Fuqua, 2012-06-19 Tracing the history of television as a therapeutic device Joy V Fuqua describes how TVs came to make hospitals seem more like home and later medicalized the modern home She

examines the introduction of television into the private hospital room in the late 1940s and 1950s and then moves forward several decades to consider the direct to consumer prescription drug commercials legalized in 1997 Fuqua explains how as hospital administrators and designers sought ways of making the hospital a more inviting personalized space TV sets came to figure in the architecture and layout of health care facilities Television manufacturers seized on the idea of therapeutic TV specifying in their promotional materials how TVs should be used in the hospital and positioned in relation to the viewer With the debut of direct to consumer prescription drug advertising in the late 1990s television assumed a much larger role in the medical marketplace Taking a case study approach Fuqua uses her analysis of an ad campaign promoting Pfizer's Viagra to illustrate how television and later the Internet turned the modern home into a clearinghouse for medical information redefined and redistributed medical expertise and authority and in the process created the contemporary consumer patient

Positive Psychoanalysis Mark Leffert, 2017-01-20 Psychoanalysis and Psychotherapy have in one way or another focused on the amelioration of the negative This has only done half the job the other half being to actively bring Positive Experience into patients lives Positive Psychoanalysis moves away from this traditional focus on negative experience and problems and instead looks at what makes for a positive life experience bringing a new clinical piece to what psychoanalysts do Positive Psychoanalysis and the interdisciplinary theory and research behind it The envelope of functions entailed in Positive Psychoanalysis is an area of Being described as Subjective Well Being This book identifies three particular areas of function encompassed by SWB Personal Meaning Aesthetics and Desire Mark Leffert looks at the importance of these factors in our positive experiences in everyday life and how they are manifested in clinical psychoanalytic work These domains of Being form the basis of chapters each comprising an interdisciplinary discussion integrating many strands of research and argument Leffert discusses how the areas interact with each other and how they come to bear on the care healing and cure that are the usual subjects of psychoanalytic treatment He also explores how they can be represented in contemporary psychoanalytic theory This novel work discusses and integrates research findings phenomenology and psychoanalytic thought that have not yet been considered together It seeks to inform readers about these subjects and demonstrates with clinical examples how to incorporate them into their clinical work with the negative helping patients not just to heal the negative but also move into essential positive aspects of living a sense of personal meaning aesthetic competence and becoming a desiring being that experiences Subjective Well Being Drawing on ideas from across neuroscience philosophy and social and culture studies this book sets out a new agenda for covering the positive in psychoanalysis Positive Psychoanalysis will appeal to psychoanalysts and psychotherapists neuroscientists and philosophers as well as academics across these fields and in psychiatry comparative literature and literature and the mind

Twana Narratives William Welcome Elmendorf, 1993 The Twana speech community of Coast Salish Indians lived before 1860 in nine villages in western Washington Twana Narratives presents first person insider accounts of Twana history society and religion as told by natives

Frank and Henry Allen to anthropologist William Elmendorf between 1934 and 1940 The Allens were born in the Hood Canal area in the mid nineteenth century and were fluent in both English and Twana The vigorous language of the eighty narratives while predominantly in English is freely interspersed with key native terms denoting personal names genealogical connections and spirit powers and rituals The texts unique for the region and the period reveal a strong sense of the local diversity within the larger Salish area and of the intricate interrelationships between village communities Health Physics in the Healing Arts ,1973
