Paul Robeson Speaks Writings Speeches And Interviews A Centennial Celebration:

Paul Robeson Speaks Paul Robeson, 1978 The ideas of the world renowned Black American are represented on the arts civil rights socialism and other topics Focus On: 100 Most Popular Grammy Lifetime Achievement Award Winners Wikipedia contributors. African American History Day by Day Karen Juanita Carrillo, 2012-08-22 The proof of any group s importance to history is in the detail a fact made plain by this informative book s day by day documentation of the impact of African Americans on life in the United States One of the easiest ways to grasp any aspect of history is to look at it as a continuum African American History Day by Day A Reference Guide to Events provides just such an opportunity Organized in the form of a calendar this book allows readers to see the dates of famous births deaths and events that have affected the lives of African Americans and by extension of America as a whole Each day features an entry with information about an important event that occurred on that date Background on the highlighted event is provided along with a link to at least one primary source document and references to books and websites that can provide more information While there are other calendars of African American history this one is set apart by its level of academic detail It is not only a calendar but also an easy to use reference and learning tool Scarlet and Black, Volume Two Kendra Boyd, Marisa J. Fuentes, Deborah Gray White, 2020-02-21 The 250th anniversary of the founding of Rutgers University is a perfect moment for the Rutgers community to reconcile its past and acknowledge its role in the enslavement and debasement of African Americans and the disfranchisement and elimination of Native American people and culture Scarlet and Black Volume 2 continues to document the history of Rutgers's connection to slavery which was neither casual nor accidental nor unusual Like most early American colleges Rutgers depended on slaves to build its campuses and serve its students and faculty it depended on the sale of black people to fund its very existence This second of a planned three volumes continues the work of the Committee on Enslaved and Disenfranchised Population in Rutgers History This latest volume includes an introduction to the period studied from the end of the Civil War through WWII by Deborah Gray White a study of the first black students at Rutgers and New Brunswick Theological Seminary an analysis of African American life in the City of New Brunswick during the period and profiles of the earliest black women to matriculate at Douglass College To learn more about the work of the Committee on Enslaved and Disenfranchised Population in Rutgers History visit the project's website at http scarletandblack rutgers edu Rights Activists to Human Rights Advocates W. D. Palmer, 2021-10-05 How the fight for civil rights transformed activists into human rights advocates Racism in American Stage and Screen Olivia Demberg, W.D. Palmer, 2021-08-20 For more than a hundred years the entertainment industry has both struggled with and perpetuated the spectre of racism At times it has been guilty of portraying racist tropes or presenting employment barriers with little regard for how they extend the prejudices of society In better moments it has been in the forefront of breaking down barriers within society in an entertaining thought provoking and pioneering way So many of the impressions that we form come from the entertainment we consume It is from

