Rachel Weep No More Prepack:

Victorian Prism James Buzard, Joseph W. Childers, Eileen Gillooly, 2007 From the moment it opened on the first of May in the Crystal Palace in Hyde Park London the Great Exhibition of 1851 was one of the defining events of the Victorian period It stood not only as a visible symbol of British industrial and technological progress but as a figure for modernity a figure that has often been thought to convey one coherent message and vision of culture and society This volume examines the place occupied both materially and discursively by the Crystal Palace and other nineteenth and twentieth century exhibitions in the struggle to understand what it means to be modern Initiated in part by a number of conferences held in 2001 to commemorate the 150th anniversary of the Crystal Palace **Victorian Prism** provides new perspectives to historians literary critics art historians and others interested in how a large glass building in a London park could refract meaning from Caracas to Calcutta In its investigations of the ways of knowing and shaping the world that emerged during the planning and execution of this first world s fair **Victorian Prism** not only restores the multiplicity of experiences and other determining factors to our picture of the Great Exhibition it makes reevaluation of the exhibition and its legacies the occasion for reevaluating modernity itself in its broadest sense as the cultures potentialities and liabilities of the Enlightenment With essays by a number of leading scholars in their fields the collection as a whole focuses on how these exhibitions in attempting to define the cultures of their day incorporated a range of conflicting ideologies and agendas In doing so it offers a richer more complex understanding of the experience of modernity than we have previously acknowledged The volume also addresses the ways in which the cultural processes and tendencies brought together in these exhibitions have been refracted down to the present thus informing and complicating our own relationship to both modernity and postmodernity
