Paul Cambon Master Diplomatist:

Paul Cambon Keith Eubank, 1960 *Paul Cambon* Keith Eubank, 1978-10-16 Eubank offers a look at a diplomatic servant of France's Third Republic Paul Cambon whose insight into international affairs was penetrating Cambon tells his story and reflects on the world as he saw it *Dreyfus, Diplomats and the dual Alliance. Gabriel Hanotaux at the Quai d'Orsay (1894-1898)* Thomas M. Iiams, 1962 **Théophile Delcassé and the Making of the Entente Cordiale** C. Andrew, 1968-06-18 *Feeding Occupied France during World War I* Clotilde Druelle, 2019-03-13 This book examines the history of Herbert Hoover's Commission for Relief in Belgium which supplied humanitarian aid to the millions of civilians trapped behind German lines in Belgium and Northern France during World War I Here Clotilde Druelle focuses on the little known work of the CRB in Northern France crossing continents and excavating neglected archives to tell the story of daily life under Allied blockade in the region She shows how the survival of 2.3 million French civilians came to depend upon the transnational mobilization of a new sort of diplomatic actor the non governmental organization Lacking formal authority the leaders of the CRB claimed moral authority introducing the concepts of a humanitarian food emergency and humanitarian corridors and ushering in a new age of international relations and American hegemony *The Young Turks in Opposition* M. Sukru Hanioglu, 1995-03-16 In 1908 the revolution of the Young Turks deposed the dictatorship of Sultan Abdulhamid II and established a constitutional regime that became the major ruling power in the Ottoman empire But the seeds of this revolution went back much farther to 1889 when the secret Young Turk organization the Committee of Union and Progress was formed M Sukru Hanioglu's landmark work is the story of the power struggles within the CUP and its impact on twentieth century Turkish politics and culture At once an in depth history of an ideological movement and a study of the diplomatic relationships between the Ottoman Empire and the so called great powers of Europe at the turn of the century it analyzes the influence of European political thought on the CUP conspirators and traces their influence on generations of Turkish intellectual and political life **Origins of the First World War** Gordon Martel, 2016-10-04 *Origins of the First World War* summarizes the policies issues and crises that brought Europe to war in 1914 Examining the strategic and political problems that confronted each of the great powers and the way in which social and economic factors influenced the decision making process Martel discusses the position of each power and their place in the system of alliances which dominated international politics The fourth edition has been revised and updated throughout to incorporate the body of new scholarship that has appeared since the hundredth anniversary of the outbreak of war In a clear and accessible manner it explains how and why the alliance system was created how alliances led to a network of complicated strategic commitments how an escalating series of international crises from the turn of the century fuelled preparations for war why the peculiarities of the Balkan situation are essential in understanding the outbreak of war in 1914 This book also includes an updated Guide to Further Reading Who's Who of important figures and Glossary of key terms and the selection of documents has been

expanded to include the key treaties as well as evidence of popular militarism and nationalism Concise accessible and analytical it is essential introductory reading for all students interested in the origins of the First World War The Great War, 1914-1918 Spencer Tucker, 2002-01-04 An up to date and concise account of WWI for teachers and students looking for a balanced introduction It details both the military operations as well as the development of war aims alliance diplomacy and the war on the home front *Peacemakers* Margaret MacMillan, 2025-08-14 WITH A NEW FOREWORD BY MAX HASTINGS WINNER OF THE DUFF COOPER PRIZE 2001 WINNER OF THE PEN HESSELL TILTMAN PRIZE 2002 WINNER OF THE SAMUEL JOHNSON PRIZE 2003 A ground breaking book The story of Europe s diplomatic meltdown has never been better told Spectator Enjoyable and illuminating MacMillan is that wonderful combination an academic and scholar who writes well with a marvellous clarity of thought ANTONY BEEVOR The Times Between January and July 1919 after the war to end all wars men and women from all over the world converged on Paris for the Peace Conference At its heart were the leaders of the three great powers Woodrow Wilson Lloyd George and Clemenceau Kings prime ministers and foreign ministers with their crowds of advisers rubbed shoulders with journalists and lobbyists for a hundred causes from Armenian independence to women s rights Everyone had business in Paris that year T E Lawrence Queen Marie of Romania Maynard Keynes Ho Chi Minh There had never been anything like it before and there never has been since For six extraordinary months the city was effectively the centre of world government as the peacemakers wound up bankrupt empires and created new countries They pushed Russia to the sidelines alienated China and dismissed the Arabs struggled with the problems of Kosovo of the Kurds and of a homeland for the Jews The peacemakers so it has been said failed dismally failed above all to prevent another war Margaret MacMillan argues that they have unfairly been made scapegoats for the mistakes of those who came later They tried to be evenhanded but their goals to make defeated countries pay without destroying them to satisfy impossible nationalist dreams to prevent the spread of Bolshevism and to establish a world order based on democracy and reason could not be achieved by diplomacy *Peacemakers* offers a prismatic view of the moment when much of the modern world was first sketched out *External Research List* ,1961 **External Research** United States. Department of State. External Research Division, *Accessions List* United States. Department of State. Library Division, 1962 *Britain, France, and the Financing of the First World War* Martin Horn, 2002 Fighting the First World War consumed lives material and money Millions died more suffered By the war s end the political map of Europe had been redrawn as empires disappeared and new states arose In Britain France and the Financing of the First World War Martin Horn traces the financial contours of the war which crippled France financially leaving Britain itself weakened to contest international financial leadership with the United States the principal beneficiary of the war Horn shows that victory followed not only from the ability to arm and feed mass armies but also from the capacity to raise money Fighting the war imposed new demands on the belligerents extending the power of the state and forcing cooperation among allies Given their long tradition of hostility adapting to these new realities

was a wrenching process for Britain and France Britain financed the war not only to win but also to preserve its prewar financial dominance France financed it to survive and to ensure that the stability of the Third Republic was not threatened
