Patriot Preachers Of The American Revolution 1862

Peter D. McClelland

Patriot Preachers Of The American Revolution 1862:

The Patriot Preachers of the American Revolution. with Biographical Sketches Frank Moore, 2013-09 This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book without typos from the publisher. Not indexed. Not illustrated. 1862 edition. Excerpt: The patriot preachers of the American revolution. Frank Moore. Entered according to Act of Congress in the year 1862 by M A MOORE. In the Clerk's Office of the District Court of the United States for the Southern District of New York. PREFACE It is the purpose of the editor of this volume to present a collection of the most characteristic Sermons that were preached by the most celebrated divines who occupied the American pulpits during the period extending from the Repeal of the Stamp Act in 1766 through the Revolution to the establishment of peace in 1783. The propriety of the publication of such a collection at the present time must be apparent to readers of all classes. The universal assertion that the preachers of the Revolution did not hesitate to attack the great political and social evils of their day demands a support which nothing but the reproduction of their strong practical appeals can afford. As such this collection is offered. The brief biographical notices prefixed to each sermon are intended simply to indicate the position and
PREACHERS OF THE REVOLUTION JONATHAN MAYHEW D D Doctor Mayhew was a descendant from one of the most ancient and honorable families in New England. The first of the name who came to America was Thomas Mayhew, governor of Martha's Vineyard, who resided at Watertown, Massachusetts, in 1636 and died 1681. The subject of this sketch was the great-grandson of Governor Thomas and was born in 1720. In 1744 he graduated at Harvard College and three years after was ordained pastor of the West Church in Boston. In this charge he continued until his death, loving his people and by them beloved, explaining with manly fortitude the truths contained in the **Patriot Preachers of the American Revolution** Frank Moore, 2014-03 This is a new release of the original 1862 edition. **The Patriotic Preachers of the American Revolution** Frank Moore, 1862 [The Patriotic Preachers of the American Revolution](#) Frank Moore, 2017-07-07 The Patriotic Preachers of the American Revolution is an unchanged high quality reprint of the original edition of 1862. Hansebooks is editor of the literature on different topic areas such as research and science, travel and expeditions, cooking and nutrition, medicine, and other genres. As a publisher, we focus on the preservation of historical literature. Many works of historical writers and scientists are available today as antiques only. Hansebooks newly publishes these books and contributes to the preservation of literature which has become rare and historical knowledge for the future. *Politics and Religious Consciousness in America* George Armstrong Kelly, 2017-07-12 This exploration of the tensions of politics and religion in the United States from its earliest settlement to contemporary times is the first coherent history of American religious thought and practice within the context of politics. Kelly sets forth a chronology and topology of the patterns of collaboration, competition, and interaction of politics and religion in America. *American Literature, 1764-1789* Everett H. Emerson, 1977 The twenty-five years in which the American colonists acquired a sense of nationhood

were turbulent highly spirited and highly literary The finest written products of this intellectual surge included not only the fiery pamphlets broadsides and newspaper articles of the revolutionists but also works of prose and poetry letters diaries sermons and plays

The United States Army Chaplaincy, 1977 Flerbindsv rk om amerikanske feltpr ster udgivet af Department of the Army i Washington i perioden 1975 1984 From Its European Antecedents to 1791 Parker C.

Thompson, 1978 **Religion and the Continental Congress, 1774-1789** Derek Davis, 2000 This book offers the first comprehensive examination of the role of religion in the proceedings theories ideas and goals of the Continental Congress Those who argue that the U S was founded as a Christian Nation have made much of the religiosity of the founders particularly as it was manifested in ritual invocations of a clearly Christian God Congress s religious activities Davis shows expressed an unreflective popular piety and by no means a determination of the revolutionaries to entrench religion in the federal state Author List of the New Hampshire State Library, June 1, 1902 ... New Hampshire State Library, 1904

Every Leaf, Line, and Letter Timothy Larsen, 2021-05-04 Christians within evangelicalism have always had a high regard for the Bible How has the eternal Word of God been received across various races age groups genders nations and eras This collection of historical studies focuses on evangelicals defining uses and abuses of Scripture from Great Britain to the Global South from the high pulpit to private devotions and public causes The Wall and the Garden A. W. Plumstead, 1991

Resistance to Tyrants, Obedience to God Dustin A. Gish, Daniel P. Klinghard, 2013-08-28 Both reason and religion have been acknowledged by scholars to have had a profound impact on the foundation and formation of the American regime But the significance pervasiveness and depth of that impact have also been disputed While many have approached the American founding period with an interest in the influence of Enlightenment reason or Biblical religion they have often assumed such influences to be exclusive irreconcilable or contradictory Few scholarly works have sought to study the mutual influence of reason and religion as intertwined strands shaping the American historical and political experience at its founding The purpose of the chapters in this volume authored by a distinguished group of scholars in political science intellectual history literature and philosophy is to examine how this mutual influence was made manifest in the American Founding especially in the writings speeches and thought of critical figures Thomas Paine Benjamin Franklin George Washington Thomas Jefferson James Madison Alexander Hamilton Charles Carroll and in later works by key interpreters of the American Founding Alexis de Tocqueville and Abraham Lincoln Taken as a whole then this volume does not attempt to explain away the potential opposition between religion and reason in the American mind of the late eighteenth and early nineteenth centuries but instead argues that there is a uniquely American perspective and political thought that emerges from this tension The chapters gathered here individually and collectively seek to illuminate the animating affect of this tension on the political rhetoric thought and history of the early American period By taking seriously and exploring the mutual influence of these two themes in creative tension rather than seeing them as diametrically opposed or as mutually exclusive this volume thus

reveals how the pervasiveness and resonance of Biblical narratives and religion supported and infused Enlightened political discourse and action at the Founding thereby articulating the complementarity of reason and religion during this critical period