the entertainment arts and media of each era that we learn about the prevailing attitudes toward racial minorities it is also by way of the entertainment arts and media that we are able to educate and attempt to overturn these prejudices in the fight toward racial equality openness and inclusivity Minority voices are still critically underrepresented in the world of mainstream media and entertainment An open tent and positive portrayals of minorities in entertainment are vital to this fight Racism spreads like a virus with strains that develop and mutate throughout time infecting everything that they come in contact with Just as we have been continuously tested for coronavirus over the past year we must check our biases regularly and be ready to correct any flaws we see in our journey toward eradicating the scourge of racism once and for all Despite the progress that has been made there is still a long way to go This book will share the research I have compiled for the Palmer Foundation on how race is portrayed historically in film and theatre presenting examples of the successes and shortcomings that entertainment has added to the dialogue about race over the decades Hannibal Lokumbe Lauren Coyle Rosen, Hannibal Lokumbe, 2024-11-05 For Hannibal Lokumbe music is a profound source of spiritual liberation A pathbreaking orchestral composer and visionary jazz musician he composes resonant works that give voice to the freedom struggle of the African diaspora the broader African American experience Indigenous histories and humanity Many of his works address historical traumas such as the Middle Passage the Vietnam War global environmental disharmony and targeted racial violence and focus on major figures including Medgar Evers Dr Martin Luther King Jr Rosa Parks Dr Kim Ph c Phan Th and Anne Frank This innovative book demonstrates that Lokumbe s musical compositions created in collaboration with his ancestors are multisensorial spiritual soundscapes that aspire to chronicle heal and liberate This is a captivating vital portrait and spiritual biography of Lokumbe The cultural anthropologist Lauren Coyle Rosen draws on several years of close conversations with Lokumbe as well as his journals to provide a powerful collaborative account of his remarkable life and work The authors explore Lokumbe s creative journeys and the spiritual dimensions of his art They trace Lokumbe s entire career from his early years in the Texas and New York City jazz scenes to his widely acclaimed orchestral compositions The book also addresses Lokumbe s work in prisons and schools with the Music Liberation Orchestra founded in the 1970s Illuminating his philosophies of music spirituality justice and freedom this book immerses readers in Lokumbe s many African-American Holidays, Festivals, and Celebrations, 2nd Ed. James Chambers, 2019-09-01 revelatory worlds Presents more than 100 diverse holidays and festivals observed by Americans of African descent exploring their history customs and symbols Also includes a chronology bibliography and index The 100 Greatest Americans of the 20th Century Peter Dreier, 2012-06-26 A hundred years ago any soapbox orator who called for women s suffrage laws protecting the environment an end to lynching or a federal minimum wage was considered a utopian dreamer or a dangerous socialist Now we take these ideas for granted because the radical ideas of one generation are often the common sense of the next We all stand on the shoulders of earlier generations of radicals and reformers who challenged the status quo of their day

Unfortunately most Americans know little of this progressive history It isn t taught in most high schools You can t find it on the major television networks In popular media the most persistent interpreter of America's radical past is Glenn Beck who teaches viewers a wildly inaccurate history of unions civil rights and the American Left The 100 Greatest Americans of the 20th Century a colorful and witty history of the most influential progressive leaders of the twentieth century and beyond is the perfect antidote The Jewish Imperial Imagination Yaniv Feller, 2023-11-09 Shows how the German imperial enterprise affected modern Judaism through the life and thought of Leo Baeck The Promise of Youth Anti-Citizenship Kevin L Clay, Kevin Lawrence Henry, 2024-05-28 When inclusion into the fold of citizenship is conditioned by a social group s conceit to ritual violence humiliation and exploitation what can anti citizenship offer us The Promise of Youth Anti citizenship argues that Black youth and youth of color have been cast as anti citizens disenfranchised from the social political and economic mainstream of American life Instead of asking youth to conform to a larger societal structure undergirded by racial capitalism and antiblackness the volume s contributors propose that the collective practice of anti citizenship opens up a liberatory space for youth to challenge the social order The chapters cover an array of topics including Black youth in the charter school experiment in post Katrina New Orleans racial capitalism the queering of ethnicity and the 1980s Salvadoran migration to South Central Los Angeles the notion of decolonizing classrooms through Palestinian liberation narratives and more Through a range of methodological approaches and conceptual interventions this collection illuminates how youth negotiate and exercise anti citizenship as forms of either resistance or refusal in response to coercive patriotism cultural imperialism and predatory capitalism Contributors Karlyn Adams Wiggins Portland State U Ariana Brazier Julio Cammarota U of Arizona Michael Davis U of Wisconsin Madison Damaris C Dunn U of Georgia Diana Gamez U of California Irvine Rachel F G mez Virginia Commonwealth U Luma Hasan Gabriel Rodriguez Iowa State U Christopher R Rogers U of Pennsylvania 1948 David Pietrusza, 2018-09-04 The wild combative inside Damien M Sojovner U of California Irvine Genus Envy , story of the most stunning upset in the history of presidential elections Harry Truman's victory over Tom Dewey Outstanding Minneapolis Star Tribune In this lively account award winning historian David Pietrusza unpacks the most ingloriously iconic headline in the history of presidential elections DEWEY DEFEATS TRUMAN to reveal the 1948 campaign s backstage events and recount the down to the wire brawl fought against the background of an erupting Cold War the Berlin Airlift the birth of Israel and a post war America facing exploding storms over civil rights and domestic communism Coherent compelling A skillful authoritative investigation Kirkus Reviews A terrific book a must read Ron Faucheux former editor in chief Campaigns Elections magazine Brilliantly portrays President Harry Truman's successful efforts to stave off the challenge of New York Gov Tom Dewey who was making a repeat bid as the Republican nominee David Mark author of Going Dirty The Art of Negative Campaigning Sweeping compelling Library Journal Gripping detail The New York Journal of Books Cambridge Companion to Shakespeare and Race Ayanna Thompson, 2021-02-25 The Cambridge Companion to

