Moira Roth, 1975 **Mike Kelley** John Miller, 2015-01-30 An illustrated examination of a 1995 work by Mike Kelley that marked a significant change in his work One of the most influential artists of our time Mike Kelley 1954 2012 produced a body of innovative work mining American popular culture as well as modernist and postmodernist art relentless examinations of subjectivity and of society that are both sinister and ecstatic With a wide range of media Kelley's work explores themes as varied as post punk politics religious systems social class and repressed memory Using architectural models to represent schools he attended his 1995 work Educational Complex presents forgotten spaces as frames for private trauma real or imagined The work's implications are at once miniature and massive In this book John Miller offers an illustrated examination of this milestone work that marked a significant change in Kelley's practice A complex can mean an architectural configuration a psychological syndrome or a political apparatus and Miller approaches Educational Complex through corresponding lines of inquiry considering the making of the work examining it in terms of education and trauma sexual or otherwise and investigating how it tests the ideological horizon of art as an institution Miller shows that in Educational Complex Kelley expands his political and aesthetic focus including not only such artifacts as generic forms of architecture but inspired by the infamous McMartin Preschool case popular fantasies associated with ritual sex abuse and false memory syndrome Through this archaeology of the contemporary Miller argues Kelley examines the mandate for education and the liberal democratic premises underpinning it **Miriam Schapiro** Miriam Schapiro, 2004 *American Women Artists, Past and Present* Eleanor Tufts, 1984

 Feminism in the 1950s features only women artists working during this unique decade in American history and the world In
 the 1950s the post war economic boom was in full swing Employment for women was on the rise yet many women who had
 taken jobs left vacant by men fighting in World War II returned to their lives at home and marriage rates increased The
 1950s were a complicated period of change for women Their discontent and resulting actions contributed to the social
 tumultuousness of the 1960s Leaning against social racial and economic barriers women helped reshape our society in
 meaningful ways with lasting progress Art Music Feminism in the 1950s uncovers some of the often underestimated
 influences of women by exploring issues regarding gender roles identity and personal freedoms The presentation reveals how
 women artists of the 1950s played a pivotal role in opening new pathways for women in the 1960s and beyond The
