Goldenseal ,2005 **British Newspaper Strips** Adam Twycross, 2024-08-09 This book explores the history and development of the British daily newspaper strip It considers such strips within their political commercial and societal contexts and fills in a crucial section of publishing history that has been largely overlooked by both comics and newspaper studies to date Beginning with an examination of the role of the image within British publishing in the final decades of the nineteenth century the book moves on to explore the arrival and development of the first daily strips It considers the links that bound these strips to surrounding cultural forms their relationship to their host newspapers and their position within the wider structures of the emerging popular press Subsequent chapters cover a range of topics including the impact of the world wars the anti comics campaigns of the 1940s and 50s and how changes to British publishing and wider society shaped the newspaper strips of the final decades of the twentieth century Culminating with a discussion of the way in which strips became established within the broadsheet press from the 1960s the book builds to provide a detailed overview of the twentieth century development of this most neglected cultural form **Small Press Record of Books in Print** Len

Mifflin County Historical Society author.

Forest K. Fisher presents the history and evolution of the picture postcard and its significance as a medium of communication in *For Just a Penny: Historic Mifflin County Postcards*. In Fisher's tenth book detailing local history from a central Pennsylvania county founded in 1789, the author uses local vintage postcards and historic images throughout the 130-page publication. Whether colorful hand-tinted images or aged sepia-tone real photo postcards, both are prized by collectors. Many examples of these come from the archives of the county historical society, while other postcards were loaned from area collectors as well as from the author's personal collection. Fisher also brings along his connection to the family photographic business, The Kepler Studio, Lewistown, PA, and its large collection of classic images from 60 years in the commercial photographic business (1923-1983). Using this primary source, a brief pictorial lesson is presented on how to date a real photo postcard or RPPC using examples from his family's photographic studio collection. One feature illustrates exaggeration or fantasy real photo postcards. Examples of this novelty postcard style might show a fisherman reeling in a canoe-sized trout or farmers harvesting corn the size of oak logs. Today we would say, "Oh, that's been Photoshopped." But a century ago, postcards of this genre, often produced for tourist consumption, had to be accomplished in the photographer's darkroom. *For Just a Penny* shows exactly how this was accomplished. It's as much art as science, not to mention a slightly twisted sense of humor, came in handy. A book like this cannot do justice to historic images when presented in grey scale or black and white. *For Just a Penny* is published in full color, semi-gloss pages from cover to cover, giving the reader a glimpse of almost 120 years of postcard history with a Mifflin County, Pennsylvania slant. Step back with the Mifflin County Historical Society and author Forest K. Fisher to glimpse the social media of a bygone age when messages to friends and loved ones could be sent for just a penny.
