Gorday, 2018-09-14 By the time of his death in 1933 Henri Bremond priest and member of the elite Academie francaise had established himself in France and increasingly in England and the United States as a distinguished historian of Christian spirituality and as a Catholic modernist who helped to shake the church out of its dogmatic slumbers by embracing pure love artistic poetic expression and mystical prayer as the privileged manifestations of spiritual truth Drawing on substantial new scholarship in France that has resuscitated and reinterpreted Bremond's work for our own times and that sees Bremond as an important precursor of current trends in literary interpretation as well as spirituality Gorday surveys the entirety of Bremond's corpus of writing setting his work in its context of his personal struggles as well as the wider setting of French historical and cultural development *Paratexts* Gerard Genette, 1997-03-13 Paratexts are those liminal devices and conventions both within and outside the book that form part of the complex mediation between book author publisher and reader titles forewords epigraphs and publishers jacket copy are part of a book's private and public history In this first English translation of Paratexts Gerard Genette shows how the special pragmatic status of paratextual declaration requires a carefully calibrated analysis of their illocutionary force With clarity precision and an extraordinary range of reference Paratexts constitutes an encyclopedic survey of the customs and institutions as revealed in the borderlands of the text Genette presents a global view of these liminal mediations and the logic of their relation to the reading public by studying each element as a literary function

Richard Macksey's foreword describes how the poetics of paratexts interact with more general questions of literature as a cultural institution and situates Genette's work in contemporary literary theory *Bulletin of the Toronto Public Library* Toronto Public Library, 1915 Book Bulletin, 1917 Travellers' Visions Akane Kawakami, 2005-01-01 *Travellers Visions* adds another perspective to ongoing debates over colonialism with an examination of the intercultural relations between France a major colonial empire for nearly three centuries and Japan a country that has remained mostly autonomous throughout its existence In this analytic history of French literary images of Japan from soon after its reopening to the West to the present day Kawakami examines the work of many of France's most revered authors including Marcel Proust Paul Claudel and Roland Barthes along with other lesser known writers and artists such as Loti and Farrer as they embarked on journeys literary and real to this exotic land Authors are discussed according to type journalists diplomats or collectors for example and the close readings are accompanied by Girard Mac's beautiful and rarely seen photographs *Travellers Visions* offers new clarity to current intellectual debates and will be a valuable resource to students and scholars of French literature and Asian history alike *The Spanish Civil War in Literature* Janet Pérez, Wendell M.
