Galler,2024-01-29 What if the majority of society simultaneously withdrew their cash and investments globally and stopped working to collapse imperialist insanity This would actually force the much needed attention and urgency to decide what we could become next At some point we have to evolve as a species Should we still insist on the current chaos that we can t seem to escape we could all return to as it was Financial imperialism and religion can t be the best that self aware humans can possibly filter He asks why be so blatantly mediocre Instead of letting our current limitations go author John W Galler has decided to delve into them with unapologetic force To help us understand what could be beyond he expands to an exploration of our values and the correlation between quantum physics and meditation Nothing but our immediate actions can truly initiate personal and global change So Unfinished is for anyone who knows that their internal world and the world at large needs a hard reset Impure Victoria Stanton,Vincent Tinguely,2001
