Quiet Rumours An Anarchafeminist Reader:

Quiet Rumours Dark Collective, 2012-08-14 Long out of print a new revised and expanded edition of AK's classic anarchy feminist compendium

Quiet Rumors Farrow Lynne, Peggy Kornegger, Marion Leighton, Voltarine de Cleyre, Carol Ehrlich, 1988-08-01

Quiet Rumours Dark Star Collective, 2002 From consciousness raising groups to hair raising punk rockers this reader offers a fascinating window into the development of the women's movement in the words of the women who moved it These classic essays span the century providing a welcome context for feminism as part of a larger politics of liberation and equality Critical analysis and biting polemic whether its Emma Goldman's attack on the Suffrage Movement or the death of Second Wave feminism in the 1970s show not just how anarchism influenced feminism but how feminism changed the political landscape

Brill's Companion to Anarchism and Philosophy Nathan J. Jun, 2017-09-25 Despite the recent proliferation of scholarship on anarchism very little attention has been paid to the historical and theoretical relationship between anarchism and philosophy Seeking to fill this void Brill's Companion to Anarchism and Philosophy draws upon the combined expertise of several top scholars to provide a broad thematic overview of the various ways anarchism and philosophy have intersected Each of its 18 chapters adopts a self consciously inventive approach to its subject matter examining anarchism's relation to other philosophical theories and systems within the Western intellectual tradition as well as specific philosophical topics subdisciplines and methodological tendencies

Anarchist Critique of Radical Democracy Markus Lundström, 2023-01-24 In the spring of 2013 a wave of urban riots swept across Sweden after police shot an elderly man in his own home When community residents from his marginalized city district demanded an official apology they were ignored The anti police insurgences that followed addressed deep problems of the Swedish welfare state and the official responses revealed glitches built into democracy itself In this updated edition of Anarchist Critique of Radical Democracy The Impossible Argument sociologist and historian Markus Lundström explores the boundaries of Swedish democracy He probes in depth interviews with community residents to explain how the 2013 riots intensified a profound democratic conflict the social divide between the governors and the governed Resistance to this divide is then traced through the defiance of governance and approaches to democracy in the history of anarchist thought This book offers an original introduction to anarchism It relates the diversity of anarchist thought to anti police riots and the radicalization of democracy

Constituent Imagination Stevphen Shukaitis, David Graeber, Erika Biddle, 2007 From the ivory tower to the barricades Radical intellectuals explore the relationship between research and resistance

Anarchism & Sexuality Jamie Heckert, Richard Cleminson, 2011-10-20 Anarchism Sexuality Ethics Relationships and Power brings the rich traditions of anarchist thought and practice to contemporary questions about the politics of sexuality

Making A Killing Bob Torres, 2007-11-01 Suggest to the average leftist that animals should be part of broader liberation struggles and once they stop laughing you'll find yourself casually dismissed With a focus on labor property and the life of commodities Making a

Killing contains key insights into the broad nature of domination power and hierarchy It explores the intersections between human and animal oppressions in relation to the exploitative dynamics of capitalism Combining nuts and bolts Marxist political economy a pluralistic anarchist critique as well as a searing assessment of the animal rights movement Bob Torres challenges conventional anti capitalist thinking and convincingly advocates for the abolition of animals in industry and on the dinner plate Making A Killing is sure to spark wide debate in the animal rights and anarchist movements for years to come

Table Of Contents I Taking Equality Seriously II Chained Commodities III Property Violence and the Roots of Oppression IV Animal Rights and Wrongs V You Cannot Buy the Revolution Advance praise for Making A Killing Bob Torres Making a Killing draws a very straight line between capitalism and the oppressive system of animal agribusiness Drawing from social anarchist theory Torres provides a convincing argument that in order to fight animal exploitation we must also fight capitalism and in doing so animal rights activists will need to reconsider their methods and redirect their focus While his critiques of the animal rights movements large organizations may not earn him friends in high places such considerations are crucial to keeping the movement on track and for preventing stagnation Making a Killing is an important work from a new voice in animal advocacy that will surely spark heated discussions amongst activists from all corners of the movement Ryan MacMichael vegblog org In Making A Killing The Political Economy of Animal Rights Bob Torres takes an important and timely look at the animal rights movement calling for a synthetic approach to all oppression human and animal His analytical framework draws together Marxism social anarchist theory and an abolitionist approach to animal rights to provide a timely social analysis that will no doubt have profound effects on the animal rights movement literature Gary L Francione Distinguished Professor of Law Rutgers University Bob Torres s socioeconomic analysis of nonhuman animal use is a welcome and important addition to the understanding of human nonhuman relations at the beginning of the 21st century In particular Making a Killing makes vital a contribution to understanding the role of the property status of animals and the continuing strength of various welfarist positions on the ethics and indeed the economics of the human utilisation of other animals Making a Killing will become required reading for social scientists and others interested in modern social movements and the socioeconomic forces that shape their activities and their claims making Dr Roger Yates Lecturer in sociology at University College Dublin Republic of Ireland This is the book I ve been waiting for Making A Killing is a rare and powerful example of first rate scholarship a searing critique and lively declaration of the rights of animals and humans You will walk away from this book with a clear understanding as to why social justice movements for people must take animal rights seriously and vice versa Bob Torres has forever deepened my thinking about these relationships David Naguib Pellow vegetarian animal rights and anti racist activist and Professor of Ethnic Studies University of California San Diego and author of Garbage Wars The Struggle for Environmental Justice in Chicago and Resisting Global Toxics Transnational Movements for Environmental Justice Bob Torres is assistant professor of sociology at St Lawrence University received his PhD from

