The Mahābhārata Johannes Adrianus Bernardus Buitenen, James L. Fitzgerald, 1973 Sanskrit classical epic translated into English Electricity, 1896 The National Review, 1925 The Michigan Argonaut, 1888 The Complete Concordance to Shakespere: Being a Verbal Index to All the Passages in the Dramatic Works of the Poet Mary Victoria Cowden CLARKE, 1845 Quaderni D'italianistica, 2005 Castiglione's Allegory W.R. Albury, 2016-04-08 Castiglione's Book of the Courtier Il libro del cortegiano 1528 a dialogue in which the interlocutors attempt to describe the perfect courtier was one of the most influential books of the Renaissance In recent decades a number of postmodern readings of this work have appeared emphasizing what is often characterized as the playful indeterminacy of the text and seeking to detect inconsistencies which are interpreted as signs of anxiety or bad faith in its presentation In contrast to these postmodern

readings the present study conducts an experiment What understanding does one gain of Castiglione's book if one attempts an early modern reading The author approaches The Book of the Courtier as a text in which some of its most important aspects are intentionally concealed and veiled in allegory W R Albury argues that this early modern reading of The Book of the Courtier enables us to recover a serious political message which has a great deal of contemporary relevance and which is lost from sight when the work is approached primarily as a courtly etiquette book or as a lament for the lost influence of the aristocracy in an age when autocratic nation states were coming into being or as an impersonal textual field upon which a free play of transformations and deconstructions may be performed **The Mahabharata, Volume 2**,2014-08-14 The Mahabharata an ancient and vast Sanskrit poem is a remarkable collection of epics legends romances theology and ethical and metaphysical doctrine The core of this great work is the epic struggle between five heroic brothers the Pandavas and their one hundred contentious cousins for rule of the land This is the second volume of van Buitenen's acclaimed translation of the definitive Poona edition of the text Book two The Book of the Assembly Hall is an epic dramatization of the Vedic ritual of consecration that is central to the book Book three The Book of the Forest traces the further episodes of the heroes during their years in exile Also included are the famous story of Nala dealing with the theme of love in separation and the story of Rama the subject of the other great Sanskrit epic the Ramayana as well as other colorful tales The Round Table .1900
