Lawton, 2023-10-27 In our increasingly globalized world bridging cultural gaps and connecting with people from diverse backgrounds is essential. Students have more opportunities than ever to immerse themselves in foreign settings and it is important to learn positive approaches to take part in these experiences. This new edition of *Intercultural Communication* engages readers interested in developing intercultural competence with the goal of fostering diverse and vibrant communities that coexist peacefully. The authors start by establishing the foundation of competent communication and its integral role in contributing to peaceful communities. From there they delve into how cultural differences relate to the impacts of cultural frames and emotions as well as nonverbal and verbal communication. In the latter half of the book the text comprehensively surveys how culture permeates and influences our lives. It explores how culture shapes the dynamics of our friendships, family relationships, classroom and workplace environments, media perceptions and experiences when visiting cultures different from our own. By understanding the profound effects of these cultural influences, readers are better equipped to fully immerse themselves in different ways of life. Each chapter also provides a collection of boxed examples that deliver both engaging insights and entertaining anecdotes offering ample content for stimulating discussions.
