Scrolls **Old Testament Conceptual Metaphors and the Christology of Luke's Gospel** Gregory R. Lanier, 2018-08-23

Extensive scholarship has been devoted to Jesus depiction in the Gospels and how such depiction is influenced by the Old Testament Gregory R Lanier presents a new case for the importance of conceptual metaphor arguing that the Gospel of Luke employs certain metaphors reflected in Israel's traditions such as horn of salvation dawn from on high mother bird gathering Jerusalem's children and crushing stone in order to portray the identity of Jesus as both an agent of salvation and more provocatively the one God of Israel Setting his argument at the intersection of three sub fields of New Testament scholarship early Christology the use of Israel's Scriptures in the New Testament and contemporary metaphor theory Lanier suggests ways to overcome the low high binary and perceive the Gospel's Christology as multi faceted Applying metaphor theory to the influence of the Old Testament metaphors on Luke's Christology Lanier adds methodological rigor to the tracing of such influences in cases where standard criteria for quotations and allusions echoes are stretched thin **The Caves of Qumran**

*Bible as Notepad* Liv Ingeborg Lied, Marilena Maniaci, 2018-09-10 The present volume provides a comparative look at the contents and layout features of secondary annotations in biblical manuscripts across linguistic traditions Due to the privileged focus on the text in the columns these annotations and the practices that produced them have not received the scholarly attention they deserve The vast richness of extant verbal and figurative notes accompanying the biblical texts in the intercolumns and margins of the manuscript pages have thus been largely overlooked The case studies gathered in this volume explore Jewish and Christian biblical manuscripts through the lens of their annotations addressing the various relationships between the primary layer of text and the secondary notes and exploring the roles and functions of annotated manuscripts as cultural artifacts By approaching biblical manuscripts as potential notepads the volume offers theoretical reflection and empirical analyses of the ways in which secondary notes may shed new light on the development and transmission of text traditions the shifting engagement with biblical manuscripts over time as well as the change of use and interpretation that may result from the addition of the notes themselves