Energies Beyond the State Jennifer Mateer,Simon Springer,Martin Locret-Collet,Maleea Acker,2021-11-16 Resource and environmental management generally entail an

attempt by governing authorities to dominate reroute and tame the natural flows of water the growth of forests manage the populations of non human bodies and control nature more generally Often this is done under the mantle of conservation economic development and sustainable management but still involves a quest to civilize and control all aspects of nature for a specific purpose The results of this form of environmental management and governance are many but by and large across the globe it has meant governments construct a specific idea regarding nature and the environment These forms of control also extend beyond the natural environment allowing for particular methods of managing human and non human populations in order to maintain power and enact sovereignty This volume contributes to advancing an ecology of freedom which can critique current anthropocentric environmental destruction as well as focusing on environmental justice and decentralized ecological governance While concentrating on these areas of anarchist political ecology three major themes emerged from the chapters the legacies of colonialism that continue to echo in current resource management and governance practices the necessity of overcoming human nature dualisms for environmental justice and sustainability and finally discussions and critiques of extractivism as a governing and economic mentality

Who's Afraid of the Black Blocs? Francis Dupuis-Déri, 2014-09-11 Faces masked dressed in black and forcefully attacking the symbols of capitalism Black Blocs have been transformed into an anti globalization media spectacle But the popular image of the window smashing thug hides a complex reality Francis Dupuis D ri outlines the origin of this international phenomenon its dynamics and its goals arguing that the use of violence always takes place in an ethical and strategic context Translated into English for the first time and completely revised and updated to include the most recent Black Bloc actions at protests in Greece Germany Canada and England and the Bloc s role in the Occupy movement and the Quebec student strike Who s Afraid of the Black Blocs lays out a comprehensive view of the Black Bloc tactic and locates it within the anarchist tradition of direct action

Solidarities Beyond Borders Pascale Dufour, Dominique Masson, Dominique Caouette, 2010-08-01 Scholars of social movements tend to overlook the achievements and political significance of women s movements Through theoretical discussions and empirical examples Solidarities Beyond Borders demonstrates the creativity and dynamism of transnational

women's movements around the world. These timely case studies from North America, Latin America and Southeast Asia introduce feminists, activists and scholars to the benefits and challenges of building relationships, dialogues and perspectives that extend beyond the boundaries of nation states and disciplines. The contributors open a dialogue between feminist theorists and scholars of social movements in other disciplines in order to foster mutual recognition of common interests and identities. Although feminists and women's groups face challenges as they build solidarities beyond borders, this book makes the case that these links can be extended to embrace other progressive movements and their goals.

Festivals as Reparative Gender Politics Zorica Siročić, 2023-08-18. What explains the popularity and widespread appeal of numerous post-Yugoslav feminist and LGBTQ festivals in the last decade? This book argues that the millennial generation expresses reparative politics as a distinct type of activism through festivals. Reparative political acting, as identified here, characteristically relies on playfulness and creativity, interpretative gender dissent, acceptance of organizational and programmatic messiness and hybridity, belonging and positive affect. The reparative politics is vital in a context that is marked by an individual and collective trauma of heteropatriarchy, violent breakdown of the common state and post-transitional economic precarity. The book uses excerpts from programs, interviews and observations collected through the multi-sited ethnographic research. Siročić's focus on contemporary activism in Southeastern Europe challenges the narrow geopolitical understanding of the recent feminist politics and refutes the common assumptions of a passive millennial generation. Yet the book's relevance surpasses its area of study as it argues against the popular deriding of activist expressions as the merely cultural or merely aesthetic engagement. In contrast, the book claims that such activities urge a redefined understanding of political agency. **Festivals as Reparative Politics** demonstrates that contemporary feminist festivals represent a distinct reformulation of contentious politics of gender whose constitutive principles can be exemplary for other types of political engagements.

