies this is an essential resource for students of gendered and sexualised peace violence and justice *On the Moral Nature of the Universe* Nancey C. Murphy, George Francis Rayner Ellis, Ellis and Murphy show how contemporary sciences actually support a religiously based ethic of nonviolence not by appealing to the Enlightenment's mechanistic Creator God or revelation's Father God but by discerning the transcendent ground in the laws of nature the emergence of intelligent freedom and the echoes of knoetic self giving in cosmology and biology The Ursula Franklin Reader Ursula Franklin, Michelle Swenarchuk, 2006-10-01 Feminist educator Quaker and physicist Ursula Franklin has long been considered one of Canada's foremost advocates and practitioners of pacifism The Ursula Franklin Reader Pacifism as a Map is a comprehensive collection of her work and demonstrates subtle yet critical linkages across a range of subjects the pursuit of peace and social justice theology feminism environmental protection education government and citizen activism This thoughtful collection drawn from more than four decades of research and teaching brings readers into an intimate discussion with Franklin and makes a passionate case for how to build a society centered around peace **Have Repertoire, Will Travel** Selina R. Gallo-Cruz, 2024-04-04 Nonviolence is celebrated and practiced around the world as a universal method for

all human conflict This Element describes how nonviolence has evolved into a global repertoire a patterned form of contentious political performance that has spread as an international movement of movements systematizing and institutionalizing particular forms of protest as best claims making practice It explains how the formal organizational efforts of social movement emissaries and favorable and corresponding global models of state and civic participation have enabled the globalization of nonviolence The Element discusses a historical perspective of this process to illuminate how understanding nonviolence as a contentious performance can explain the repertoire s successes and failures across contexts and over time The Element underscores the dynamics of contention among global repertoires and suggests future research more closely examines the challenges posed by institutionalization
