Pathways To Social Class A Qualitative Approach To Social Mobility:

Pathways to Social Class Daniel Bertaux, Paul Richard Thompson, 2006-01-01 Calling for a broader new approach to social mobility research *Pathways to Social Class A Qualitative Approach to Social Mobility* moves beyond pure statistics to use qualitative techniques such as life stories and family case studies to examine more closely the dynamics of mobility and address more fundamental sociological questions Up to now the extensive sociological literature on mobility has been based around the survey method As a result we have access to abundant statistical data but there is little information available to explain how and why people follow particular life paths To overcome these limitations Bertaux and Thompson have developed an alternative complementary approach using life stories case histories of whole families over several generations or case studies of local communities Employing the case study approach does not prevent the identification of structural trends on the contrary it allows us to analyze those collective processes through their local effects restoring the links with classics of sociological thought Bertaux and Thompson tackle such problems as What exactly is transmitted between generations is it wealth or land occupational models or skills social networks or values and orientations What kinds of assets can immigrants draw on How can a social elite survive the upheaval of a popular revolution What is the impact of marriage on the mobility of men and women How far can belonging to one locality rather than another or choosing a particular house shape mobility paths and aspirations Do dreams of mobility matter This volume promises to inspire other sociologists towards the richly revealing and highly significant findings that a broader based approach to social mobility will enable Daniel Bertaux is the director of research at the Centre d'étude des Mouvements Sociaux of the CNRS and EHESS in Paris His many publications on social mobility and on life stories include *Destins Personnels et Structure de Classe* and *Biography and Society* Paul Thompson is a research professor in sociology at the University of Essex His books include *The Edwardians The Voice of the Past I Don't Feel Old* and *The Myths We Live By* His is co editor with Bertaux of *Between Generations Family Models Myths and Memories*

Pathways to Social Class Daniel Bertaux, Paul Thompson, 2017-11-29 Calling for a broader new approach to social mobility research *Pathways to Social Class A Qualitative Approach to Social Mobility* moves beyond pure statistics to use qualitative techniques such as life stories and family case studies to examine more closely the dynamics of mobility and address more fundamental sociological questions *Pathways to Social Class* Paul Richard Thompson, 2023 This text focusing on issues of social class is intended for scholars and students of sociology It covers issues of social stratification and mobility

Migration, Education and Socio-Economic Mobility Nitya Rao, 2014-06-11 The primacy of education in development agendas is unquestioned With the gradual acknowledgement of the potential benefits that migration can hold for development the relationship between migration and education is a growing area of research *Migration Education and Socio Economic Mobility* explores how the decisions people make in terms of both their migration choices and educational investments mediated as they are by gender class caste and nationality can potentially contribute to earning incomes

building social and symbolic capital or reshaping gender relations all elements contributing to the process of economic and social mobility Much of the existing literature examining the links between migration and education focuses either on the investment of migrant remittances in the education of their children back home or on brain drain that refers to the migration of skilled workers from the developing to the developed world Most of these discussions are firmly rooted in materialist arguments and while undeniably important tend to underplay the social processes through which migration and education interact to shape people's lives identities and status in society Along with economic security people also aspire to social mobility and status enhancement The ideas presented in this book take a more varied and nuanced view of the relationship between education and migration This book was originally published as a special issue of *Compare: A Journal of Comparative and International Education* *Living Through the Soviet System* Leo Lowenthal, 2017-07-05 For a period of over seventy years after the 1917 revolutions in Russia talking about the past either political or personal became dangerous The situation changed dramatically with the new policy of glasnost at the end of the 1980s The result was a flood of reminiscence almost nightly on television and more formally collected by new Russian oral history groups and also by Western researchers Daniel Bertaux and Paul Thompson both began collecting life story and family history interview material in the early 1990s and this book is the outcome of their initiative *Living Through the Soviet System* analyzes through personal accounts how Russian society operated on a day to day level It contrasts the integration of different social groups the descendants of the pre-revolutionary upper classes the new industrial working class or the ethnically marginalized Russian Jews It examines in turn the implications of family relationships working mothers absent fathers and caretaking grandmothers patterns of eating together and of housing the secrecy of sex the suppression of religion and the small freedoms of growing vegetables on weekends on a dacha plot Because of its basis in direct testimonies the book reveals in a highly readable and direct style the meaning for ordinary men and women of living through those seven dark decades of a great European nation Because of the centrality of Soviet Russia to the history of the twentieth century world this book will be of interest to a wide range of readers It will be of importance to students researchers and teachers of history and sociology as well as specialists in East European and other communist societies *Researching Social Change* Julie McLeod, Rachel Thomson, 2009-03-26 Questions about change in social and personal life are a feature of many accounts of the contemporary world While theories of social change abound discussions about how to research it are much less common This book provides a timely guide to qualitative methodologies that investigate processes of personal generational and historical change The authors showcase a range of methods that explore temporality and the dynamic relations between past present and future Through case studies they review six methodological traditions memory work oral life history qualitative longitudinal research ethnography intergenerational and follow up studies It illustrates how these research approaches are translated into research projects and considers the practical as well as the theoretical and ethical challenges they pose Research methods are also the product of

