The inspiring story of the black students faculty and administrators who forever changed America's leading educational institutions and paved the way for social justice and racial progress The eight elite institutions that comprise the Ivy League sometimes known as the Ancient Eight Harvard Yale Princeton Penn Columbia Brown Dartmouth and Cornell are American stalwarts that have profoundly influenced history and culture by producing the nation's and the world's leaders The few black students who attended Ivy League schools in the decades following WWII not only went on to greatly influence black America and the nation in general but unquestionably awakened these most traditional and selective of American spaces In the twentieth century black youth were in the vanguard of the black freedom movement and educational reform Upending the Ivory Tower illuminates how the Black Power movement which was borne out of an effort to edify the most disfranchised of the black masses also took root in the hallowed halls of America's most esteemed institutions of higher education Between the close of WWII and 1975 the civil rights and Black Power movements transformed the demographics and operation of the Ivy League on and off campus As desegregators and racial pioneers black students staff and faculty used their status in the black intelligentsia to enhance their predominantly white institutions while advancing black freedom Although they were often marginalized because of their race and class the newcomers altered educational policies and inserted blackness into the curricula and culture of the unabashedly exclusive and starkly white schools This book attempts to complete the narrative of higher education history while adding a much needed nuance to the history of the Black Power movement It tells the stories of those students professors staff and administrators who pushed for change at the risk of losing what privilege they had Putting their status and sometimes even their lives in jeopardy black activists negotiated protested and demonstrated to create opportunities for the generations that followed The enrichments these change agents made endure in the diversity initiatives and activism surrounding issues of race that exist in the modern Ivy League Upending the Ivory Tower not only informs the civil rights and Black Power movements of the postwar era but also provides critical context for the Black Lives Matter movement that is growing in the streets and on campuses throughout the country today As higher education continues to be a catalyst for change there is no one better to inform today's activists than those who transformed our country's past and paved the way

Trindade, 2020-10-06 No Laughing Matter Race Joking and Resistance in Brazilian Social Media examines the social phenomenon of construction and dissemination of colonial like racist discourses fostered against upwardly mobile black women through disparagement humour on social media platforms adopting a fresh and innovative perspective In this book Luiz Vale rio P Trindade explores the idea that disparagement humour might not be as exempt of social impact as the jokers might believe and that in fact this kind of humour reveals the hidden facet of deep seated colonial ideologies still present in Brazilian society despite being hailed as a unique model of a post racial society The author argues that these ideologies establish and naturalise superior social positions and symbolic privileges to whites while undermining and delegitimising black women s upward social mobility Social media platforms enable the proponents of these beliefs not only to engage in the practice of online hate speech but also to attract a considerable number of like minded people creating a long lasting echo chamber effect in the cyberspace This way they manage to amplify the reach and reverberation of their racist discourses in the online environment in ways not commonly seen in Brazilian offline social contexts This monograph is of great interest and relevance to students scholars and researchers across a variety of disciplines most notably Critical Race Studies Media Communication Studies and Critical Humour Studies and also academics in other areas such as Critical Discourse Analysis Postcolonial Studies Cultural Studies and Latin American Studies *Fucking Hostile: West Perth Football Hooligans 1984-86* Philip H.
