Poles And Saxons Of The Napoleonic Wars:

The Poles and Saxons During the Napoleonic Wars George F. Nafziger, Mariusz T. Wesolowski, Tom Devoe, 1991 A complete and thorough study of the Poles and Saxons during the wars of Napoleon including the organization uniforms and battlefield accounts From the desperate actions of a handful of Poles defending a Spanish fortress to vast armies facing off to determine the fate of Europe this lavishly illustrated work is researched from sources previously unavailable to any but the most ardent historian

Armies of the Napoleonic Wars Gregory Fremont-Barnes, 2011-02-07 This authoritative military reference provides detailed analysis of the various armed forces that fought in the Napoleonic Wars The Napoleonic Wars were some of the most devastating and consequential in modern European history Yet for all the attention paid to these dramatic conflicts little focus is given to the composition organization and fighting efficiency of the armies who fought them Each force tends to be examined in isolation either in the context of an individual battle or as the instrument of a single commander Rarely have these armies been studied together in a single volume as they are in this fascinating reassessment edited by Gregory Fremont Barnes Leading experts on the Napoleonic Wars have been specially commissioned to produce an in depth analysis of a specific army The result is a vivid comparative portrait of ten of the most significant armies of the period and of military service and warfare in the early nineteenth century The volume covers the armies of Austria Britain the Confederation of the Rhine the Duchy of Warsaw France the Kingdom of Italy Portugal Prussia Russia and Spain

Artillery of the Napoleonic Wars, 1792-1815 Kevin F. Kiley, 2004-01-06 An extensive look at the large caliber guns of the Napoleonic period the battles in which they were used and the important figures in those conflicts In this heavily researched study Kevin Kiley examines Napoleon s own artillery as well as that employed by his enemies and he evaluates the gunners contribution to warfare in the period By looking at particular battles in detail Kevin Kiley shows just how the effective employment of artillery could tip the scales of victory Artillery of the Napoleonic Wars reveals much of the technical aspects of gunnery during the period how guns were placed their range what calibers were preferred how artillery operates It examines French artillery including that of the Imperial Guard and compares it to that of Britain Russia and Austria it also looks at many of the personalities involved and the difference between good gunnery and mediocre artillery Illustrated with beautiful line drawings and rare contemporary plates this unique book reveals a whole new dimension to the Napoleonic period Based on years of research into regulations of the period eyewitness accounts of artillerymen and material culled from official reports this is a definitive account This must undoubtedly become the standard work for anyone interested in the artillery of the period Waterloo Journal

Historical Dictionary of the Napoleonic Era George F. Nafziger, 2001-12-11 The author covers one of the most explosive and most exciting periods of world history spanning the time from the eruption of the French Revolution through the end of the Napoleonic wars 1789 1815 These twenty six years of history saw the birth of nationalism and Western democracy economic crisis and political convulsion the growth of industrialism the death of ancient

traditions and the birth and break up of empire It was the time of Napoleon who gave his name to this period of tremendous change the period in which the roots of modern Europe were planted This work is intended as a broad review devoting a majority of its attention to the military and political events and personalities of the period while also surveying the major artistic social and cultural events and personalities that formed this period Napoleon's Defeat of the Habsburgs Volume III John H. Gill,2010-06-15 A very impressive piece of work and it is unlikely to be surpassed for many years A very valuable guide to Napoleon s last great victory HistoryOfWar org With this third volume John Gill brings to a close his magisterial study of the war between Napoleonic France and Habsburg Austria The account begins with both armies recuperating on the banks of the Danube As they rest important action was taking place elsewhere Eugene won a crucial victory over Johann on the anniversary of Marengo Prince Poniatowski s Poles outflanked another Austrian archduke along the Vistula and Marmont drove an Austrian force out of Dalmatia to join Napoleon at Vienna These campaigns set the stage for the titanic Battle of Wagram Second only in scale to the slaughter at Leipzig in 1813 Wagram saw more than 320 000 men and 900 guns locked in two days of fury that ended with an Austrian retreat The defeat however was not complete Napoleon had to force another engagement before Charles would accept a ceasefire The battle of Znaim its true importance often not acknowledged brought an extended armistice that ended with a peace treaty signed in Vienna Gill uses an impressive array of sources in an engaging narrative covering both the politics of emperors and the privations and hardship common soldiers suffered in battle Enriched with unique illustrations forty maps and extraordinary order of battle detail this work concludes an unrivalled English language study of Napoleon s last victory Sheds new light on well known stages in the battle he has covered more than just an epochal battle in a magnificent book that will satisfy the most avid enthusiasts of Napoleonic era military history Foundation Napoleon *The Diffusion of Military Technology and Ideas* Emily O. Goldman,Leslie C. Eliason,2003 Antologi Sikkerhedspolitiske forskere giver deres vurdering af flgerne af informationsalderens opgr med hidtidig kendt v benteknologi og doktriner i forbindelse med den globale spredning af know how p omr det Napoleon and the World War of 1813 J.P. Riley,2013-09-05 This analysis of the world war between Napoleon and the 6th coalition in 1813 covers operations in Europe Spain and North America It examines the differences between alliances and coalitions comparing the long term international relationships in alliances and the short term union of coalitions *Napoleon's Mercenaries* Guy Dempsey,2016-02-29 This superb and comprehensive book details the foreign units which formed such an important part of Napoleon s forces It examines each non French unit in turn giving an overview of the unit s origins its organizational and combat history its uniforms and standards and details of the unit s eventual fate Colourful accounts taken from contemporary reports and memoirs emphasize the qualities of the unit and throw light on what life was like for many of the foreign soldiers recruited into the Grande Arm e In total more than 100 different foreign units that served in the French Army are investigated in detail in this ambitious publication Some foreign units fought and flourished throughout the Consulate and

Empire whilst others lasted for just a few months Covers Polish German Swiss Italian Spanish and other units in the French Army and presents a combat history and details uniforms for each regiment Napoleon's Mercenaries is the best single volume study of this aspect of Napoleon's army and a vital reference for every Napoleonic enthusiast Little can be found on the foreign units that were an integral part of the French army For a long time a gap has existed but now Napoleon's Mercenaries fills this gap Robert Burnham Napoleonic Series *Germany at War* David T. Zabecki, 2014-10-28 Written by experts for use by nonexperts this monumental work probes Germany's Genius for War and the unmistakable pattern of tactical and operational innovation and excellence evident throughout the nation's military history Despite having the best military forces in the world some of the most advanced weapons available and unparalleled tactical proficiency Germany still lost both World Wars This landmark four volume encyclopedia explores how and why that happened at the same time examining Germany as a military power from the start of the Thirty Years War in 1618 to the present day Coverage includes the Federal Republic of Germany its predecessor states and the kingdoms and principalities that combined to form Imperial Germany in 1871 The Seven Years War is discussed as are the Napoleonic Wars the Wars of German Unification including the Franco Prussian War World War I World War II and the Cold War In all more than 1 000 entries illuminate battles organizations leaders armies weapons and other aspects of war and military life The most comprehensive overview of German military history ever to appear in English this work will enable students and others interested in military history to better understand the sociopolitical history of Germany the complex role conflict has played in the nation throughout its history and why Germany continues to be an important player on the European continent **Air University Library Index to Military Periodicals**, 1992
