History of the Apostolic Church with a General Introduction to Church History Philipp Schaff,1854 Truth Seeker ,1959 Encyclopaedia Biblica Thomas Kelly Cheyne,John Sutherland Black,1903 *The Mercersburg Theology* James Hastings Nichols,2004-01-08 The Mercersburg theology was a protest against many of the Puritan tendencies dominant in American religion in the mid nineteenth century Its spokesmen emphasized the catholic heritage in Protestantism and fostered the ecumenical hope of a reunion of Protestantism Roman Catholicism and Orthodoxy They presented a high church sacramental conception as opposed to the predominant revivalistic individualistic and sectarian habit of mind The movement was generally disapproved as Romanizing and its popular influence was accordingly minimal The two creative writers were John Williamson Nevin the theologian and Philip Schaff the historian and liturgical scholar who taught together at the college and seminary of the German Reformed Church at Mercersburg Pennsylvania Their books tracts and periodical articles had only a limited circulation and are no longer generally accessible having been little regarded in the intervening years The general stance of the Mercersburg men was parallel to that of the high church Lutherans of Germany and the Tractarians in the Church of England The movement was the chief American counterpart to these developments since the American Episcopalian disciples of the Tractarians could scarcely be compared to Nevin and Schaff in theological stature The Americans were more philosophically oriented than the Anglo Catholics utilizing the concepts of Schelling and Hegel to interpret the classical doctrines of the Trinity and Incarnation and to define the relation of private judgment to Church tradition They were also mediators to America of much of the mid nineteenth century German theological scholarship The Americans were also more conscious than the Tractarians of the implications for theology of the new historical consciousness prevalent in Germany Schaff set forth the idea of the historical development in the same year as Newman s famous essay on

the subject But while the conception undercut the Tractarian position for Newman the Mercersburg theology was built upon a parallel view The evangelical catholicism of Mercersburg was most widely influential through the liturgy produced under Schaff s leadership which has maintained a limited local continuity to this day *The British Museum Catalogue of Printed Books, 1881-1900: Marl to Mendthal* British Museum.
