Kanarfogel, 2007-06-11 Paperback edition of a favorite text on the literary creativity and communal involvement in the production of the Tosafist corpus. The Jews of northern France, Germany, and England, known collectively as Ashkenazic Jewry, have commanded the attention of scholars since the beginnings of modern Jewish historiography. Over the past century, historians have produced significant studies about Jewish society in medieval Ashkenaz that have revealed them as a well-organized, creative, and steadfast community. Indeed, the Franco-Russian Jewry withstood a variety of physical, political, and religious attacks in the twelfth and thirteenth centuries to produce an impressive corpus of Talmudic and halakhic compositions known collectively as Tosafot that revolutionized the study of rabbinic literature. Although the literary creativity of the Tosafists has been documented and analyzed, and the scope and policies of communal government in Ashkenaz have been fixed and compared, no sustained attempt has been made to integrate these crucial dimensions. *Jewish Education and Society in the High Middle Ages* considers these relationships by examining the degree of communal involvement in the educational process as well as the economic theories and communal structures that affected the process from the most elementary level to the production of the Tosafist corpus. By drawing parallels and highlighting differences to pre-Crusade Ashkenaz, the period following the Black Death, Spanish and Provençal Jewish society, and general medieval society, Ephraim Kanarfogel creates an insightful and compelling portrait of Ashkenazic society. Available in paperback for the first time with a new preface, *Jewish Education and Society in the High Middle Ages* will be a welcome addition to the libraries of Jewish studies scholars and students of medieval religious literature.

Between the Yeshiva World and Modern Orthodoxy Marc B. Shapiro, 2022-03-17 Compellingly and authoritatively written, this biography illuminates the dilemmas that Europe's Jews have faced over the past century. The discussion of the inner struggles of one of twentieth-century Judaism's most enigmatic religious leaders, a figure who became a central ideologue of modern Orthodoxy despite his traditional training in a Lithuanian yeshiva, elucidates many institutional and intellectual phenomena of the Jewish world and especially in pre-war Europe that have so far received little attention.

The Contest and Control of Jerusalem's Holy Sites Marshall J. Breger, Leonard M. Hammer, 2023-08-17 The Holy Places of Jerusalem's Old City are among the most contested sites in the world and the ground zero of the Israeli-Palestinian conflict. Tensions regarding control are rooted in misperceptions over the status of the sites, the role of external bodies such as religious organizations and civil society, and misunderstanding regarding the political roles of the many actors associated with the sites. In this volume, Marshall J. Breger and Leonard M. Hammer clarify a complex and fraught situation by providing insight into the laws and rules pertaining to Jerusalem's holy sites. Providing a compendium of important legal sources and broad-form policy analysis, they show how laws pertaining to Holy Places have been implemented and engaged. The book weaves aspects of history, politics, and religion that have played a role in the creation and identification of the law. It also offers solutions for solving some of the central challenges related to the creation, control, and use of Holy Places in Jerusalem.

Between Faith and Reason Dr. Martin Sicker, 2020-07-13 The studies

in this volume discuss some of the issues implicit but not resolved in the Hebrew Scriptures including the problems inherent in the topics of theology and religious philosophy as discussed and argued by scholars for more than two millennia The studies address the problem of philosophy the troublesome issues of moral autonomy and divine omniscience and theodicy from a Judaic perspective In addition it includes a study of the biblical story of the Golden Calf and its religious implications that are more complex than a cursory reading of the biblical text will suggest Finally it includes a discussion of the often misunderstood concepts of the prophet and prophecy as set forth in the biblical texts Although this book does not and cannot resolve the philosophical and theological issues that have persisted through the millennia it hopes to make clear how these issues have been wrestled with from a Judaic perspectives which will have relevance with regard to the perspectives on these matters of other monotheistic faiths

My Dear Daughter Edward Fram, 2007-12-31 How did Jewish women in sixteenth century Poland learn all the rules rituals and customs pertaining to the sexual life of couples within the context of marriage As in other areas of ritual life that concerned the household it would seem that the primary source for the education of Jewish women was other women But rabbinic law dictates that Jewish women who experience uterine bleeding are prohibited from having physical contact of any kind with their husbands and the intricate laws of niddah enforced separation spell out exactly when and under what circumstances physical marital relations even simple touching can be resumed Particularly difficult issues could be addressed only by rabbis or other learned men since women rarely if ever attained the level of rabbinic scholarship necessary to pare the details of these complicated laws To educate both men and women but particularly women in a more systematic and impersonal manner the young rabbi Benjamin Slonik ca 1550 after 1620 who later became one of the leading rabbinic authorities in eastern Europe harnessed the relatively new technology of printing and published a how to book for women in the Yiddish vernacular *Seder mitzvot hanashim* The Order of Women's Commandments illuminates the history of Yiddish printing and public education But it is also a rare remnant of a direct interface between a member of the rabbinic elite and the laity especially women Slonik's text also sheds light on the history of Jewish law particularly the reception of the *Shulhan Arukh* an important legal code that had just been published This volume makes available the 1585 edition of the *Seder mitzvot hanashim* in Yiddish and English Fram sets Slonik's work in its bibliographical and historical contexts demonstrating its relationship with the *Shulhan Arukh* exploring how rabbis opposed formal education for women considering how upheavals accompanying geographic shifts in the Ashkenazic community help explain how the women's commandments texts came to be used in Poland and offering a treasure trove of information on the place and roles of women in Polish Jewish society Fram thus creates a composite picture of how Slonik along with other men of his time perceived the main audience for his work and sought to connect it to contemporary texts

Judaism Eliezer Segal,2009 **Sod ha-Shabbat** Elliot K. Ginsburg,2012-02-01 The Sabbath has been one of the most significant and beloved institutions of Jewish life since late antiquity Over a period of several centuries the classical Kabbalists developed a rich body of ritual and myth that articulated a fresh vision of the Sabbath The mystical understanding of the Sabbath was assimilated by virtually every Jewish community This volume is a translation and critical commentary to Sod ha Shabbat a treatise on the mystical Sabbath by the influential Spanish Turkish Kabbalist R Meir ibn Gabbai This important text the most systematic treatment of the Sabbath in classical Kabbalah has been inaccessible to the English reader until now The study includes an Introduction to ibn Gabbai s life and work accompanied by extensive critical notes that clarify general problems of translation and place the work in its historical context Broader theoretical issues regarding myth and the ritual process are also discussed **The Cambridge History of Judaism: Volume 6, The Middle Ages:**

The Christian World Robert Chazan,2018-10-31 Volume 6 examines the history of Judaism during the second half of the Middle Ages Through the first half of the Middle Ages the Jewish communities of western Christendom lagged well behind those of eastern Christendom and the even more impressive Jewries of the Islamic world As Western Christendom began its remarkable surge forward in the eleventh century this progress had an impact on the Jewish minority as well The older Jewries of southern Europe grew and became more productive in every sense Even more strikingly a new set of Jewries were created across northern Europe when this undeveloped area was strengthened demographically economically militarily and culturally From the smallest and weakest of the world s Jewish centers in the year 1000 the Jewish communities of western Christendom emerged despite considerable obstacles as the world s dominant Jewish center by the end of the Middle Ages This demographic economic cultural and spiritual dominance was maintained down into modernity
