Routledge Library Editions: Modern East and South East Asia Various Authors,2022-07-30 This 7 volume set reissues a range of classic out of print texts that cover a host of issues that have contributed to the development of modern East and South East Asia With titles covering economics politics history anthropology and security this set provides the researcher with an essential resource on the region **Quo Vadis** Paul J. Erriah,2011 Quotes from this Book Spain brought nothing to the New World except the horse and Roman Catholicism The French wished to expand the Spanish wished to hold on to everything they could the Dutch wished to be left alone the English planters wished to make money at whose expense was irrelevant and the English Government also wished to make money at the expense of the English planters in a chain of exploitation irrespective of place and people Thus the only way in which whites can protect their economic power is to accommodate to black political power which means the weakening of social distinctions associated with race Its general the Garveyite Africanist orientation did not sufficiently appreciate that it was impossible to restore a racial and tribal community and continuity violently broken for more than two hundred years Jamaican Democratic Socialism and Guyanese Cooperative Socialism can be directly traced to the appeal to the trade unions for mass support Party politics ante dated organized unionism in Trinidad thus Eric Williams collective nationalism Barbadian conservatism can be traced to its apparent socio psychological difference from the other states of the area The economy of the country floundered and the country remained in tact by massive foreign borrowing from willing lenders There also seems to be a creeping social and moral malaise in the country we obviously will have to find some means whereby the problem of trade in the world is made the subject of political management by agreement The intellectuals of the Caribbean are at arms with frustrations due to the lack of vision of their

governments in implementing meaningful and cohesive policies for the national good Even the concept of MDCs and LDCs is being questioned Conflict also exists between CARICOM states with different natural resource endowments like oil and gas rich Trinidad and Tobago and the Windward Islands over the banana issue The question that must be asked is Is CARICOM running behind the metaphoric bus The Commonwealth Caribbean States should individually and collectively forge economic relations with Brazil in the vast area of the manufacturing of parts for various goods especially in light manufacturing
