Solidarity and the New Poland

JACQUELINE HAYDEN

Poles Apart Solidarity And The New Poland

Jacqueline Hayden

Poles Apart Solidarity And The New Poland:

Poles Apart Cb Jacqueline Hayden, 2012-10-12 First published in 1994 In *Poles Apart* the author is trying to tell the story of Poland's democratic transition through the personal stories of the men and women that she first met in 1980 She hopes that by focusing on the experience of some of the key players she can expose aspects of the complex arguments surrounding controversial issues such as the imposition of martial law in 1981 the Round Table agreement between Solidarity and the Communist Party which resulted in the first semi free election in 1989 as well as examine the factors which precipitated the defeat of the post Solidarity parties in the September 1993 election *Poles Apart Pb: Solidarity and The New Poland*

Jacqueline Hayden, 2020 **Poles Apart** Jacqueline Hayden, 2018-10-24 First published in 1994 This book offers the reader a first hand account of the people who have been central to Poland's transformation since the early 1980s With interviews of main actors Lech Walesa Wojciech Jaruzelski and leaders of Solidarity Also observed and covered are the Gdansk shipyard strikes martial law a move towards democracy from Communism and the Round Table talks of 1989 Repression and Resistance in Communist Europe Jason Sharman, 2004-06 This book explores the role of coercion in the relationship between the citizens and regimes of communist Eastern Europe Looking in detail at Soviet collectivisation in 1928-34 the Hungarian Uprising of 1956 and the Polish Solidarity Movement of 1980-84 it shows how the system excluded channels to enable popular grievances to be translated into collective opposition how this lessened the amount of popular protest affected the nature of such protest as did occur and entrenched the dominance of state over society *Solidarity's Secret* Shana Penn, 2005 Drawing on a decade of interviews Penn Union Theological Center in Berkeley California pieces together the huge largely unstudied contributions of the Polish women whose pro democracy work was obscured by the more public successes of their male counterparts While prominent men like Lech Walesa were underground or in jail during the 1980s mart

God's Playground A History of Poland Norman Davies, 2005-02-24 This new edition of Norman Davies's classic study of the history of Poland has been revised and fully updated with two new chapters to bring the story to the end of the twentieth century The writing of Polish history like Poland itself has frequently fallen prey to interested parties Professor Norman Davies adopts a sceptical stance towards all existing interpretations and attempts to bring a strong dose of common sense to his theme He presents the most comprehensive survey in English of this frequently maligned and usually misunderstood country The Collapse of Communist Power in Poland Jacqueline Hayden, 2006-03-23 Based on extensive original research including interviews with key participants this book investigates the sudden and unforeseen collapse of communist power in Poland in 1989 It sets out the sequence of events and examines the strategies of the various political groupings prior to the partially free election of June 1989 This volume argues that the specific negotiating strategies adopted by the communist party representatives in the Round Table discussions before the elections was a key factor in communism's collapse The book shows that on many occasions PZPR decision makers ignored expert advice and many Round Table

bargains went against the party's best interests Using in depth interviews with major party players including General Jaruzelski General Kiszczak and Mieczyslaw Rakowski as well as Solidarity advisors such as Adam Michnik the text provides a unique source of first hand accounts of Poland's revolutionary drama Elites and Identities in Post-Soviet Space David Lane,2013-09-13 The dissolution of the communist system led to the creation of new states and the formation of new concepts of citizenship in the post Soviet states of Central and Eastern Europe The formation of national identity also occurred in the context of the process of increasing economic and political globalisation particularly the widening of the European Union to include the central European post socialist and Baltic States Internationally Russia sought to establish a new identity either as a European or as a Eurasian society and had to accommodate the interests of a wider Russian Diaspora in the near abroad This book addresses how domestic elites regional political and economic influenced the formation of national identities and the ways in which citizenship has been defined A second component considers the external dimensions the ways in which foreign elites influenced either directly or indirectly the concept of identity and the interaction with internal elites The essays consider the role of the European Union in attempting to form a European identity Moreover the growing internationalisation of economies privatisation monetary harmonisation dependence on trade also had effects on the kind of national identity sought by the new nation states as well as the defining by them of the other The collection focuses on the interrelations between social identity state and citizenship formation and the role of elites in defining the content of concepts in different post communist societies This book was originally published as a special issue of Europe Asia Studies

Popular Opinion in Totalitarian Regimes Paul Corner,2009-10-01 Fascism Nazism and Communism dominated the history of much of the twentieth century yet comparatively little attention has focused on popular reactions to the regimes that sprang from these ideologies Popular Opinion in Totalitarian Regimes is the first volume to investigate popular reactions to totalitarian rule in the Soviet Union Fascist Italy Nazi Germany and the communist regimes in Poland and East Germany after 1945 The contributions written by internationally acknowledged experts in their fields move beyond the rather static vision provided by traditional themes of consent and coercion to construct a more nuanced picture of everyday life in the various regimes The book provides many new insights into the ways totalitarian regimes functioned and the reasons for their decline encouraging comparisons between the different regimes and stimulating re evaluation of long established positions

A Concise History of Poland Jerzy Lukowski,Hubert Zawadzki,2019-01-24 This new edition has been fully updated to reflect recent developments within Poland Eastern Europe and the wider world

Getting the books **Poles Apart Solidarity And The New Poland** now is not type of challenging means.