Shakespeare and Race shows teachers and students how and why Shakespeare and race are inseparable Moving well beyond Othello the collection invites the reader to understand racialized discourses rhetoric and performances in all of Shakespeare s plays including the comedies and histories Race is presented through an intersectional approach with chapters that focus on the concepts of sexuality lineage nationality and globalization. The collection helps students to grapple with the unique role performance plays in constructions of race by Shakespeare and in Shakespearean performances considering both historical and contemporary actors and directors The Cambridge Companion to Shakespeare and Race will be the first book that truly frames Shakespeare studies and early modern race studies for a non specialist student audience as Free Men Christine Knauer, 2014-04-22 Today the military is one the most racially diverse institutions in the United States But for many decades African American soldiers battled racial discrimination and segregation within its ranks In the years after World War II the integration of the armed forces was a touchstone in the homefront struggle for equality though its importance is often overlooked in contemporary histories of the civil rights movement Drawing on a wide array of sources from press reports and newspapers to organizational and presidential archives historian Christine Knauer recounts the conflicts surrounding black military service and the fight for integration Let Us Fight as Free Men shows that even after their service to the nation in World War II it took the persistent efforts of black soldiers as well as civilian activists and government policy changes to integrate the military In response to unjust treatment during and immediately after the war African Americans pushed for integration on the strength of their service despite the oppressive limitations they faced on the front and at home Pressured by civil rights activists such as A Philip Randolph President Harry S Truman passed an executive order that called for equal treatment in the military Even so integration took place haltingly and was realized only after the political and strategic realities of the Korean War forced the Army to allow black soldiers to fight alongside their white comrades While the war pushed the civil rights struggle beyond national boundaries it also revealed the persistence of racial discrimination and exposed the limits of interracial solidarity Let Us Fight as Free Men reveals the heated debates about the meaning of military service manhood and civil rights strategies within the African American community and the United States as a whole The Verso Book of Dissent Andrew Hsiao, Audrea Lim, 2020-06-16 Throughout the ages and across every continent people have struggled against those in power and raised their voices in protest rallying others around them and inspiring uprisings in eras yet to come Their echoes reverberate from Ancient Greece China and Egypt via the dissident poets and philosophers of Islam and Judaism through to the Arab slave revolts and anti Ottoman rebellions of the Middle Ages These sources were tapped during the Dutch and English revolutions at the outset of the Modern world and in turn flowed into the French Haitian American Russian and Chinese revolutions More recently resistance to war and economic oppression has flared up on battlefields and in public spaces from Beijing and Baghdad to Caracas and Los Angeles This anthology global in scope presents voices of dissent from every era of human history speeches and pamphlets poems and

