Pauls Letter To The Romans A Socio Rhetorical Commentary:

Paul's Letter to the Romans Ben Witherington, 2004-03-02 While Paul's letter to the Romans is the most studied and commented on document from the biblical period the major exegetical books on Romans from the nineteenth and twentieth centuries have been overwhelmingly shaped by the Reformed tradition Through a careful survey of work on Romans by both ancient Church Fathers and modern exegetical scholars Ben Witherington III here argues that the interpretation of Romans since the Reformation has been far too indebted to and at key points led astray by Augustinian readings of the text as filtered through Luther Calvin and others In this first full scale socio rhetorical commentary on Romans Witherington gleans fresh insights from reading the text of Paul's epistle in light of early Jewish theology the historical situation of Rome in the middle of the first century A D and Paul's own rhetorical concerns Giving serious consideration to the social and rhetorical background of Romans allows readers to hear Paul on his own terms not just through the various voices of his later interpreters Witherington's groundbreaking work also features a new clear translation of the Greek text and each section of the commentary ends with a brief discussion titled Bridging the Horizons which suggests how the ancient text of Romans may speak to us today

Paul's Letter to the Philippians Ben Witherington, 2011-10-06 Interprets Paul's letter in light of its rhetorical content and cultural context Skeptical of the trend among many biblical scholars to analyze Paul's short affectionate letter to the Philippians in light of Greco Roman letter writing conventions Ben Witherington instead looks at Philippians as a masterful piece of long distance oratory an extension of Paul's oral speech dictated to a scribe and meant to be read aloud to its recipients Witherington examines Philippians in light of Greco Roman rhetorical conventions identifying Paul's purpose highlighting his main points and his persuasive strategies and considering how his original audience would have heard and received Paul's message

Colometric Analysis of Paul's Letters Priscille Marschall, 2024-03-13 Priscille Marschall explores some stylistic aspects of Paul's letters in particular their oral oriented logic of structuration employing Chapters 10-13 of Second Corinthians as a case study The method of analysis draws upon the rhetorical treatises of the Greco Roman world

Paul's Letter to the Romans Colin G. Kruse, 2012-06-14 Paul's Letter to the Romans may well be the most influential book in Christian history In this Romans commentary Colin Kruse shows how Paul expounds the gospel against the background of God's sovereign action as creator judge and redeemer of the world Valuable additional notes on important theological themes and difficult texts such as Paul's discussion of same sex relationships the salvation of all Israel and the woman Junia who was well known among the apostles further connect Romans to contemporary issues Throughout his commentary Kruse expertly guides readers through the plethora of interpretations of Romans providing a reliable exposition of this foundational epistle

Paul's Letter to the Romans and Roman Imperialism Ian E Rock, 2017-05-25 Ian E Rock demonstrates that the Letter to the Romans may be seen as an attempt by a subordinate group to redress actual and potential issues of confrontation with the Empire and to offer hope even in the face of death Paul demonstrates that it is

God's peace and not Rome's peace that is important that loyalty to the exalted Jesus as Lord and to the kingdom of God not Jupiter and Rome leads to salvation that grace flows from Jesus as Christ and Lord and not from the benefactions of the Emperor. If the resurrection of Jesus the crucified criminal of the Roman Empire demonstrates God's power over the universe and death the very instrument of Roman control then the Christ believer is encouraged to face suffering and death in the hope of salvation through this power. Paul's theology emerges from and is inextricably bound to the politics of his day the Scriptures of his people and to the critical fact that the God who is One and Lord of all is still in charge of the world.

Paul's Letters and Contemporary Greco-Roman Literature Paul Robertson, 2016-05-23 In this volume Paul Robertson re-describes the form of the apostle Paul's letters in a manner that facilitates transparent empirical comparison with texts not typically treated by biblical scholars. Paul's letters are best described by a set of literary characteristics shared by certain Greco-Roman texts particularly those of Epictetus and Philodemus. Paul Robertson theorizes a new taxonomy of Greco-Roman literature that groups Paul's letters together with certain Greco-Roman ethical philosophical texts written at a roughly contemporary time in the ancient Mediterranean. This particular grouping termed a socio-literary sphere is defined by the shared form, content and social purpose of its constituent texts as well as certain general similarities between their texts/authors.

The Rhetoric of Romans Neil Elliott, 2006-12-01 In *The Rhetoric of Romans* Neil Elliott presents a rhetorical critical reading of the letter that indicates that Paul wrote not to counter Jewish opponents or aspects of the Jewish religion nor to legitimize the law-free gentile church but to warn against elements of the Hellenistic church's Christology and an incipient Christian supersessionism that threatened the collection in Jerusalem and the heart of his apostolic work.

