The Problem of Race-Regeneration Havelock Ellis,2015-07-21

Excerpt from The Problem of Race Regeneration These Tracts might have been called New Tracts for New Times since they interpret the signs and prophecies of a new world in the making demanding the application of loftier ideals more widely embracing principles and surer methods of advance than have hitherto prevailed They do not merely deplore and combat the manifest evils of the past and the present changing conditions but reveal the foundations of a richer civilisation The era of destructive criticism of improving material environment alone of lavish care for a short season of the unfit merely to turn them adrift at the critical age of reliance upon forms and drugs hospitals and penitentiaries police and prisons and upon unfettered liberty to correct its own abuses is mercifully passing away We are living in a transition period but nearer the future than the past The wonderful nineteenth century seems already to have become history and the first decade of the twentieth century has closed The new spirit of the age which appeared in wondrous guise on the horizon at the watch of the centuries is becoming articulate It is evident to all who possess the historic vision that we are living in the twilight before the dawn About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The Problem of Race-regeneration* Havelock Ellis,Douglas Crawford McMurtrie,1926