times and places and this book keeps to the fore the cultural and historical context in which these methods developed the theoretical traditions on which they draw and the empirical questions they address Researching Social Change is an invaluable resource for researchers and graduate students across the social sciences who are interested in understanding and researching social change

Self-Made Men Garth Stahl, 2022-07-14 This book explores how boys from low socioeconomic status backgrounds disengage from their education and are resultantly severely underrepresented in post compulsory education For those who attend university many will be first in their family As first in family students they may encounter significant barriers which may limit their participation in university life and their acquisition of social and cultural capital Drawing on a longitudinal study of young Australian men pursuing higher education the book provides the first detailed account of socially mobile working class masculinities Investigating the experiences of these young men this book analyses their acclimatisation to new learning environments as well as their changing subjectivities The monograph draws on various sociological theories to analyse empirical data and make practical recommendations which will drive innovation in widening participation initiatives internationally This book will be of interest to scholars interested in widening participation transitions social mobility and Critical Studies of Men and Masculinities

Social Beings, Future Belongings Anna Tsalapatani, Miranda Bruce, David Bissell, Helen Keane, 2019-04-29 Social Beings Future Belongings is a collection of sociological essays that address an increasingly relevant matter what does belonging look like in the twenty first century The book critically explores the concept of belonging and how it can respond to contemporary problems in not only the traditional domains of citizenship and migration but also in detention practices queer and feminist politics Australian literature and fashion technology housing and rituals Drawing on examples from Australia Europe the United Kingdom and the United States each topic is examined as a different kind of problem for the future as a toil an intensity or a promise Ultimately the collection argues that creating new ways to belong in contemporary times means reimagining the traditional terms on which belonging can happen as well as the social itself Read on their own each chapter presents a compelling case study and develops a set of critical tools for encountering the empirical epistemological and ontological challenges we face today Read together they present a diverse imagination that is capable of answering the question of belonging in to and with the future Social Beings Future Belongings shows how belonging is not a static and universal state but a contingent emergent and ongoing future oriented set of practices Balancing empirical and theoretical work this book will appeal to researchers students and practitioners alike

The SAGE Handbook of Social Research Methods Pertti Alasuutari, Leonard Bickman, Julia Brannen, 2008-02-25 The SAGE Handbook of Social Research Methods is a must for every social science researcher It charts the new and evolving terrain of social research methodology covering qualitative quantitative and mixed methods in one volume The Handbook includes chapters on each phase of the research process research design methods of data collection and the processes of analyzing and interpreting data The volume maintains that there is much more to

research than learning skills and techniques methodology involves the fit between theory research questions research design and analysis The book also includes several chapters that describe historical and current directions in social research debating crucial subjects such as qualitative versus quantitative paradigms how to judge the credibility of types of research and the increasingly topical issue of research ethics The Handbook serves as an invaluable resource for approaching research with an open mind This volume maps the field of social research methods using an approach that will prove valuable for both students and researchers **The Wiley Blackwell Encyclopedia of Family Studies, 4 Volume Set** Constance L.

