At Ease in Zion Rufus B. Spain, 2003-07-21 Analyzes the Southern Baptist denomination's influence on southern culture during the 19th century First published in 1967 Rufus Spain's thorough investigation into Southern Baptist attitudes set the stage for research on religion in the American South In *At Ease in Zion* Spain questions the titular ease with society that Southern Baptists seemed to maintain following the Civil War His analysis of denominational newspapers as well as reports from the Southern Baptist Convention and state conventions paint a compelling picture of the subjects complacency with their social existence even as they criticized personal and recreational ethics While the South faced significant social economic and political changes after the Civil War religion remained the primary moral influence As the Southern Baptist denomination made up a significant majority of the population at that time its leaders and attitudes had a clear and undeniable impact on social norms Rufus Spain was one of the first writers to actively demonstrate the relationship between Southern religion and Southern society and his work displays meticulous attention to the ways in which we are affected by complacency He asserts that Southern Baptists viewed the American South as a version of God's ideal society any issues they wished to address were caused by individuals such as those who did not conform to societal norms or external attitudes such as those in differing religions or regions *At Ease in Zion* is a critical part of the scholarly discussion on religion in society Spain's research offers a bold analysis of the American South and its citizens during one of the most tumultuous times in its history while providing a basis for arguments on social Christianity and its ever shifting role in the world

Speak Now Against The Day John Egerton, 2013-08-28 *Speak Now Against the Day*

is the astonishing little known story of the Southerners who in the generation before the Supreme Court outlawed school segregation and before Rosa Parks refused to surrender her seat on a Montgomery bus challenged the validity of a white ruling class and a separate but equal division of the races The voices of the dissenters although present throughout the South's troubled history grew louder with Roosevelt's election in 1932 An increasing number of men and women who grappled daily with the economic and social woes of the South began forcefully and courageously to speak and to work toward the day when the South and the nation would deliver on the historic promises in the country's founding documents This is the story of those brave prophets the ministers writers educators journalists social activists union members and politicians black and white who pointed the way to higher ground Published forty years after the Brown v Board of Education ruling of the Supreme Court this compelling book is not only a rich trove of forgotten history it also speaks profoundly to us in the context of today's continuing racial and social conflict

Trouble in Mind Leon F. Litwack, 1999-07-27 A searing history of life under Jim Crow that recalls the bloodiest and most repressive period in the history of race relations in the United States and the painful record of discrimination that haunts us to this day From the Pulitzer Prize winning author of *Been in the Storm So Long* The stain of Jim Crow runs deep in 20th century America Its effects remain the nation's most pressing business *Trouble in Mind* is an absolutely essential account of its dreadful history and calamitous legacy The Washington Post In April 1899 Black laborer Sam Hose killed his white boss in self defense Wrongly accused of raping the man's wife Hose was mutilated stabbed and burned alive in front of 2 000 cheering whites His body was sold piecemeal to souvenir seekers an Atlanta grocery displayed his knuckles in its front window for a week Drawing on new documentation and first person accounts Litwack describes the injustices both institutional and personal inflicted against a people Here too are the Black men and women whose activism literature and music preserved the genius of the human spirit

Militarism, Imperialism, and Racial Accommodation Stanford M. Lyman, 1992-01-01 1993 Mid South Sociological Association Book Award Robert E Park has long been recognized as one of the most influential thinkers in early American sociology yet virtually all of his works appearing before 1913 were published in popular magazines and were dismissed as nonsociological muckraking In *Militarism Imperialism and Racial Accommodation* An Analysis and Interpretation of the Early Writings of Robert E Park Stanford M Lyman examines and reprints many of these little known works including Park's essays on German military organization his exposés of the atrocities committed by Belgium's Leopold II in the Congo State his studies of the black community in Winston Salem North Carolina and of Booker T Washington's agricultural education program at Tuskegee Alabama Lyman shows clearly that Park's essays written outside the academy formulated a far more complex perspective on modern modes of evil than any proposed by his contemporaries thereby influencing sociological debates for decades to come By writing his essays on topical subjects and by publishing them for a public audience Park dramatized his profound belief that the struggle to achieve racial accommodation and to establish a true and lasting democracy is a concern for all
