The Our Father is often repeated verbatim but rarely prayed as a pattern However using it as a framework can let it blossom into our whole life This book takes a holistic approach to praying encouraging us to take seriously that Christ gave us this prayer and challenging us to weave it into our lives more fully Find here creative ideas for prayer groups retreats and worship as well as for devotional use by individuals praying with the body with organisers scrapbooks stones cards labyrinths lifestyles and liturgies Then share your own discoveries on the book s website      *Patterns for Prayers from the Gospels* Victor Gilbert Beers,1972      **The Gospel of John** David R. Dilling,2008-06-25 A Bible Study Guide      *Mark's Gospel: An Actological Reading* Malcolm Torry,2022-05-19 This might look like an ordinary commentary on Mark s Gospel but it isn t one It understands reality as Action actions change diversity movement and the dynamic rather than as Being beings the unchanging the unitary rest and the static and it reads Mark s Gospel in the light of that distinctive understanding of reality It is all about action change and diversity and it understands God Jesus and ourselves as action change and diversity The initial chapter introduces the action based understanding of reality as action in changing patterns an actology rather than an ontology Then follows a section by section close study of the Gospel The result is a unique and somewhat unexpected reading of the text and a distinctive theology to match      [Biblical Theology of prayer in the New Testament](#) Francois P. Viljoen,Albert J. Coetsee,2023-08-31 This publication deals with a biblical theology of prayer based on the New Testament It forms the second of a two volume publication on a biblical theology of prayer dealing with the concept of prayer in the Old and New Testament respectively This New Testament volume begins with an introduction on prayer and worship in early Jewish tradition followed by eleven chapters dealing with New Testament corpora It concludes with a final chapter synthesising the findings of the respective investigations of the Old and New Testament corpora to provide a summative theological perspective of the development of the concept of prayer through scripture Prayer forms a major and continuous theme throughout the biblical text Prayer was an integral part of the religious existence of God s people in both the Old and New Testament It underwent its greatest developments during after and as a result of the Exile and was deepened and transformed in the New Testament In both the Old and the New Testament God is the sole addressee of his people s prayer This conviction continued into the New Testament but was broadened with Trinitarian elements of worship adoration and intercession A biblical theological investigation is chosen as methodology Since all the biblical books form part of one canonical text the assumption is that the various theologies about prayer being displayed in these books can be synthesised into a developing meta theology about prayer As the Old and New Testament form part of the canonical text the results about prayer in the Old Testament can be brought into play with the results about prayer in the New Testament This eventually leads toward an overarching biblical theology of prayer      **The Bible's Redemption Pattern and Numeric Map** Norm