Shehan,2016-02-29 The Wiley Blackwell Encyclopedia of Family Studies presents a comprehensive interdisciplinary collection of the key concepts trends and processes relating to the study of families and family patterns throughout the world Offers more than 550 entries arranged A Z Includes contributions from hundreds of family scholars in various academic disciplines from around the world Covers issues ranging from changing birth rates fertility and an aging world population to human trafficking homelessness famine and genocide Features entries that approach families households and kin networks from a macro level and micro level perspective Covers basic demographic concepts and long term trends across various nations the impact of globalization on families global family problems and many more Features in depth examinations of families in numerous nations in several world regions 4 Volumes www.familystudiesencyclopedia.com Cities of Europe

Yuri Kazepov,2011-07-15 Cities of Europe is a unique combination of book and CD ROM examining the effects of recent socio economic transformations on western European cities A unique combination of book and CD ROM examining the effects of recent socio economic transformations on western European cities Focuses on the interplay between segregation social exclusion and governance issues in these cities Takes a comparative approach by highlighting the specifics of European cities vis vis other urban contexts and analysing the intra European differences The CD ROM features a series of 2 000 photographs from seventeen cities Amsterdam Antwerp Barcelona Berlin Birmingham Brussels Bucharest Helsinki London Milan Naples New York Paris Rotterdam Tirana Turin and Utrecht Also features 126 thematic maps interviews with established scholars and literature reviews The book and the CD ROM are linked through an extensive cross referencing system

Working and Caring over the Twentieth Century J. Brannen,P. Moss,A. Mooney,2004-09-06 Increased longevity and better health are changing the nature of family life In the context of changes in the world of work increased divorce and a declining welfare state multi generation or beanpole families are a potential resource for family support Focusing on four generation families and the two central careers of the life course employment and care Working and Caring Over the Twentieth Century explores this question Based upon new research that employed biographical methods it maps in detail from 1910 to the late 1990s the lives of men and women as great grandparents grandparents and parents The book provides unique insights into processes of change and continuity in family lives and the ways in which different generations of men and women make sense of their lives *On Living Through Soviet Russia* Daniel Bertaux,Paul Thompson,Anna

Rotkirch,2004 For a period of over seventy years after the 1917 revolutions in Russia talking about the past either political or personal became dangerous The new policy of glasnost at the end of the 1980s resulted in a flood of reminiscence almost nightly on television and more formally collected by new Russian oral history groups and western researchers This book is a fascinating collection of life stories and family history interview material collected by the editors and two Russian groups of interviewers SAGE Handbook of Mixed Methods in Social & Behavioral Research Abbas Tashakkori,Charles

Teddle,2010-06-21 Surveying the differing viewpoints and disciplinary approaches to using mixed methods this volume helps readers explore the answers to a wide range of key questions in the field including Can using mixed methods offset the disadvantages that certain methods have by themselves What criteria can a researcher use to select the best mixed methods design for his or her project and What are the points of agreement and controversy regarding design issues in mixed methods research This breakthrough Second Edition containing all new chapters examines all aspects of mixed methods research across a variety of disciplines Key Features Covers all aspects of inquiry from conceptualizing research to selecting methods analyzing and interpreting data and reporting findings Draws on the work of a mix of internationally recognized researchers as well as new and emerging researchers to provide a diversity of perspectives Gives specific examples from a wide range of disciplines to help readers understand the issues and controversies in this evolving area Presents rich material for discussion and new ideas for implementing mixed methods research to provide readers with a cutting edge resource Provides pedagogical tools such as learning objectives discussion questions and exercises and extensive cross referencing

Reader's Guide to the Social Sciences Jonathan Michie,2014-02-03 This 2 volume work includes approximately 1 200 entries in A Z order critically reviewing the literature on specific topics from abortion to world systems theory In addition nine major entries cover each of the major disciplines political economy management and business human geography politics sociology law psychology organizational behavior and the history and development of the social sciences in a broader sense

Researching Life Stories and Family Histories Robert Lee Miller,1999-09-22 A comprehensive balanced and judicious treatment of biographical methods in social research made all the more useful to students by its careful delineation of the practicalities involved Raymond M Lee Royal Holloway University of London Specifically designed for those carrying out biographical life history or family history research this concise guide covers the methods and issues involved The author demonstrates that biographical research is a distinctive way of conceptualizing social activity The three main approaches to biographical and family history research are covered Realist focused around grounded theory techniques of interviewing Neo positivist more structured interview techniques Narrative with emphasis on the active construction of life stories through the interplay between interviewer and interviewee An invaluable introduction to the field which contains much that will be of interest to the experienced practitioner the book will be ideal for researchers in sociology psychology political science social policy or anthropology The Creolisation of London Kinship Elaine Bauer,2010 In the last 50 years the United Kingdom

has witnessed a growing proportion of mixed African Caribbean and white British families With rich new primary evidence of mixed race in the capital city The Creolisation of London Kinship thoughtfully explores this population Making an indelible contribution to both kinship research and wider social debates the book emphasises a long term evolution of family relationships across generations Individuals are followed through changing social and historical contexts seeking to understand in how far many of these transformations may be interpreted as creolisation Examined too are strategies and innovations in relationship construction the social constraints put upon them the special significance of women and children in kinship work and the importance of non biological as well as biological notions of family relatedness P 4 of cover