The New England Clergy and the American Revolution Alice Mary Baldwin, 1928 Sowing Modernity Peter D. McClelland, 2018-09-05

Contrary to those who regard the economic transformation of the West as a gradual process spanning centuries Peter D McClelland claims the initial transformation of American agriculture was an unmistakable revolution He asks when a single crucial question was first directed persistently pervasively and systematically to farming practices Is there a better way McClelland surveys practices from crop rotation to livestock breeding with a particular focus on the change in implements used to produce small grains With wit and verve and an abundance of detail he demonstrates that the first great surge in inventive activity in agronomy in the United States took place following the War of 1812 much of it in a fifteen year period ending in 1830 Once questioning the status quo became the norm for producers on and off the farm according to McClelland the march to modernization was virtually assured With the aid of more than 270 illustrations many of them taken from contemporary sources McClelland describes this stunning transformation in a manner rarely found in the agricultural literature How primitive farming implements worked what their defects were and how they were initially redesigned are explained in a manner intelligible to the novice and yet offering analysis and information of special interest to the expert

American Zion Eran Shalev, 2013-03-26

DIV The Bible has always been an integral part of American political culture Yet in the years before the Civil War it was the Old Testament not the New Testament that pervaded political rhetoric From Revolutionary times through about 1830 numerous American politicians commentators ministers and laymen depicted their young nation as a new God chosen Israel and relied on the Old Testament for political guidance In this original book historian Eran Shalev closely examines how this powerful predilection for Old Testament narratives and rhetoric in early America shaped a wide range of debates and cultural discussions from republican ideology constitutional interpretation southern slavery and more generally the meaning of American nationalism to speculations on the origins of American Indians and to the emergence of Mormonism Shalev argues that the effort to shape the United States as a biblical nation reflected conflicting attitudes within the culture proudly boastful on the one hand but uncertain about its abilities and ultimate destiny on the other With great nuance American Zion explores for the first time the meaning and lasting effects of the idea of the United States as a new Israel and sheds new light on our understanding of the nation s origins and culture during the founding and antebellum decades div

American Gospel Jon Meacham, 2007-03-20 NEW YORK TIMES BESTSELLER

Pulitzer Prize winning author Jon Meacham reveals how the Founding Fathers viewed faith and how they ultimately created a nation in which belief in God is a matter of choice At a time when our country seems divided by extremism American Gospel draws on the past to offer a new perspective Meacham re creates the fascinating history of a nation grappling with religion and politics from John Winthrop s city on a hill sermon to Thomas Jefferson s Declaration of Independence from the

Revolution to the Civil War from a proposed nineteenth century Christian Amendment to the Constitution to Martin Luther King Jr's call for civil rights from George Washington to Ronald Reagan Debates about religion and politics are often more divisive than illuminating Secularists point to a wall of separation between church and state while many conservatives act as though the Founding Fathers were apostles in knee britches As Meacham shows in this brisk narrative neither extreme has it right At the heart of the American experiment lies the God of what Benjamin Franklin called public religion a God who invests all human beings with inalienable rights while protecting private religion from government interference It is a great American balancing act and it has served us well Meacham has written and spoken extensively about religion and politics and he brings historical authority and a sense of hope to the issue American Gospel makes it compellingly clear that the nation's best chance of summoning what Lincoln called the better angels of our nature lies in recovering the spirit and sense of the Founding In looking back we may find the light to lead us forward Praise for American Gospel In his American Gospel Jon Meacham provides a refreshingly clear balanced and wise historical portrait of religion and American politics at exactly the moment when such fairness and understanding are much needed Anyone who doubts the relevance of history to our own time has only to read this exceptional book David McCullough author of 1776 Jon Meacham has given us an insightful and eloquent account of the spiritual foundation of the early days of the American republic It is especially instructive reading at a time when the nation is at once engaged in and deeply divided on the question of religion and its place in public life Tom Brokaw author of The Greatest Generation

Chaplains of the United States Army Roy John Honeywell, 1958

War, Memory, and National Identity in the Hebrew Bible Jacob L. Wright, 2020-07-23 Shows how biblical authors like more recent architects of national identities constructed identity in direct relation to memories of war

By the Hand of Providence Rod Gragg, 2012-06-12 Based on meticulous research into the correspondence and documentation of the founding fathers from the crafting of the Declaration of Independence to the signing of the peace treaty with Britain this book sheds light on how the Judeo Christian world view motivated America's founding fathers