New Testament Rhetoric, Second Edition Ben Witherington, Jason A. Myers, 2022-09-28 Witherington and Myers provide a much-needed introduction to the ancient art of persuasion and its use within the various New Testament documents. More than just an exploration of the use of the ancient rhetorical tools and devices, this guide introduces the reader to all that went into convincing an audience about some subject. Witherington and Myers make the case that rhetorical criticism is a more fruitful approach to the NT epistles than the oft-employed approaches of literary and discourse criticism. Familiarity with the art of rhetoric also helps the reader explore non-epistolary genres. In addition to the general introduction to rhetorical criticism, the book guides readers through the many and varied uses of rhetoric in most NT documents, not only telling readers about rhetoric in the NT but showing them the way it was employed. This brief guide book is intended to provide the reader with an entrance into understanding the rhetorical analysis of various parts of the NT, the value such studies bring for understanding what is being proclaimed and defended in the NT, and how Christ is presented in ways that would be considered persuasive in antiquity from the introduction.

On the Writing of New Testament Commentaries Stanley E. Porter, Eckhard J. Schnabel, 2012-09-28 The essays in *On the Writing of New Testament Commentaries* survey relevant questions related to the writing of commentaries on the books of the New Testament. Doing "the Good" in Paul's

Ethical Vision T. Luke Post, 2023-02-28 Despite the longstanding debate surrounding the relationship between faith and good works in the apostle Paul's writings no one to date has undertaken a thorough examination of Paul's use of good terminology in ethical contexts This study seeks to fill this gap by examining Paul's use of and as these terms appear in his undisputed epistles and in 2 Thessalonians Surveying a wide terrain of exegetical territory T Luke Post makes a compelling case that believers doing good is a primary aim of Paul's theological social and ethical agenda From Pentecost to Patmos, 2nd Edition Craig L. Dynamic Oneness Suzanne Nicholson, 2011-08-25 The apostle Paul affirms in several places that there is only one God Yet in the same letters Paul also gives praise to the Lord Jesus Christ often using language similar to his descriptions of God How can this self-avowed Hebrew of Hebrews reconcile these ideas This book explores the strongest one God statements in Paul's undisputed letters and asks how Paul's Jewish monotheistic understanding informs his overall argument These three texts 1 Corinthians 8:6 Galatians 3:20 and Romans 3:30 occur in very different contexts and address different issues By looking at the historical cultural and grammatical contexts of these passages as well as Paul's language about God and Christ elsewhere in these letters Dr Nicholson argues that Paul's understanding of the one God is not static or perfunctory rather it is dynamic and flexible influencing significant aspects of Paul's Gospel message Paul's ethics his view of salvation history and his soteriology are fundamentally shaped by his understanding of the one God of Israel

Romans and the Mission of God Mark J. Keown, 2021-12-23 Romans is a missional document Yet strangely while many recognize the missional aspects of Romans few monographs are totally devoted to unpacking Romans from a missional perspective Romans and the Mission of God does

this very thing Part one explores the background of the letter with an eye to positioning Romans in the story of the mission of God the apostle the Roman world and the early church Part two considers how Romans is a contextually shaped presentation of the gospel A range of other aspects of the way in which Paul shapes his message for the Romans are explored including salvation history metaphors and rhetorical techniques and aspects of the letter including elements opposed to God salvation ideas human response ethics and Christian living and the eschaton Part three delves into issues that arise in Romans that are important for contemporary mission These include such things as the cosmic scope of the mission the gospel as the power of salvation who does evangelism the miraculous social justice ecology social transformation generosity and hospitality God s sovereignty and human volition prayer the State culture Israel apologetics and theological thinking This is a must read for those serious about Paul Romans and God s mission

Reading Romans with Roman Eyes James R. Harrison, 2020-06-22

Paul s letter to the Romans has a long history in Christian dogmatic battles But how might the letter have been heard by an audience in Neronian Rome James R Harrison answers that question through a reader response approach grounded in deep investigations of the material and ideological culture of the city from Augustus to Nero Inscriptional archaeological monumental and numismatic evidence in addition to a breadth of literary material allows him to describe the ideological value system of the Julio Claudian world which would have shaped the perceptions and expectations of Paul s readers Throughout Harrison sets prominent Pauline themes his obligation to Greeks and barbarians newness of life and of creation against the power of death the body of Christ boasting in glory and God s purpose in and for Israel in startling juxtaposition with Roman ideological themes The result is a richer and more complex understanding of the letter s argument and its possible significance for contemporary readers

Paul in the Greco-Roman World: A Handbook J. Paul Sampley, 2016-10-06

The New Chosen People, Revised and Expanded Edition William W. Klein, 2015-11-25

Controversy rages on about God s choosing people for salvation Are only the few elect Rather than typically beginning with the preconceptions of systematic theologies Dr William Klein takes up this question by searching for a biblical

theology of election He surveys the OT contexts of God's choosing individuals prophets priests kings to serve divine purposes and considers God's election of the nation of Israel as his special people This OT study proposes that God's election is both individual and corporate but not always determinative Individuals entered the people of God by birth but not all the people found salvation Faith in Yahweh was required This book traces these elective understandings through the intertestamental literature identifying continuities and shifts The bulk of the study and the heart of the argument focus on the New Testament Klein identifies concepts of election and relationships between writers in the gospels the Lucan material Paul's writings and the rest The new covenant God choosing the church in Christ emphasizes election as corporate while the individual election of Jesus disciples and of Paul raises the question whether such chosenness is necessarily salvific In closing Klein discusses the most engaging and divisive questions around God's election and offers a real challenge to today's church