Clever Girls Jackie Goode, 2019-11-28 Winner of the Working Class Studies Association s Jake Ryan and Charles Sackrey Award for a Book about the Working Class Academic Experience This collection by three generations of women from predominantly working class backgrounds explores the production of the classed gendered and racialized subject with powerful engaging funny and moving stories of transitions through family relationships education friendships and work The developments that take place across a life in processes of becoming are examined through the fifteen autoethnographies that form the core of the book set within an elaboration of the social educational and geo political developments that constitute the backdrop to contributors lives Clever Girls discusses the status of personal experience as research data and the memory work that goes into the making of autoethnography as poesis The collection illustrates the huge potential of autoethnography as research method mode of inquiry and creative practice to illuminate the specificities and commonalities of experiences of growing up as clever girls and to sound a call to action against inequality and discrimination **Living Through the Soviet System** Leo Lowenthal, 2017-07-05 For a period of over seventy years after the 1917 revolutions in Russia talking about the past either political or personal became dangerous The situation changed dramatically with the new policy of glasnost at the end of the 1980s The result was a flood of reminiscence almost nightly on television and more formally collected by new Russian oral history groups and also by Western researchers Daniel Bertaux and Paul Thompson both began collecting life story and family history interview material in the early 1990s and this book is the outcome of their initiative Living Through the Soviet System analyzes through personal accounts how Russian society operated on a day to day level It contrasts the integration of different social groups the descendants of the pre revolutionary upper classes the new industrial working class or the ethnically marginalized Russian Jews It examines in turn the implications of family relationships working mothers absent fathers and caretaking grandmothers patterns of eating together and of housing the secrecy of sex the suppression of religion and the small freedoms of growing vegetables on weekends on a dacha plot Because of its basis in direct testimonies the book reveals in a highly readable and direct style the meaning for ordinary men and women of living through those seven dark decades of a great European nation Because of the centrality of Soviet Russia to the history of the twentieth century world this book will be of interest to a wide range of readers It will be of importance to

students researchers and teachers of history and sociology as well as specialists in East European and other communist societies *The Routledge Handbook of Contemporary Inequalities and the Life Course* Magda Nico,Gary Pollock,2021-12-31 Drawing upon perspectives from across the globe and employing an interdisciplinary life course approach this handbook explores the production and reproduction of different types of inequality across a variety of social contexts Inequalities are not static easily measurable and essentially quantifiable circumstances of life They are processes which impact on individuals throughout the life course interacting with each other accumulating attenuating reproducing or distorting themselves along the way The chapters in this handbook examine various types of inequality such as economic gender racial and ethnic inequalities and analyse how these inequalities manifest themselves within different aspects of society including health education and the family at multiple levels and dimensions The handbook also tackles the global COVID 19 pandemic and its striking impact on the production and intensification of inequalities The interdisciplinary life course approach utilised in this handbook combines quantitative and qualitative methods to bridge the gap between theory and practice and offer strategies and principles for identifying and tackling issues of inequality This book will be indispensable for students and researchers as well as activists and policy makers interested in understanding and eradicating the processes of production reproduction and perpetuation of inequalities

Pathways To Social Class A Qualitative Approach To Social Mobility Book Review: Unveiling the Power of Words

Pathways To Social Class A Qualitative Approach To Social Mobility Introduction

In today's digital age, the availability of Pathways To Social Class A Qualitative Approach To Social Mobility books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Pathways To Social Class A Qualitative Approach To Social Mobility books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Pathways To Social Class A Qualitative Approach To Social Mobility books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Pathways To Social Class A Qualitative Approach To Social Mobility versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Pathways To Social Class A Qualitative Approach To Social Mobility books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Pathways To Social Class A Qualitative Approach To Social Mobility books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for

Pathways To Social Class A Qualitative Approach To Social Mobility books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Pathways To Social Class A Qualitative Approach To Social Mobility books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Pathways To Social Class A Qualitative Approach To Social Mobility books and manuals for download and embark on your journey of knowledge?

FAQs About Pathways To Social Class A Qualitative Approach To Social Mobility Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Pathways To Social Class A Qualitative Approach To Social Mobility is one of the best book in our library for free trial.
