Quills Of Desire Public Policy Series:

A Scholiast's Quill Roberto Cantú, 2019-02-14 Alfonso Reyes 1889 1959 was the embodiment of the Latin American poet essayist and literary theorist during the first half of the twentieth century With an astonishing intellectual curiosity and capacity for work he thought and wrote about every important topic and major intellectual current that defined his beleaguered times This collection recovers Reyes legacy from the standpoint of the twenty first century with essays written exclusively for this book by scholars from Colombia Croatia Cuba France Mexico and the United States They analyze Reves poetry and essays from contrasting theoretical approaches and innovative readings of his major poetic works his philosophical correspondence with leading European and Mexican writers modernism in the Anglo American and Latin American essay tradition and among other topics of interest the idea of America and cosmopolitanism in his essays The volume includes a full length introduction an interview with Latin American poet and essayist Octavio Armand and English translations of Armand's poems The study is of significant value to scholars teachers students and the general reader interested in a seminal writer who shaped the writing of poetry and the essay in Latin American letters during the first half of the twentieth century Euthanasia, Ethics and Public Policy John Keown, 2002-04-25 Whether the law should permit voluntary euthanasia or physician assisted suicide is one of the most vital questions facing all modern societies Internationally the main obstacle to legalisation has proved to be the objection that even if they were morally acceptable in certain hard cases voluntary euthanasia and physician assisted suicide could not be effectively controlled society would slide down a slippery slope to the killing of patients who did not make a free and informed request or for whom palliative care would have offered an alternative How cogent is this objection This book provides the general reader who need have no expertise in philosophy law or medicine with a lucid introduction to this central question in the debate not least by reviewing the Dutch euthanasia experience It will interest all in any country whether currently for or against legalisation who wish to ensure that their opinions are better informed Informing Public Policy Stefanie Haeffele, Abigail R. Hall, Adam Millsap, 2019-04-25 Market process theory illustrates how the market is the most effective institution for overcoming the knowledge problem Specifically the institutional characteristics of private property monetary prices and the disciplining mechanisms of profit and loss guide actors to utilize knowledge dispersed among society to allocate resources effectively and to adjust their behavior when errors occur to provide valuable goods and services to society The chapters in this manuscript explore through applications to issues within the United States and internationally contemporary issues in public policy through the theoretical framework of knowledge problems and market process economics Utilizing this approach as well as other fundamental insights from economics these chapters aim to illustrate how individuals in society address pressing public issues the problems faced by policymakers and the potential for novel solutions to policy challenges Authored by individuals from a variety of disciplines with interests in public policy this work includes discussions of education child welfare urban

planning and U S healthcare policy as well as topics in e commerce the Global War on Terror international trade and economic development
The Quill ,1928
Disability, Divers-ability and Legal Change Lee Ann Basser Marks, Melinda Jones, 2021-09-27 This text ventures into the area where law and disability intersect Drawing on developments in the emerging field of disability studies and on a new found human rights perspective on disability the contributions traverse topics as wide ranging as citizenship feminism eugenics euthanasia and sexual abuse of people with disabilities and analyze disability law at both a domestic and international level Informed by the social model of disability this work brings together academics and disability activists from Australia Europe and North America The book is interdisciplinary in nature with contributors coming from sociology education law geography philosophy and cultural studies

The Dying Experience Samuel H. LiPuma, Joseph P. DeMarco, 2019-03-27 This vitally important book attempts to move beyond the current death denying culture The use of euphemistic and defiant phrases when dealing with terminal disease such as She lost her battle with cancer was more appropriate when medical doctors could do little to prolong life But treatments and technologies have significantly changed Now life prolonging interventions have outpaced our willingness to use medical intervention to secure patient control over death and dying We now face a new question When is it morally appropriate for medical intervention to hasten the dying process LiPuma and DeMarco answer by endorsing expanded options for dying patients Unwanted aggressive treatment regimens and protocols which reject hastening death should be replaced by a patient s moral right in carefully defined circumstances to hasten death by means of medical intervention Expanded options range from patient directed continuous sedation without hydration to physician assisted suicide for those with progressive degenerative disorders such as Alzheimer's The authors overriding goal is to humanize the dying process by expanding patient centered autonomous control Physician-Assisted Dying Timothy E. Quill, Margaret P. Battin, 2004-10-13 In this volume a distinguished group of physicians ethicists lawyers and activists come together to present the case for the legalization of physician assisted dying for terminally ill patients who voluntarily request it To counter the arguments and assumptions of those opposed to legalization of assisted suicide the contributors examine ethical arguments concerning self determination and the relief of suffering analyze empirical data from Oregon and the Netherlands describe their personal experiences as physicians family members and patients assess the legal and ethical responsibilities of the physician and discuss the role of pain depression faith and dignity in this decision Together the essays in this volume present strong arguments for the ethical acceptance and legal recognition of the practice of physician assisted dying as a last resort not as an alternative to excellent palliative care but as an important possibility for patients who seek it Kanza Spirit ,2005

