Generation Multiplex Timothy Shary, 2009-01-27 When teenagers began hanging out at the mall in the early 1980s the movies followed Multiplex theaters offered teens a wide array of perspectives on the coming of age experience as well as an escape into the alternative worlds of science fiction and horror Youth films remained a popular and profitable genre through the 1990s offering teens a place to reflect on their evolving identities from adolescence to adulthood while

simultaneously shaping and maintaining those identities Drawing examples from hundreds of popular and lesser known youth themed films Timothy Shary here offers a comprehensive examination of the representation of teenagers in American cinema in the 1980s and 1990s He focuses on five subgenres school delinquency horror science and romance sexuality to explore how they represent teens and their concerns how these representations change over time and how youth movies both mirror and shape societal expectations and fears about teen identities and roles He concludes that while some teen films continue to exploit various notions of youth sexuality and violence most teen films of the past generation have shown an increasing diversity of adolescent experiences and have been sympathetic to the particular challenges that teens face Conversations with Steve Erickson Matthew Luter, Mike Miley, 2021-06-28 Much like his novels Steve Erickson b 1950 exists on the periphery of our perception a shadow figure lurking on the margins threatening to break through but never fully emerging Despite receiving prestigious honors Erickson has remained a subterranean literary figure receiving effusive praise from his fans befuddled or cautious assessments from reviewers and scant scholarly attention Erickson s obscurity comes in part from the difficulty of categorizing his work within current trends in fiction and in part from the wide variety of concerns that populate his writing literature music film politics history time and his fascination with his home city of Los Angeles His dream fueled blend of European modernism American pulp and paranoid late century postmodernism makes him essential to an appreciation of the last forty years of American fiction but difficult to classify neatly within that same realm He is at once thoroughly of his time and distinctly outside it In these twenty four interviews Erickson clarifies how his aesthetic and political visions are inextricable from each other He diagnoses the American condition since World War II only to reveal that America s triumphs and failures have been consistent since its inception and that he presciently described decades ago certain features of our present Additionally the interviews expose the remarkable consistency of Erickson s vision over time while simultaneously capturing the new threads that appear in his later fiction as they emerge in his thought Conversations with Steve Erickson will deepen readers understanding of how Erickson s books work and why this utterly singular writer deserves greater attention Seagalogy Vern, 2012-04-03 Vern the self styled outlaw film critic is described by Hellboy director Guillermo Del Toro as equal parts Hell s Angels and Pauline Kael a national treasure Now Vern unleashes his magnum opus an in depth study of the world s only aikido instructor turned movie star director writer blues guitarist energy drink inventor the ass kicking auteur Steven Seagal A book that ll shake the very foundations of film criticism break their wrists and then throw them through a window Spinegrinder Clive Davies, 2015-03-06 First came video and more recently high definition home entertainment through to the internet with its streaming videos and not strictly legal peer to peer capabilities With so many sources available today s fan of horror and exploitation movies isn t necessarily educated on paths well trodden Universal classics 1950s monster movies Hammer as once they were They may not even be born and bred on DAWN OF THE DEAD In fact anyone with a bit of technical savvy quickly becoming second nature for the born clicking
