Patients Profits And Power:

Profits and Power David A. Detomasi, 2022-05-30 Oil fuels the global economy and remains a staple of our energy system Yet its production and use continue to draw negative criticism and an increasing number of people want to reduce or eliminate its use altogether Profits and Power sheds light on how the oil system works its key players and the political and geopolitical issues related to its use Starting in the second half of the nineteenth century the book traces the fascinating history of how oil production and its sale became the world's most profitable business Tracing distinct eras in oil's past Profits and Power shows how periods defined by shifts in price often dictated who controlled production and who enjoyed the often enormous riches oil production generated David A Detomasi weaves together politics geopolitics and economics to provide a complete picture of how the system really works and what direction it will take in the future As the world becomes increasingly aware of the dangers and challenges oil dependency creates knowledge of this crucial commodity has never been more relevant and critical for humanity's future Profits and Power will resonate with anyone interested in or charged with responding to our evolving energy future

Profit Power Economics Mia De Kuijper, 2009 A new economy is emerging from the global financial crisis In this groundbreaking book seasoned executive and Harvard trained economist Mia de Kuijper guides readers through the fundamentals of this economy and explains how companies and individuals can create sustainable wealth now The key is wielding one of twelve contemporary sources of profit power Control just one and you are on the road to high returns Turning profit power into sustainable wealth requires new strategies enumerated here for choosing and valuing investments structuring and managing global enterprises confronting competitive threats and navigating markets which may increasingly display power law dynamics and where distributions may have fat tails To derive this book's unique framework for achieving high returns de Kuijper rethought parts of economic theory itself in light of the most transformative force in the new economy dubbed the Transparent Economy by de Kuijper namely the vanishing cost of information and connectivity Based on original research and illustrated with lively lessons from the experiences of the author and other successful investors and leaders Profit Power Economics draws a detailed picture of the new competitive arena and gives readers a step by step approach to build or find exceptionally high return enterprises and to utilize today's shifting market dynamics to influence choice and build wealth
