Patientcentered Ethics And Communication At The End Of Life:

Patient-Centred Ethics and Communication at the End of Life David Jeffrey, 2018-04-17 This book provides the best information available on the ways priorities are currently set for health care around the world. It describes the methods now used in the six countries leading the process and contrasts the differences between them. It shows how except in the UK frameworks have now been developed to set priorities. Making Choices for Health Care sets forth the key issues that need to be tackled in the years ahead. Descriptions of the leading trends are accompanied by suggestions to resolve outstanding difficulties. Topics include the need for national research and development funding for new treatments, ways to shift resources permanently towards prevention and chronic care, and how DALYs may replace QALYs. While the concepts and values underlying priority setting have been discussed elsewhere, Making Choices for Health Care highlights real current practice. It is a vital tool for policy makers, health care managers, clinicians, patient organizations, academics, and executives in pharmaceutical and medical supply industries.

Empathy-Based Ethics David Ian Jeffrey, 2021-01-05 This book explores a new way of applying clinical ethics. Empathy-based ethics is based on the patient-doctor relationship and seeks to encourage a more humane form of medical practice. The author argues that the current emphasis on the biomedical model of medicine and a detached concern form of professionalism have damaged the patient-doctor relationship. He investigates examples of the dehumanization of patients and demonstrates a contrasting view of humane care. The book presents empathy as a relational construct; it provides an in-depth analysis of the process of empathizing. It discusses an empathy-based ethics approach underpinned by clinical examples of the practical application of this new approach. It suggests how empathy-based ethics can be embedded in clinical practice, medical education, and

research The book concludes by examining the challenges in implementing such an approach and looks to a future which redresses the current imbalance between biomedical and psychosocial approaches to medicine **Palliative Care Nursing** Marianne LaPorte Matzo, Deborah Witt Sherman, 2010 Print CourseSmart High-Grade Glioma: Pathophysiology, Treatment Strategies, and Holistic Care Approaches Dr. Spineanu Eugenia, 2025-03-12 Explore comprehensive insights into High Grade Glioma with this treatise delving into its pathophysiology treatment strategies and holistic care approaches From the molecular markers influencing prognosis to advanced surgical techniques and emerging immunotherapy options this resource offers in depth analyses crucial for medical professionals and researchers Discover ethical considerations in treatment decisions patient experiences and palliative care essentials ensuring a compassionate approach throughout Whether navigating diagnostic challenges or optimizing patient outcomes through personalized therapies this treatise provides a nuanced understanding of High Grade Glioma s complexities Stay informed with the latest advancements in neuro oncology and enhance your knowledge base with evidence based practices aimed at improving quality of life and clinical outcomes for patients with this challenging neurological condition Against Physician Assisted Suicide David Jeffrey, 2009 The majority of doctors and nurses involved in specialist palliative care reject the legalisation of physician assisted suicide PAS This book explores the reasons why the healthcare professionals who have the most experience of caring for dying patients should object to a change in the law Debate about euthanasia and PAS often arises in response to a well publicised tragic case of unrelieved suffering Such heart rending stories do not reflect the fact that the majority of people dying have a dignified death There is a marked disparity between medical intuitions and the philosophers arguments about euthanasia and PAS It seems that part of the moral constitution of a doctor is a commitment not to intend the death of a patient and to protect them from harm The perspective of those who are privileged to care for thousands of dying patients and their families should inform the debate about PAS This book will enable those who are not working within palliative care to gain an insight into the scope of this speciality and to understand why legalisation of PAS should be resisted to maintain and improve care of dying patients **Counselling for Death and Dying** Richard Bryant-Jefferies, 2006 Focusing on counselling bereaved clients and those with terminal illness this book contains case studies reflective thoughts and feelings of both the client and counsellor Boxed key points and references to person centred theory aid easy comprehension Textbook of Palliative Care Communication Elaine Wittenberg, Betty R.