Fourth Estate ,1924 **The Case Against Assisted Suicide** Kathleen M. Foley, Herbert Hendin, 2004-04-29 In The Case against Assisted Suicide For the Right to End of Life Care Dr Kathleen Foley and Dr Herbert Hendin uncover why pleas for patient autonomy and compassion often used in favor of legalizing euthanasia do not advance or protect the rights of

terminally ill patients Incisive essays by authorities in the fields of medicine law and bioethics draw on studies done in the Netherlands Oregon and Australia by the editors and contributors that show the dangers that legalization of assisted suicide would pose to the most vulnerable patients Thoughtful and persuasive this book urges the medical profession to improve palliative care and develop a more humane response to the complex issues facing those who are terminally ill Vanity Fair ,1886 Slumming Chad Heap, 2008-11-15 During Prohibition Harlem was the in place to go for music and booze recalled the African American chanteuse Bricktop Every night the limousines pulled up to the corner and out spilled affluent whites looking for a good time great jazz and the unmatchable thrill of doing something disreputable That is the indelible public image of slumming but as Chad Heap reveals in this fascinating history the reality is that slumming was far more widespread and important than such nostalgia tinged recollections would lead us to believe From its appearance as a fashionable dissipation centered on the immigrant and working class districts of 1880s New York through its spread to Chicago and into the 1930s nightspots frequented by lesbians and gay men Slumming charts the development of this popular pastime demonstrating how its moralizing origins were soon outstripped by the artistic racial and sexual adventuring that typified Jazz Age America Vividly recreating the allure of storied neighborhoods such as Greenwich Village and Bronzeville with their bohemian tearooms rent parties and black and tan cabarets Heap plumbs the complicated mix of curiosity and desire that drew respectable white urbanites to venture into previously off limits locales And while he doesn t ignore the role of exploitation and voyeurism in slumming or the resistance it often provoked he argues that the relatively uninhibited mingling it promoted across bounds of race and class helped to dramatically recast the racial and sexual landscape of burgeoning U S cities Packed with stories of late night dance drink and sexual exploration and shot through with a deep understanding of cities and the habits of urban life Slumming revives an era that is long gone but whose effects are still felt powerfully today The Cambridge Companion to Early Modern Women's Writing Laura Lunger Knoppers, 2009-10-08 Featuring the most frequently taught female writers and texts of the early modern period this Companion introduces the reader to the range complexity historical importance and aesthetic merit of women s writing in Britain from 1500 1700 Presenting key textual historical and methodological information the volume exemplifies new and diverse approaches to the study of women s writing The book is clearly divided into three sections covering how women learnt to write and how their work was circulated or published how and what women wrote in the places and spaces in which they lived worked and worshipped and the different kinds of writing women produced from poetry and fiction to letters diaries and political prose This structure makes the volume readily adaptable to course usage The Companion is enhanced by an introduction that lays out crucial framework and critical issues and by chronologies that situate women s writings alongside political and cultural events The Right to Die Henry R. Glick, 1992 Harry R Moody Brookdale Center on Aging Hunter College The Conscience of the Newspaper Leon Nelson Flint, 1925 **Fall Creek Falls Petition Evaluation**

Document ,1998 Aging with Spinal Cord Injury Gale G. Whiteneck, PhD, Maan H. Jawad, 1993 This is the first book to integrate the theory design and stability analysis of plates and shells in one comprehensive volume With authoritative accounts of diverse aspects of plates and shells this volume facilitates the study and design of structures that incorporate both plate and shell components **Secrets and Democracy** L. Quill, 2014-03-11 Secrets and Democracy develops a new approach to understanding the centrality of secrecy to political life From the ancient world to the modern this book considers the growing importance of secrets the dilemmas this poses to conceptions of democracy and the challenges that collecting secrets poses to publicity and privacy in the network society The Human Rights of Children Michael Freeman, 2022-03-16 For decades Professor Michael Freeman has without doubt been one of the world's most infuential scholars in international children's rights His scholarship has been at the forefront of the field and has helped shape many of the developments within it This collection offers the reader a thought provoking snapshot of some of his most seminal essays written and or published over the past 30 years Together they highlight above all the interdisciplinary nature of the issues he discusses Legal doctrinal questions that make the case for recognising that children have rights are of course discussed But aspects of moral and political philosophy are dealt with as well in addition to among other other disciplines history theology psychology and antropology