songs plays and manifestos Every age has its iconoclasts and yet the greatest among them build on the words and actions of their forerunners The Verso Book of Dissent will become an invaluable resource reminding today s citizens that these James and Esther Cooper Jackson Sara Rzeszutek Haviland, 2015-11-06 This dual biography traditions will never die examines the ideas and activism of two of the most committed and significant freedom fighters in twentieth century America Erik Gellman author of Death Blow to Jim Crow Growing up in Virginia during the Great Depression James E Jackson and Esther Cooper Jackson understood that opportunities came differently for blacks and whites men and women rich and poor They devoted their lives to the black freedom movement and saw a path to racial equality through the Communist Party This political affiliation would come to define not only their activism but also the course of their marriage as the Cold War years unfolded In this dual biography Sara Rzeszutek examines the couple's political involvement as well as the evolution of their personal and public lives in the face of ever shifting contexts She documents the Jacksons contributions to the early civil rights movement discussing their time leading the Southern Negro Youth Congress which laid the groundwork for youth activists in the 1960s their writings in periodicals such as Political Affairs and their editorial involvement in The Worker and the civil rights magazine Freedomways Drawing upon correspondence organizational literature and interviews with the Jacksons themselves Haviland presents a portrait of a remarkable pair who lived during a transformative period of American history Their story offers a vital narrative of persistence love and activism across the long arc of the black freedom movement

Prejudential Margaret Kimberley, 2020-02-04 This book is an effort to shed light on the truth To the extent that our leaders embody aspects of who we are as a people studying how each president has participated in our nation's complicated and often shameful treatment of Black people is as good a place as any to start Margaret Kimberley from the Preface Margaret Kimberley gives us an intellectual gem of prophetic fire about all the U S presidents and their deep roots in the vicious legacy of white supremacy and predatory capitalism Such truths seem more than most Americans can bear though we ignore her words at our own peril Cornel West author of Race Matters PREJUDENTIAL is a concise authoritative exploration of America's relationship with race and Black Americans through the lens of the presidents who have been elected to represent all of its people Throughout the history of the United States numerous presidents have left their legacies as slaveholders bigots and inciters of racial violence but were the ones generally regarded as more sympathetic to the plight and interests of Black Americans such as Lincoln FDR and Clinton really much better And what of all the presidents whose relationship with Black America is not even considered in the pages of most history books Over the course of 45 chapters one for each president Margaret Kimberley enlightens and informs readers about the attitudes and actions of the highest elected official in the country By casting sunlight on an aspect of American history that is largely overlooked Prejudential aims to increase awareness in a manner that will facilitate discussion and understanding Radioactive Ghosts Gabriele Schwab, 2020-10-20 A pioneering examination of nuclear trauma the continuing and new nuclear peril and the subjectivities

they generate Amid resurgent calls for widespread nuclear energy and limited nuclear war the populations that must live with the consequences of these decisions are increasingly insecure The nuclear peril combined with the looming threat of climate change means that we are seeing the formation of a new kind of subjectivity humans who are in a position of perpetual ontological insecurity In Radioactive Ghosts Gabriele Schwab articulates a vision of these nuclear subjectivities that we all live with Focusing on the legacies of the Manhattan Project Hiroshima and nuclear energy politics Radioactive Ghosts takes us on a tour of the little seen sides of our nuclear world Examining devastating uranium mining on Native lands nuclear sacrifice zones the catastrophic accidents at Chernobyl and Fukushima and the formation of a new transspecies ethics Schwab shows how individuals threatened with extinction are creating new adaptations defenses and communal spaces Ranging from personal accounts of experiences with radiation to in depth readings of literature film art and scholarly works Schwab gives us a complex idiosyncratic and personal analysis of one of the most overlooked issues of our time

Teaching Black Ana-Maurine Lara,drea brown,2021-12-14 Teaching Black The Craft of Teaching on Black Life and Literature presents the experiences and voices of Black creative writers who are also teachers The authors in this collection engage poetry fiction experimental literature playwriting and literary criticism They provide historical and theoretical interventions and practical advice for teachers and students of literature and craft Contributors work in high schools colleges and community settings and draw from these rich contexts in their essays This book is an invaluable tool for teachers practitioners change agents and presses Teaching Black is for any and all who are interested in incorporating Black literature and conversations on Black literary craft into their own work