Anarchy in Athens Nicholas Apoifis, 2016-11-11. The battles between Athenian anarchists and the Greek state have received a high degree of media attention recently. But away from the intensity of street protests, militants implement anarchist practices whose outcomes are far less visible. They feed the hungry and poor, protect migrants from fascist beatings and try to carve out an autonomous political, social and cultural space. Activists within the movement share politics centred on hostility to the capitalist state and all forms of domination, hierarchy and discrimination. Based on extensive ethnographic fieldwork among Athenian anarchists and anti-authoritarians, **Anarchy in Athens** unravels the internal complexities within this milieu and provides a better understanding of the forces that give the space its shape.

Gramsci is Dead Richard J. F. Day, 2005-09-20. Inspired to contribute to the symbiotic relationship between the academic and activist worlds, Day has decided to pick up the pen instead of the Molotov cocktail. The result is this brilliant book. Ann Hansen, Ann was sentenced to life imprisonment for blowing up a cruise missile component factory and is the author of *Direct Action: The Memoirs of an Urban Guerilla*. If revolutionary politics are to be reconstituted for the twenty-first century, all

previously existing radical traditions must not only be remade but placed in new relationships with one another The anarchism of Richard Day's brilliant *Gramsci is Dead* is not only an explosive break out from the demoralizing horizons of contemporary social democracy but also an exuberant intellectual dance invitation extended to all mutant Marxists autonomists and species being activists eager to catch the strains of a new tune Red Emma would be proud Nick Dyer Witheford Associate Professor University of Western Ontario and author of *Cyber Marx* 1999 *Gramsci and the concept of hegemony* cast a long shadow over radical political theory Yet how far has this theory got us Is it still central to feminism anti capitalism anti racism anarchism and other radical social movements today Unlike previous revolutionary movements Day argues most contemporary radical social movements do not strive to take control of the state Instead they attempt to develop new forms of self organisation that can run in parallel with or as alternatives to existing forms of social political and economic organization This is to say that they follow a logic of affinity rather than one of hegemony This book draws together a variety of different strands in political theory to weave together an innovative new approach to politics today Rigorous and wide ranging Day introduces and interrogates key concepts From Hegel's concept of recognition through theories of hegemony and affinity to Hardt and Negri's reflections on Empire Day maps academia's theoretical and philosophical concerns onto today's politics of the street Ideal for all students of political theory Day's fresh approach combines Marxist Anarchist and Post structuralist theory to shed new light on the politics and practice of contemporary social movements

Veganism, Archives, and Animals Catherine Oliver, 2021-08-12 This book explores the growing significance of veganism It brings together important theoretical and empirical insights to offer a historical and contemporary analysis of veganism and our future co existence with other animals Bringing together key concepts from geography critical animal studies and feminist theory this book critically addresses veganism as both a subject of study and a spatial approach to the self society and everyday life The book draws upon empirical research through archival research interviews with vegans in Britain and a multispecies ethnography with chickens It argues that the field of beyond human geographies needs to more seriously take into account veganism as a rising socio political force and in academic theory This book provides a unique and timely contribution to debates within animal studies and more than human geographies providing novel insights into the complexities of caring beyond the human This book will appeal to students and scholars interested in geography sociology animal studies food studies and consumption and those researching veganism

Black flags and social movements Dana M. Williams, 2017-11-17 Anarchism may be the most misunderstood political ideology of the modern era and one of the least studied social movements by English speaking scholars *Black flags and social movements* addresses this deficit with an in depth analysis of contemporary anarchist movements as interpreted by social movement theories and political sociology Using unique data gathered by anarchists themselves Williams presents longitudinal and international analyses that focus upon who anarchists are and where they may be found Social movement ideas including political opportunity new social

movements and social capital theory are relevant and adaptable to understanding anarchist movements. Due to their sometimes limited numbers and identities as radical anti-authoritarians, anarchists often find themselves collaborating with numerous other social movements, bringing along their values, ideas, and tactics.

Resisting Racial Capitalism Ida Danewid, 2023-11-30

What does freedom mean without and despite the state? Ida Danewid argues that state power is central to racial capitalism's violent regimes of extraction and accumulation. Tracing the global histories of four technologies of state violence—policing, bordering, wastelanding, and reproductive control—she excavates an antipolitical archive of anarchism that stretches from the favelas of Rio de Janeiro to the borderlands of Europe, the poisoned landscape of Ogoniland, and the queer lifeworlds of Delhi. Thinking with a rich set of scholars, organisers, and otherworldly dreamers, Danewid theorises these modes of refusal as a utopian worldmaking project which seeks not just better ways of being governed but an end to governance in its entirety. In a time where the state remains hegemonic across the Left-Right political spectrum, *Resisting Racial Capitalism* calls on us to dream bolder and better in order to un-build the world anew.
