"The 1970's might be the decade when the police decide to have their own revolution . . . policemen in this country, who number 450,000 in 40,000 separate agencies, are confronted with the nasty reality that while protecting the public their pay is 33% less than is needed to sustain a family of four in moderate circumstances in a large city.

SNI Documents National Criminal Justice Reference Service (U.S.), 1978 *Library Book Catalog* National Institute of Law Enforcement and Criminal Justice. Office of Technology Transfer, 1972 **Library Book Catalog** United States. Department of Justice, 1972 **Days of Violence** Gavin Brown, 2009-07-27 Days of Violence The 1923 police strike in Melbourne The police strike of 1923 resulted in a weekend orgy of destruction Three persons were killed and property valued at hundreds of thousands of pounds destroyed in the Melbourne central business district The strike resulted from a breakdown in communication between an inept Chief Commissioner and a manipulative constable determined to be as vindictive as possible It sucked in the Government and the Police Association Its most immediate cause was a system of supervision by senior constables in plain clothes which the men bitterly resented The other major factors leading to the strike were the abolition of police pensions in 1906 the very poor standards of pay and conditions when compared with the New South Wales police and the revolting barrack accommodation in which single men resided First warning of impending disaster occurred on a Wednesday night shift when twenty nine men refused to parade at Russell Street The Chief Commissioner was summoned and the men walked to their beats two hours later After discussion between the parties the same group refused to parade and the Chief Commissioner directed their discharge and the dismissal of two men whom he believed to be their ring leaders The manner in which other men were confronted eventually led to almost one third of uniformed constables joining the strikers Unfortunately for these men rioting in the city turned a skirmish into an all out war in which the Government and the Chief Commissioner very early in the event determined to take no prisoners Although the Government immediately met virtually all the strikers demands none was reinstated in the Force Brinkmanship is a feature of police industrial relations in the last years of this millennium Days of Violence contains powerful lessons for all parties the Government the police administration the police associations and the members Gavin Brown and Robert Haldane have produced an engrossing and detailed account of a neglected period in Melbourne s history when the security of the community was threatened by the withdrawal of labour by its guardians in the only strike by police in Australia s history

Democratic Policing in a Changing World Peter K. Manning, 2015-11-17 Democratic policing today is a widely used approach to policing not only in Western societies but increasingly around the world Yet it is rarely defined and it is little

understood by the public and even by many of its practitioners Peter K Manning draws on political philosophy sociology and criminal justice to develop a widely applicable fundamental conception of democratic policing In the process he delineates today s relationship between democracy and policing Democratic Policing in a Changing World documents the failure of police reform showing that each new approach such as crime mapping and hot spots policing fails to alter any fundamental practice and has in fact increased social inequalities He offers a new and better approach for scholars policy makers police governments and societies
