merely literary articulation of the issues but were powerful responses to the prevalent conceptual parameters on which humanity rested. Although the poet did not appear to have made such a claim, his writings dealt with politico-ideologically innovative ideas about human diversity that naturally flourished in the Indian subcontinent. By approaching the pertinent sociocultural and politico-ideological issues from a literary perspective, the poet seemingly refashioned the dominant views on humanity. The selected novels and short stories in this book represent a distinct voice explicit in the politico-ideological message. Keeping this in view, each chapter is an articulation of the views that Rabindranath championed while contributing to ushering in a new vision based on his perception of well-entrenched sociocultural values of the time.
