**Alan Howe, Richard Waller**

## **Racines Iphigénie Literary Rehearsal:**

**Racine's Iphigénie** Russell Pfohl, 1974     A Critical Bibliography of French Literature H. Gaston Hall, 1983-02-01  
Richard A Brooks general editor v     *Racine's Iphigénie. Literary rehearsal and tragic recognition* Russell Pfohl, 1974

**Homage to Paul Bénichou** Sylvie Romanowski, Monique Bilezikian, 1994     Questioning Racinian Tragedy John Campbell, 2005 Noting significant differences between the individual tragedies of Racine and the many current notions of what Racinian tragedy is deemed to imply John Campbell explores the identity and meaning of the modern Racine He asks if any one critical paradigm

**Confidential Strategies** Valerie Worth-Stylianou, 1999     **The Tragic Middle** Richard E. Goodkin, 1991 This is an extraordinary book brilliantly conceived and beautifully written Its approach to the well worn subject of tragic drama is quite fresh While Goodkin draws on the best of traditional scholarship in philosophy classical philology and literary criticism he argues with an intellectual style that is entirely his own Every reader will be stimulated in his own particular way so great is the range and power of this book to extend the book's argument toward or from his own area of interest William Levitan Princeton University

**Damned** J.-L. Roland Bélangier, 1975     *The Color-keys to "A la Recherche Du Temps Perdu"* Allan H. Pasco, 1976     A Critical Bibliography of French Literature: The seventeenth century David Clark Cabeen, 1947 The numerous selections in this volume give for the first time a true idea of the range of Swift's writing over half a century Besides many familiar works the editors have included correspondence political pamphlets poetry a sermon and pieces for the popular press

**La Nouvelle Héloïse** James F. Jones, 1977     **Racine** David Maskell, 1991 This original and innovative study is the first systematic exploration of Racine's theatricality It is based on a close examination of all Racine's plays and on evidence for performance of them from the seventeenth century to the present day David Maskell considers with the help of illustrations the relationship between verbal and visual effects He shows how the decor in plays such as *Andromaque* *Britannicus* and *Berenice* is significant for the action and indicates the rich often symbolic implication of stage properties and physical gestures particularly in *Mithridate* *Phedre* and *Athalie* Racine's usually neglected single comedy *Les Plaideurs* is shown to cast light on the theatrical language of his eleven tragedies Some familiar topics of tragedy moral ambiguity error and transcendence emerge in a fresh light and the concept of the tragic genre is critically examined from the theatrical standpoint This study challenges many long established views of Racine and lays the foundation for a reassessment of his role in French drama It also opens new perspectives on his relationship with dramatists writing in other languages

**The French Review** James Frederick Mason, Hélène Harvitt, 1982     Proust and the Middle Ages Richard Bales, 1975     *Hidden Tragedies* Véronique Desnain, 2002     **The Tragic Drama of Corneille and Racine** Henry Thomas Barnwell, 1982     En Marge Du Classicisme Alan Howe, Richard Waller, 1987     *Comparative Literature*, 1974

**Silence and Absence in Literature and Music**, 2016-04-08 This volume focusses on the rarely discussed reverse side of traditional given objects of studies namely absence rather than presence of text and silence rather than sound It does

so from the bifocal and interdisciplinary perspective which is a hallmark of the book series Word and Music Studies The twelve contributors to the main subject of this volume approach it from various systematic and historical angles and cover among others questions such as to what extent absence can become significant in the first place or iconic silent functions of musical scores as well as discussions of fields ranging from baroque opera to John Cage s 4 33 The volume is complemented by two contributions dedicated to further surveying the vast field of word and music studies The essays collected here were originally presented at the Ninth International Conference on Word and Music Studies held at London University in August 2013 and organised by the International Association for Word and Music Studies They are of relevance to scholars and students of literature music and intermediality studies as well as to readers generally interested in phenomena of absence and silence      **Iphigenia in Literature** Frederic Aldin Hall,1910
