*Religion, Supernaturalism, the Paranormal and Pseudoscience* Homayun Sidky, 2019-11-30 Religion Supernaturalism the Paranormal and Pseudoscience provides a comprehensive rejoinder

to the challenges posed to science scientific anthropology evolutionary theory and rationality by the advocates of supernatural paranormal and pseudoscientific perspectives and modes of thought associated with the current rise of irrationalism antiintellectualism and emboldened religious fundamentalism and violence Drawing upon H Sidky s scientific anthropological background and ethnographic field research of supernatural and paranormal beliefs and practices in several cultures over three decades the book answers several important questions Why do humans have a proclivity for the supernatural and paranormal thinking Why has humanity remained shackled to sets of ideas inherited from a violent past that have no basis in reality and which bestow an illusionary solace promote bloodshed endless cruelties and fervent hatreds and have come at a high cost Why have ancient superstitions been held as sacred inviolate truths while other aspects of the archaic belief systems of which they were a part have long been discarded Why have not humans outgrown religion and paranormal beliefs

Supernatural religion [by W.R. Cassels]. Popular ed., revised Walter Richard Cassels,1902

Repent and Turn to God Babu Immanuel,2008-05-01 For many years there has been ongoing work here on the book of

Acts looking into the narrative in its Greco Roman and Jewish settings and we greatly appreciate your contribution to this research It leads the reader to a better understanding of the mindset of the period while focusing on issues that are still fundamental for the Christian church today Dr Elizabeth Magba Librarian Tyndale House Cambridge UKThe significance of conversion to the Acts of the Apostles is indisputable so it is surprising that this motif historically has attracted so little scholarly attention We can therefore celebrate all the more Babu Immanuel s joining the small but growing ranks of those who of late have turned their critical attention to this important literary and theological theme in Acts Adopting a narrative critical approach Immanuel urges that working in tandem miraculous activity and missionary proclamation are effective means for effecting conversion of Jew and Gentile alike The result is a welcome emphasis on the role of Luke not only as theologian or historian but also and centrally as mission strategist Joel B Green Professor of New Testament Interpretation Fuller Theological Seminary     *The Origin of Paul's Religion ...* John Gresham Machen,1921     *The Pauline Concept of Supernatural Powers* Kabiro wa Gatumu,2009-02-20 The study of supernatural powers is fraught with vexing hermeneutical challenges which aggravate further in the African context While on the one hand Western anthropology tends to discount the idea of supernatural powers by attempting to explain them away on the other Western biblical scholarship has mainly worked from the premise of demythologizing them But none of these approaches make tangible sense to African scholars for whom supernatural powers constitute an integral component of their spiritual psyche This book based on an examination of over a thousand documentary sources both classic and modern attempts to address the issue of interpreting supernatural powers from an African worldview The author analyzes identifies and critiques major hermeneutical errors and offers a bridging hermeneutic using the method of reader response criticism
