Poisoning For Profit:

Poisoning for Profit Alan A. Block, Frank R. Scarpitti, 1985 **Poison for Profit** Mac McKinnon, 1993-06-01 A case history on greed and what one man went through in his pursuit of success It's not your usual profile of a serial killer as Timothy Glen Scroggin was loved and what he did was not for fun like other serial killers in the past few decades It was purely cold hearted and from all indications was fueled by greed in a relentless passion and pursuit of success

Commercial Fertilizer and Plant Food Industry, 1924 **Libel** United States. Congress. House. Committee on the Judiciary. Subcommittee on Civil and Constitutional Rights, 1990 **The Upperworld and the Underworld** Robert J. Kelly, 2012-12-06 From Damon Runyan's colorful tough guys in black shirts and white ties to recent media coverage of John Gotti the dapper don public depictions of racketeers in the United States have drawn attention away from the true nature of organized crime and its extensive penetrations into mainstream business The Upperworld and the Underworld Case Studies of Racketeering and Business Infiltrations in the United States strips away the romantic patina and reveals the significant impact of racketeering on vital segments of American industry In this informative study Robert Kelly explores two fundamental questions Why is organized crime a serious problem in some businesses and industries and not in others and What are the consequences of racketeering activities for labor organizations and businesses tainted by a criminal presence He examines the blurred demarcation between the legitimate and illegitimate sectors of society and explains the reasons for this occurrence In the process Kelly provides a distinct vantage point for understanding organized crime not just as an outlaw fringe preying on society but as a disturbingly integral element of our social and economic structure Moreover he confirms a widely held thesis that organized crime is not merely parasitic but an institutional component of American society The Upperworld and the Underworld affords a fascinating view of the current state of organized crime in the United States and the rise of nontraditional criminal organizations in new immigrant communities The volume is an essential resource for students and scholars concerned with issues of crime and its effects on the economy Circular - South Carolina Agricultural Experiment Station South Carolina Agricultural Experiment Station, 1913 *Economic Entomology*, 1909

Corporate Crime Under Attack Francis T. Cullen, Gray Cavender, William J. Maakestad, Michael L. Benson, 2014-09-25 In exploring the criminalization of corporations this book uses the landmark Ford Pinto case as a centerpiece for exploring corporate violence and the long effort to bring such harm within the reach of the criminal law Corporations that illegally endanger human life now must negotiate the surveillance of government regulators and risk civil suits from injured parties seeking financial compensation They also may be charged with criminal offenses and their officials sent to prison
